About my trip to Germany... as expected, I did not get a "Boobie Cake" for my birthday... Anyway... I arrived back in South Florida just in time to attend the Ketlics MC Pardee Hardee 6 event which was held at Vixen's in Davie on September 25th. Lots of boobies were to be seen that afternoon. This was the first time I have entered this establishment and I must admit this is a very nice Gentlemen's Club. I arrived early in order to take the traditional group picture. The parking lot filled up with bikes in a hurry. It was very hot that day and the majority of the attendees

spent the afternoon inside. There was a lot of talent on stage demonstrating their skills on the floor and also on the pole. Taco Dave was able to negotiate incredible drink prices which are unheard of for a strip club. I am pretty sure that the rest of the bikers enjoyed the drink specials and the entertainment provided as much as I did. On behalf of Beacon and his men I want to thank everybody that came out that afternoon.

On Sunday (10/02) I rode over to the Mystic 7 MC's clubhouse in Pompano. This was the second time that I had the pleasure of being

there. These guys had put a tremendous amount of time and money in to making this an awesome club house. There was plenty of parking. I really like the inside of the club-house and the area in the backyard which also has an outside bar & men's room. In addition to that, another watering station was strategically located up front. Consequently, nobody had to wait long for their drinks which, I might

add, were ice cold. A food truck and an ice cream truck were on site. The food that was served was amazing. Hired Gunz entertained the crowd and as usual they kicked ass. The highlight of the afternoon (at least in my books) was when Cindy Kosor's friend, Joanie Howardm sang the National Anthem. Everybody present faced the Stars & Stripes that the business across the street so proudly displayed. This

was another great event that was not missed by many, judging by the great turnout.

On Saturday

(10/08) I made a showing at the New Attitude MC's Annual which was held at Firehouse Sub's in Davie. I arrived late due to the fact that I had to work that afternoon. A sizeable crowd had also shown up for their event. I did not get to eat a sandwich as my wife was waiting for me at home with a very nice dinner.

The following day (10/09) my wife and I went for a ride. This was long overdue. We had not ridden together in such a long time.

We ended up at the Hooters at the Hard Rock in Hollywood.

It was a very nice afternoon with a slight breeze. Sitting outside having lunch was very relaxing. On our way home we stopped

## Around So Fla

by Miami Mike, Publisher  
MiamiMike@wheelsontheroad.com

It's almost done... this fuckin', weird, nasty fight to become the first U.S. President that EVERY-ONE can't stand... hate might be too strong but maybe not. And wanting to be President can't have anything to do with the pay... unless you do what the Clinton's do and trade cash for the "ear" of the President... and that does not come cheap. Why else would any person or corporation pay \$250,000 (or a lot more) to hear a 10 minute speech from Bill or Hillary? What could they possibly say that would command that amount of money? These people and businesses already have more money than they could ever spend in multiple lifetimes. But of course "greed" is a trait for these types of people and everything is never enough. So they Pay to Play and Pray that they don't get Trumped, and they pray they will not go to jail once the FBI gets some balls and nabs each and every one of these "traitors"... especially the Clinton's and their bogus Cash Cow Foundation. We will know, approximately a week from now (Oct 30th) if Hillary & Bill & Chelsea will be taking a one way private jet to Saudi-Arabia and wait for Obama or Trump to pardon their sorry asses... or will we have a major problem in this country if she steals the election, by hook or Soros...

I said in the Oct. issue that I will be printing a few "interesting" photos from the Keltics MC Ride Em' Hard party since I had no time or space for more pics, also look at Axman's article. I wish I

at VFW Post 1966 in Ft. Lauderdale where Freddy & Chrissy, of A1 Promotions Group, held their 5th Anniversary Party and Fundraiser, which benefitted the Joe DiMaggio Children's Hospital, VFW Post 1966 and 100+ Abandoned Dogs Rescue. Only Freddy & Chrissy can pull off an event like this, lining up 13 bands on the inside and outside stages. I have no idea where Freddy finds these bands? All of them are superb musicians who

understand how to catch the attention of a crowd. It was a family and kid friendly event featuring a Kid Zone, lots of local artists, food & merchant vendors, including live Pro Wrestling matches. I was looking forward to watching some of the wrestling action. I have attended a couple of these wrestling events (at Dirty White Boys MC's club house and Florida 595 Truck Stop) before. It is fun to watch. Lee Jordan always takes no prisoners. Unfortunately, we did not get to see any of the fights as the next match was still about 45 minutes away and we had to leave. Gabe, the Attorney that Rides, had his acrobatic team of helpers manning his booth and handing out free promotional stuff. The Wings of Gold MC displayed the bike and the trailer that I hope to win at this year's Toys in Sun Run. My wife and I bought a couple of tickets, including the winning one? But this should not stop you from buying plenty of raffle tickets. Remember, it is all for a good cause and ALL the

money is donated... not just a portion.

Coming back to the A1 Promotions Group's Anniversary and Fundraiser... it was a huge success as far as the attendance was concerned... financially, not so much. I noticed that a lot of people walking around that were not sporting a wristband. Come on guys, give me a break! It is too much to ask for a \$3.00 cover per adult for all the entertainment that was provided to you? This is especially frustrating to see after all that Freddy & Chrissy have done for our community. (I would not blame them if they stop putting these events on.) \

# SFPC NOW!

by "Tattoo Dave" Amchir

TattooDaveWog@aol.com

National President:

Wings of Gold MC

Chief Director:

SFPC Toys in the Sun Run

In Memory of  
Bob Amchir

I hope everyone who attended Biketoberfest in Daytona, Oct 14th-16th, had a good time despite the fact that many hotels were still closed due to Hurricane Matthew the week before. I hope for a speedy recovery for all our Brothers and Sisters in St. Augustine and Jacksonville during their cleanup in the aftermath of Matthew.

With the 29th Annual Toys in the Sun Run just over a month away the preparations are in full swing to make another great event for everyone. Our main

headliner is Dee Snider, lead singer of "Twisted Sister"! He will be performing on the main stage as well as national recording artist, Jasmine Cain, who recently played at the Der Krieger MC Annual at Cagneys. While a sea of bikers wait for the start of the parade, Hired Gunz will be performing on the Mardi Gras Casino outside stage. On the main and east stages at Markham Park these great local bands will also be playing all day: Soulcide, Mr. Nice Guy, Lite Em Up, the Flyers, Sucker Punch, Ramadee plus others TBA.

Dee Snider will be a co-Grand Marshal along with the famous chopper builder, Billy Lane, joining our Grand Marshal, BSO Sheriff Scott Israel who will once again lead us from the casino to Markham Park. The parade leaves at 9:20AM. You can arrive as early as 6AM to begin lining up for the parade. There will be beverages and food including coffee to purchase. If you wish to become a VIP rider please visit our website: ToysInTheSunRun.com. The cost is \$100 for a single rider and \$150 a couple. The VIP gets you to ride towards the front of the pack, breakfast at the casino and a goody bag. Once you arrive at Markham Park you get VIP parking inside the fenced area next to the VIP tent where you will be treated to an all-you-can eat gourmet buffet catered by Duffy's Sports Bar & Grill. You also can drink all the soda, water and beer you can consume. And included in your goody bag will be an official Toys in the Sun run t-shirt of the size you chose. You are asked to bring a new unwrapped toy for a child, from a baby to 16 years old... boys or girls. And for everyone else... the cost of the event will be the same as last year: \$10 per person plus a NEW unwrapped toy. If you don't bring a toy you will have to pay \$20 at the park. Kids under 12 are free.

Budweiser is our sponsoring beer this year. There will be numerous ATM's available onsite. We have an International Food Court featuring some of South Florida's finest gourmet food trucks. There will be plenty of attractions featuring activities for kids, along with many vendors selling way cool merchandise. There will be a car and bike show hosted by the "Cruisers of South Florida". To enter the show visit their website or call Steve at 561-620-2121. If you are planning on not riding in the parade you need to ride straight to Markham Park and get there before I-95, I-955 and 136 Ave is closed. That could be as early as 10AM. Besides the \$10 and a new toy, you will have to pay the regular park entrance fee: \$1.50 per person (ages 6 and up). The parade leaders, with police escorts, should arrive at the park by 10:15AM-10:30AM and it could take as long as 21/2-3 hours for the end of the parade. So get there early and find your spot to catch all the excitement and kick-off the festivities! (By the way... you are encouraged to dress up your bike and yourselves in the holiday spirit)

As per Broward county regulations, DRONES ARE NOT ALLOWED TO FLY OVER CROWDS AT ANY BROWARD PARK. Don't try and push your luck trying to fly one because you can lose your drone and receive a hefty fine. If you are interested in camping out at the park call

954-357-8868 and mention the toy run. Also, no coolers or food will be allowed into the event. You will be able to purchase everything at the event so don't be a cheapskate. No dogs, cats, snakes, gophers, turtles, monkey's or any other critters are allowed except for Service Animals. See the flyer in this issue and remember... do not bring Stuffed Animals, many kids have allergies to these toys.

There are a few SFPC MC events this month. Starting off with the Heathens MC Annual on Nov 5th at Gilberts resort in Key Largo. The USMV MC Ch 1 Annual on Nov 12th at the Sports Barn in Davie. The Leathernecks MC Annual on the 19th at their clubhouse in Oakland Park and the Alternative MC Ft. Laud chapter's Annual on Nov 27th at their clubhouse in Oakland Park. There are some flyers in this issue that have additional information pertaining to these and other biker events. Every SFPC MC and organization appreciate your continued support.

**Are Enormous  
Speaking Fees and  
Huge Donations  
Really Camouflaged  
Bribes?**

We all know that taking money by a politician or a government official from someone in order to get a favorable government action, is a felony and is called a bribe. Well, suppose the payment of money is in the form of an enormous speaking fee to a spouse or a generous donation to a certain charitable foundation that a particular politician or government official runs or has an interest in, should that be considered a bribe or a "quid pro quo"? Does that sound like a situation that the Clinton's are involved in?

Suppose Hillary Clinton is elected president, how would she be able to deal with foreign countries, foreign leaders or oligarchs that have contributed millions of dollars to her spouse, Bill Clinton, and to the Clinton Foundation? Do you think that those countries that have donated millions of dollars to Bill Clinton (and Hillary Clinton after her stint as Secretary of State), and the Clinton Foundation, did so out of the goodness of their hearts or do you think they expected something positive in return for their largess? Is the Pope Catholic? Of course.

If you think about this unholy alliance between donor and donee, many of whom are banned by law from donating to a politician or government official directly, could this be called a clever dodge of the law by circumventing the law already on the books? By paying a large speaking fee to a spouse or donating a huge sum to a charitable foundation that is operated by the politician or government official, and then getting special favors, could that be called a bribe? Any astute and fair minded person would say that this just doesn't smell right.

Both Bill and Hillary Clinton, over the past 15 years have gone from being broke (which they claimed they were in 2001) to now be worth over \$180 million. In addition, the Clinton Foundation is estimated to have around \$2 billion in working capital, of which it has been estimated that the Foundation donates about 10% to charities in the U.S. and around the world. How did they make all that money, did they start a successful business, did they sell a product or idea, or did they inherit all those

millions of dollars? The answer, of course, is that they sold "access" to the government which they had ties to and money to spend. Many people have claimed that the Clinton Foundation is just a Bill and Hillary "slush fund" used to pay big salaries to cronies, to pay for travel around the world, and a host of other non-charitable expenses... while the Clinton's

have claimed a million dollar charitable donation to the Clinton Foundation on their income tax return. That's like taking money out of one pocket and putting it into the other pocket.

Could you believe that anyone, who is so well connected in policy positions within the government (or being an ex-president as Bill Clinton is) would be worth from \$200,000 to \$800,000 for a 30 minute speech to various companies and countries within and outside of the United States? What words of wisdom could they possibly have to tell these companies and countries other than deal with me and something good will happen to you. Shouldn't that be called a bribe or a "quid pro quo"? You make the call. Chuck

# The Times We Live In

By: Charley\_Blkwolf@aol.com

This is the most important election you are ever likely to vote in. Whether or not you think Trump is an asshole here's reality: Selection of Supreme Court Justices will occur in the upcoming administration. If Hillary is elected, as a fu#king minimum... your right to legally own a weapon (not just a gun... but any weapon) will be compromised. So ya won't "legally" be able to protect yourself, your home or your family. Another "reality" the election is not so much about Trump... it's about saving our country. Trump just provides opportunity to get rid of these

corrupt, institutionalized pieces of shit that have gotten us into this fu#king mess without America having to incur riot, mayhem, and anarchy.

Establishment politicians, have not done the job we elected them to do. As a result we, the People, must now kick their sorry asses down the road... all of them... Democrat and Republican. It's time to vote the incumbents out.

Admittedly, Trump ain't the greatest candidate, and occasionally he does and says some pretty stupid shit, but despite his shortfalls he appears basically honest and his election sends a clear message that the People are fu#king fed up, we are going to hold these political hacks accountable and going forward if you don't do your fu#king job we are going to throw you out! INCLUDING MR. TRUMP IF HE GETS THERE AND DOESN'T DO THE JOB! And, my Brothers and Sisters, if we don't get it done in this election, like anything that just had its ass spanked... Republican and Democrat Parties are learning organizations and are unlikely to allow another candidate like Trump to ever again be elevated to a position where status quo is threatened and allow the People another chance at kicking their asses out.

Additionally... we DO NOT WANT TO "SAVE" CONGRESS and that would include Speaker Ryan along with the rest of the establishment losers currently scrambling to distance themselves from Trump, thinking it might save their chickenshit jobs. Congress... Democrat and Republican has a 14% APPROVAL RATING!!! That means we need to get rid of all of them, Speaker Ryan, John McCain, Pelosi, Boxer, etc, etc. Do less and we face the same situation the Russians faced in the early twenties where armed revolution was the result and NINE MILLION PEOPLE DIED. You have to wonder if newscasters... like Anderson Cooper, Jake Tapper and Megan Kelly are in touch with the real world. Donald Trump says something vulgar and stupid about women... okay so have most of the men on the fu#king planet, but the country is 20 trillion

dollars in debt, Congress has a 14% approval rating, ISIS is killing people on our streets and in the malls, we are overrun with illegals that shouldn't be here, drugs are running amuck in our society, an inter-city black teenage kid has a better chance of being shot than getting a job, we are bribing countries (Iran) to behave and the media considers what an entertainer celebrity said about women to some low life groupie male 10 years ago as top newsworthy priority and spends something like 27 minutes on that subject and 53 seconds on e-mails that compromised national security and got people killed... And they say, "Who... us? We aren't biased." Fu#king amazing!

Coverage of tabloid type bullshit is far beneath production of quality news. The American public expects and deserves better. This is media spin at its absolute worst and makes Nazi propagandist Joseph Goebbels look like the fu#king Easter Bunny. Obviously, media timing also plays a part in promoting deception and misdirection by attempting to move public attention away from Hillary's corruption, compromise of national security, e-mail scandal, her support of Slick Willie's misbehavior with women, association with the Clinton Foundation's questionable financial dealings (particularly as it involves money from foreign governments), her "pay-for-play" shenanigans while Secretary of State, thieving nearly \$200,000.00 worth of furniture, lamps and "gifts" from State Department offices and the White House, the "unusually" high number (like 56) of close associates that have met untimely ends, including 4 dead guys in Benghazi, the appeasement pay-off deal with the Iranians involving nuclear weapons development, her involvement as a Wall Street puppet (they didn't pay her a

"Quarter of a Million Dollars", or more, per speech because she is going to raise their taxes or screw with their business model's) AND her favorable association and dealings with convicted perverted street creep pedophile Thomas Alfred Taylor in arranging for this sexual predator's release back into the community as part of a prisoner work release program and then laughing about it. There is nothing more deserving of hatred and contempt anywhere in the universe than a pedophile and joking and laughing, as Hillary did, at any point and at any time about something as abhorrent, as the rape of a little 12 year-old girl is akin to laughing about the 9-11 attack on the World Trade Center. Fu#king with kids is just not funny and the "Viking Blood Eagle" (look it up) is an appropriate punishment.

We Americans need to demand better and more responsible coverage by news media and their associated newscasters. They have demonstrated they no longer deserve our trust and we need to demand that those that don't cover news in a quality unbiased way, place emphases on

A HOT NEW NOVEL BY CHARLEY BLACKWOLF

# BLACK SUN WHITE SAND

BY CHARLEY BLACKWOLF

Black Sun - White Sand is a novel that relates how terrorist activity could bring about the downfall of the United States and in doing so describes current social decline, economic inequity, government excess and the general denial by the public that it could ever happen here. The main character tries to tell, but no one will believe him. You see... he's a junkie!

There is also plenty of drugs, sex, violence and nuclear explosions!

sensationalism and tabloid crap and promote a particular agenda, political or otherwise be immediately removed from positions of responsibility. It is truly a sad day when the most trustworthy thing reported is the weather.

Couple of other points: Ahead of schedule, below budget and National Security are concepts unknown to Hillary Clinton. The Iranian nuclear deal is a **BAD** deal. Hillary, Obama and Kerry have demonstrated they are too fu#king stupid to recognize the Iranians are playing us for fools and do not appreciate the associated risk. Climate change / global warming is not based on good scientific method. The bullshit Hillary is putting out is based on opinion, not science. Solar and wind power will not power the grid. They are too thermodynamically inefficient to do so. In regard to chickensh\*\*t Paul Ryan and John McCain: Speaker Ryan is married to Janna Little, a liberal, left wing progressive, anti-Constitutional, big government George Soros supporter. She is a lawyer and a tax specialist who has worked as a lobbyist, representing Blue Cross/Blue Shield, Novartis and Pharmaceutical Research and Manufacturers of America. Kind of explains Paul.

McCain: John was a womanizer... and to drop endorsement based on comments Trump made 10 years ago in male company falls into that stupid fu#kin glass house thing. McCain has been in Washington as long as Hillary and did nothing to prevent these useless, meaningless wars we've been involved in and as a Vietnam Vet he should have fu#kng known better! During his time in Washington, the Veterans Administration and Veterans care has been a mess. Again, he did little or nothing to fix or prevent that. Despite status as a veteran, McCain has been a failure in Washington and should be voted out.

In the world of personalities... Julian Assange: Julian, in my opinion, should be given political asylum in the USA for his patriotic work in revealing the massive corruption associated with the Democratic Party and Hillary Clinton.

Keep in mind, Trump is not running to be Pope. He's running based on demonstrated capability to put a business plan in place that will save our country and it really doesn't make a flying fu#k what he said to his buddies about the size of some gals ass, getting naked on a beach, positions in a limo... or whatever.

Another little tid-bit; if ya didn't know... 91% of Wal-Mart products are made in China and shipped to America on huge container ships like the Emma Maersk, which is the size of an aircraft carrier, holds an incredible 15,000 containers, is operated by 13 guys, does 31 knots and, for the most part, these ships are sent back to China empty. Doesn't say much for our export market. Electing Trump will provide opportunity for development of a realistic business model for rebuilding our manufacturing base and export markets which will put a lot of people back to work.

Also I want to put in a plug for the upcoming Pirates Ball at Gilberts in Key Largo on November 5th, put on by my Brothers... Heathens MC. Great bunch of guys and a good party. Also, by-the-way, the Pirates Ball is the day after my 72nd birthday, so anyone who might like to send a small expensive gift is greatly appreciated... or instead of a gift, a birthday wish would do. Send it to Charley\_Blkwolf@aol.com or by posting to my FaceBook page, or maybe I'll see ya at the Pirates Ball.

And on November 8th... VOTE TRUMP! Kick out the incumbents and drag everybody you know along to do the same. America's future is at stake. America Forever - Forever America,

Keep the rubber side down. Charley Blackwolf

## MY COSTA RICAN RETIREMENT

By Doob: [DoobCR@gmail.com](mailto:DoobCR@gmail.com)

A recent Sunday club ride took us up to a restaurant in the clouds at 6500 feet for breakfast. Afterwards, we stopped for drinks, and lunch at the Monteverde restaurant. This special location has a retractable roof over the patio, bar, and bandstand area. The staff told us the night before over 500 people partied and left a mess inside

and outside the place. No band for us, only taped rock music to drink, eat, and enjoy while we waited for the afternoon rain to show up. Actually we have been lucky for I only used rain gear one time this season so far, and this was the time. On the local S.J. scene the volcano is still popping off now and then. I think the grey powder, ceniza, is killing the roaches. I haven't seen any in a while. Scientist say the powder is partly made of glass particles made from high heated rock in the magna. Very deadly for people with breathing problems.

We still have Hatians and others stranded at our borders looking for coyotes to help them sneak into U.S. thru porous borders. Vote for Sheriff Trump to keep them out.

## "WOBBLE"...

My new favorite word! Last month here on the Treasure Coast we sure dodged a bad one; it was to be a direct hit at a Cat. 4 or possible 5. Very thankful that the Lord found mercy on us and caused Hurricane Matthew to take a slight NE wobble which spared us from certain disaster.

The holidays are approaching and spending time with family and friends is a high priority for most. The moments we share during this time of year often leaves us with fond memories for years to come. It's

during Thanksgiving that we should take the time to reflect on the year and give thanks for all that God has provided. We, as a motorcycle community have lost a lot of brothers and sisters and close friends this year; so how can we give thanks when those we love are no longer riding by our side?

We are not promised tomorrow, so grasp every moment you have and don't be afraid to give those hugs and tell those you are blessed to have in your life, just how much you care. Just this week, I received a face book message from an old friend in Indiana and two days later she passed away.

I know that there is a peace that transcends all understanding for those that know Jesus, Philippians 4:7. The Holy Spirit will give you strength to see you through all circumstances and will bring comfort when you cry out. I know that life's circumstances can seem harsh at times but there is a God that loves us more than we can grasp. I know it can be difficult, we are human and it hurts deeply when that loved one is no longer there. Jesus said in Matthew 5:4 "Blessed are those who mourn, for they shall be comforted." If anybody needs prayer just approach one of the Christian patch holders and we would be glad to pray for you. You may be surprised in how much comfort is found in someone praying for you.

When one turns the handlebars over to Jesus and lets Him guide through the long road of life, the bible will come to life and become your owner's manual. Jesus came to give us a full and abundant life! John 10:1-10 "I assure you, anyone who sneaks over the wall of a sheepfold, rather than going through the gate, must surely be a thief and a robber! For a shepherd enters through the gate. The gatekeeper opens the gate for him, and the sheep hear his voice and come to him. He calls his own sheep by name and leads them out. After he has gathered his own flock, he walks ahead of them, and they follow him because they recognize his voice. They won't follow a stranger; they will run from him because they don't recognize his voice." Those who heard Jesus use

this illustration didn't understand what he meant, so he explained it to them. "I assure you, I am the gate for the sheep," he said. "All others who came before me were thieves and robbers. But the true sheep did not listen to them. Yes, I am the gate. Those who come in through me will be saved. Wherever they go, they will find green pastures. The thief's purpose is to steal and kill and destroy. My purpose is to give life in all its fullness. "New Living Translation

### PUMPKIN PUDDING

1 ¾ lb yellow pumpkins  
 milk to taste  
 2 ½ oz butter  
 4 oz all-purpose flour  
 3 ½ oz honey  
 2 eggs

FOR CARAMEL

Peel the pumpkin and cut it into chunks. Place pumpkin in a pot and cover completely with milk. Cover the pot and bring to a boil. Cook until the pumpkin is soft and ease to pierce with a fork.

When done cooking, let pumpkin cool in the pot. Then puree the pumpkin and the remaining milk in a blender until smooth. In a separate pot, melt the butter and honey, previously diluted with 3 or 4 tbsp hot water. Once the butter and honey have been mixed together, pour them into the pot with the pumpkin puree. Place the pot over low heat and stir while adding the flour.

Stir in the egg yolks, and then the whites, previously whipped into soft peaks, by hand or using an electric whisk. Carefully stir the mixture using a wooden spoon from the bottom up until you have folded in all the egg whites.

Now prepare the caramel to line the tart molds. Pour the sugar into a small saucepan. Add the lemon juice and place the pan over medium heat. Let the sugar melt without mixing it. As soon as it has completely dissolves and has turned golden brown, remove the pan from the heat and pour the caramel into the mold. Tip the mold in all directions so that it is well coated. Pour the pumpkin mixture into the mold, then place it in a 350 oven for 20 to 25 minutes or until the dessert is golden.

When done cooking, remove the tart from the oven and let cool. Turn out onto a serving plate just before serving.

Be sure to pour the caramel into the mold quickly because it hardens in no time. Also, in order to make a tasty caramel, you must be very careful to stop cooking it at just the right moment (when it is a light amber color.) If you remove it from the heat too late, it will become dark and have an unpleasant, bitter flavor.

Have a blessed Thanksgiving. Say a prayer for our troops that fight for

our freedom and cannot be home for the holidays. Also our friends and family that are in prison. May the Lord watch over all of you.

God bless, Dee

striker hit the bell and smashing a car, combined with ice cold drinks, great food and music by Natty Bos, made for a very entertaining afternoon and some nice Kodak moments. I had a very good time, so did everybody else that was present.

On Friday (10/21) I had the honor to capture Cassie Ann Bucci and Michael "Soldner" Miller's (Der Krieger MC) wedding. I took photos of the bride getting ready early in the afternoon. I was also able to take the family photos prior to the actual ceremony which took place at the Monahan Hall in Hollywood. This was a beautiful affair. The Hall was very nicely decorated. The actual ceremony was short and sweet. This was a good thing as the 175 plus guests were ready to party. Mark, from Cagney's House of Rock, did the catering and as usual he and his staff outdid themselves. The DJ was spinning some great tunes

which kept the dance floor packed at all times. It was an awesome party which everybody enjoyed. I went to the after party at the Der Krieger MC's club house which was a blast. I wish you guys all the best for your mutual future. May the two of you always be as happily married as my wife and I have been for the last twenty three years.

On my way home I stopped by Cagney's House of Rock

where Soulicide celebrated their 6th Year Anniversary.

It was standing room only. Soulicide sounded awesome and it felt to me that they would blow off the roof any

minute. I stayed much longer than I had anticipated and at the end I got in trouble for coming home at 3:00 a.m.

On Sunday (10/29) I had the opportunity to take photos of another wedding. John "Lefty" Lefkowitz and Lee Ann "Wildcat" Lewis tied the knot at Chit Chat's in Pompano. It was another great party. Sherry and Pat had decorated the bar very nicely. Also, the food that they prepared was to die for. Everybody devoured it. The bar was packed with family and friends. Soulicide put on an incredible show, considering the circumstances. They were informed, about an hour and half prior to the start of party, that the father of their base player Rik Rawk, had just passed away. Our thoughts

and prayers go out his family. Todd Remington filled his spot on such a short notice. Kent "Bam Bam" Blankenship and everybody in the band was very thankful to Todd for filling in. I wish Lefty & Wildcat all the best for their future.

The following day I rode up to Mickey's Tiki Bar where CMA and SE ABATE held their event. I was very surprised to see that the turnout was very light. I stayed for a couple of cold ones before heading home to finish writing this article.

I had promised A.J. from the Heathens MC that I would attend their Annual this November 5th. I was looking forward to the ride to Gilberts. Unfortunately, I will not be able to attend. My wife's Cousin Anne is getting married to Dan the same day in Gloucester, MA, which is about an hour north of Boston. I am really excited about their up-coming wedding. More importantly, I had always wanted to take Vicky to my former stomping grounds in Boston, where I lived from 1988 to 1991. I just wish Dan and Anne had picked a different time of year to tie the knot. I will tell you about my trip in next month's article.

Until then, ride free & safe! Axman

The Clinton machine and the Clinton's themselves, along with the corrupt media and the "Never Trump" idiots, are grasping at straws. They are throwing shit at the wall to see if anything sticks even for a moment among the asshole voters who can't tell facts from fiction. They are willing to believe anything that upsets their friggin little feelings and might make

them face reality. I say to hell with PC, the Marine Corps did not teach me how to be PC.

I think what bothers me most is they are doing all they can to make mountains out of a nothing event that never happened, even the tape of his "Locker Room Talk" is a non-issue. I've heard men and women make some pretty harsh and vile comments about others and their body parts, some of the worse I've heard came from women. I guess because I wouldn't expect them to use such vile language, but human nature is what it is. Considering what I hear on

the radio, TV and recording today that language is mild by comparison.

Unless y'all want more of the same bullshit as we've had the last eight years then get your asses out and vote for Trump/Pence. Trump wasn't my first choice but he is now the only choice we have to stop killing. The United States is the laughing

stock of the world, no one respects us and no one is afraid of our power any longer because we have nothing but cowards in office. I'm tired of this bullshit!!!

October started out with Hurricane Matthew and boy did we dodge one there. Kathy and I got everything ready for it and was happy that it turned out to sea further west so all we got was a little wind. After that passed I've been working on the house and yard to get Code Enforcement off our ass and that's pretty much taken the rest of the month.

But on October 22nd Kathy, myself and a few friends headed to the Florida Veterans and Bikers for Trump rally. We rode with over a 1000 other vet and bikers to Treasure Coast Harley. All you could see on the road for a couple of miles was bikes and flashes of chrome. This is the

most important election of mine and your lives. This election will decide if the United States of America will survive as it has for the past 240 years or if we become a third world country, which is what

will happen if Clinton is elected. Congressional Candidate Brian Mast was one of the guest speakers, and the father of fallen Seal Team Six Aaron Carson Vaughn was the other. Both of whom I give my utmost respect to and both spoke straight from their hearts. It was an outstanding day to be with all these brothers and sisters.

The next day, October 23rd, found us at Mickey's Tiki Bar for the Biker's for Trump Rally. It wasn't as big as yesterday but the spirit and passion was still the same. Great and passionate speakers. We got to see many friends and brothers/sisters which is always a good thing. We had a great ride down and back with beautiful Florida fall weather. High was in the low 80's. It was another outstanding day to be with brothers and sisters.

On Saturday Oct. 29th, Kathy and I attended the wedding of our good friend's, and "brother & sister", Lee "Wildcat" Lewis and John "Lefty" Lefkowitz. I've known Lee since 2000 and a nicer person you'll never meet. She's ridden with me many times. Lefty's a brother you would want as a friend, nothing he wouldn't do for ya.

Even though we couldn't ride and had to take the cage to Pompano because of the weather the wedding was outstanding. Somewhere between 150 and 200 family, friends and bikers came to Chit Chat's to see Lefty bite the dust. I told him to run but he didn't heed my advice. But seriously... congratulations Lee and Lefty... Kathy and I hope you have nothing but a lifetime of happiness and joy.

Now get out and VOTE Trump on November 8th!!!

On October 2nd I had a great time at the Mystic 7 MC Annual which was held at their clubhouse. The HIRED GUNZ band did a fantastic job keeping everyone entertained, and my friend Joanie Howard awed the crowd with her amazing rendition of the

National Anthem... way to go Joanie!!! (If you're interested in having Joanie sing at an event, just let me know and I'll get the message to her.) The Mystic 7 MC went all out with great food, special Jell-o shots, door prizes and a 50/50. It was a very

ven got to spend time with my very dear and close friend, Bill (Can-Do) Rugg. I don't get to see him or his beautiful wife Jean (Sparrow) as much as I would like since they moved north.

Of course the Mystic 7 MC had a special 2 up admission and when my friends Joanie and Kat rode in together they said they were 2 up. Well, in typical Pervert style he told them prove it by kissing say Pervert was a happy man, and Joanie and Kat got

that they would have to prove it by kissing each other. Needless to say Pervert was a

have witnessed the union of Wildcat and Lefty on October 29th at Chit Chat's in Pompano. Wildcat was breathtakingly beautiful in her stunning, formal wedding gown, and Lefty looked quite handsome in his tux with teal bow tie and vest. The formal wedding party were also dressed in teal. Sherry and Pat Palmer (owners of Chit Chat's) did an amazing job transforming their bar into a wedding ceremony and reception hall. Not a detail was missed and the buffet was extensive and delicious! The staff did a great job keeping the guests happy, and Soulcide was rocking as they kept everyone dancing and entertained. Love, hugs, cheers and happy tears were shared by all.

Later that night I headed over to the Mystic 7 MC's clubhouse for Perv, Angel and Gracie's birthdays (and Halloween party). There was a tasty buffet of meatballs, baked ziti, and salad,

followed by a Birthday cake! Music, dancing, shots, and good cheer kept the clubhouse hopping all night!

## Political Surprise Gift For Trump from the FBI & Broward County!

It was the first cool Sunday with the sun in full force and a slight breeze keeping the bro's cool at Mickey's Tiki Bar, during the Pro-Trump Motorcycle Rally. The speakers were ready with their words to fire up the crowd right after 16 yr old Kate Koptenko, from Weston sang the National Anthem to a standing crowd... nobody kneeling here.

Some in the biker community still planned to vote for Hillary Clinton, but the vast majority were pulling for Trump as they did for Lt. Col. Allen West back in

2010. This Rally took place because concerned people like Beacon, President of the Keltics MC, felt that we should let our voices be heard to do more to help Trump in Broward. Miami Mike, Joe Aruba, Alan Brownfeld (of Mickeys) and myself, "the Attorney that Rides", were tapped to quickly organize a rally. I will get to the gift that Trump was given with the FBI reopening her criminal investigation but read on through the Trump rally event.

If you're going to vote please consider these biker friendly candidates for Judges for Broward County: Group 3: Florence Barner; Group 7: Nina Weatherly DiPietro; Group 14: Bradford Peterson; Group 15: Abbe Rifkin; Group 9: Lea Kraus. (Marco Rubio is a 2nd Amendment Supporter so vote for him)

As to the Court of Appeals and the Supreme Court, **I suggest we start over with new Justices so DO NOT retain them!** Let's get some fresh blood in there.

The media had executed what WikiLeaks had shown in Hillary's Emails, they rigged polls to discourage voter turnout at the start of early voting. Too bad Hillary... we are on to you and we countered you right here in little ol' Pompano Beach. The support was immense with the bossman of the Broward County Republican Party, Robert Sutton, coming to speak saying that our republic will be open for business once Trump is elected.

As we started the rally the sounds of loud pipes filled the air with bikers rolling in on their American Thunder knowing that their brothers depended on them for Trump's support.

The Rally would not have been official without an official Trump representative so I recruited Chuck Kirkpatrick, the head

*Me & Chuck*

Trump honcho for Broward County. He set up a table to sign-up volunteers and then he got up on stage to encourage the folks to work for Trump. He left this really nice woman volunteer that LOVED all the bikers, especially since it was her first time at a biker bar. She

signed up quite a few to make phone calls and get the vote out. If you want to get up off your ass and volunteer for the Trump campaign call Chuck at 954-861-0344 and tell him Gabe sent ya and ya want to work for Trump! Today is Oct 28th and you only have til election day.

There was this hot smart single woman who showed up with her supporters named Andrea Leigh McGee, who is running for Allen West's old seat from the east going into Plantation. She also never went to a biker bar but she fit right in and many of the club members took a liking to her and promising her their votes.

What I do want to shout from the roof tops is the surprise political gift Trump got from the FBI. The head of the FBI found evidence in Democrat Anthony Weiner's emails that indicted Hillary in her old case prompting FBI Director Comey to reopen the criminal investigation into Hillary's investigation. Not only that they found damaging emails to Huma's electronical device linked to Weiner's device. News hit like a nuclear bomb leaving the progressives in shock. Hey... what's good for the goose is good for the gander. Even the cheerleaders in the MSM that have been perverting the poll numbers were coming out in shock asking why now? **Carl Bernstein, who broke the Watergate scandal in the 1970's said for the FBI to reopen the case IT HAS TO BE OVERWELMING**

**INCRIMINATING EVIDENCE THAT CAN NOT BE IGNORED!** I agree and hope she goes to jail!

So things are looking up for the Trumpsters in Broward County after the false brainwashing the media made us endure for ten days that Trump was losing to Hillary. Looks like she will soon be indicted for crimes that she committed against the United States of America!

**Vote for TRUMP and lets make America Great Again! What do we have to lose?**

**On a more personal note...** My good friends, Lefty and Wildcat (States MC) just got married Sat. Oct 29th. It was a beautiful reception that was done at Chit Chat's bar. Wildcat look beautiful coming down the aisle. Lefty was in his tuxedo looking spiffy, like some mafia boss. The place was full of family and friends and I was very proud to have been personally invited to their wedding. I have known Wildcat a few years more than Lefty but this was a marriage made in heaven. Sheri and Pat went all out on the food and it was really delicious. I came with a gift and dropped it in the box for Lefty and Wildcat. Lefty and Wildcat... I wish you both the best and a long happy marriage that prospers... because you deserve each other and I know your love for each other will know no bounds. Gabe

October was one of the best months I had in a long time. I reunited with my beautiful 19 year old daughter Melissa, after 15 years. (I last saw her when she was 4) This article is dedicated to her.

It started off with Facebook, which I don't really care for. I hate social media but I find that Facebook is used for one good thing...

and that's finding people you have lost touch with.

We started out texting a little and then we started texting a lot and after 3 weeks she flew down to South Florida from Milwaukee and we had one great time after another for 7 days.

We went to the Hard Rock Casino for three nights. I lost some money and won some money and

had we hd a blast! We went to the Swap Shop and bought all sorts of crazy stuff. She had never seen a place quite like this.

Melissa, Catherine and I also got to visit Catherine's Aunt Carol. She has a real nice place in Whispering Pines in Davie, and we had a lot of fun visiting with her. We also got in some water activities. Melissa did some fishing off our dock

and caught a few keepers... but she tossed them back. Then I surprised her with a fishing charterboat trip from Fort Lauderdale to Key Largo with Captain Dominick Dulevich, owner of "Off the Hook Fishing Charters". What a great time that was. We drift fished during the day and at night we dropped anchor and chummed the water... that's when we really started to catch fish! I want to thank Captain Dominick who took us on a really fantastic adventure. If you love fishing, he can take you to some great backcountry fishing spots... from Miami to Key West. Captain Dominik supports the biker community and told me that any Wheels on the Road reader will get a nice discount if you say you read about him in my

article. Schedule your fishing charter today by calling Captain Dominick at 305-796-3834.

I also took Melissa on a couple of biker events and but I spent most of the time keeping the guys away from her. It's not easy being a dad to a great looking daughter that takes after her father!

(LOL) We also went to a lot of local restaurants to give her a taste of South Florida. She had such a great time she said she will be back in a few weeks and stay for a few

I also made it to Biketoberfest and had a great time with a whole bunch of Brothers. On our way back we stopped off at Mickey's for their breast cancer awareness party and got to watch some gal's jump around on trampolines. It don't get too much better than this.

Before closing I want to thank someone that helped me out in a pinch. I needed a patch sewn on my vest before I went to Daytona but everyone I called couldn't do it when I needed it done. Then I was turned on to a nice lady who told me to come right over and she would sew on my patch. I thank Anna at Alterations by Anna, in Davie for taking good care of me. If you need a patch sewn on your vet... or ANY alterations to your clothing give Anna call at 954-473-8884. Tell her you read about her in this article.

On Oct 24th we went to a birthday dinner for our friend Francine at Buca di Beppo in Davie. The food was excellent as usual and everyone had a good time.

That's it for October. November looks like it's going to be a full event month for me, especially when Melissa comes down to "Party with her Pop" for two whole weeks.

# FREDDY'S A1 BARS & BANDS

By Freddy: A1PromotionsGroup@aol.com

I would like to give everyone a heads up right now! The 29th Annual SFPC Toys in the Sun Run is Sunday Dec 4th. Besides the parade and run, Santa Ed will be there, plus there is food from all around the world, a bike show, car show, all kinds of vendors and special attractions from the South Florida area and beyond and more! And always kick-ass music! This year featuring music by Dee Snider, Lead Singer from Twisted Sister, Jasmine Cain, Soulicide, Mr Nice Guy, Sucker Punch, Hired Gunz and more bands to be announced. This annual event is about helping children. The Annual SFPC Toys in the Sun Run is and always

will be a rain or shine event. So come out and support the Children at Joe DiMaggio Children's Hospital... RAIN OR SHINE!!!

Broward County in South Florida was rocking hard in October! I should know I was just about everywhere. Besides all the normal things and venues I hit, it seemed like every time I turned around some kind of new or major event or fundraiser was going on. So come take a ride with me, in a flashback of October 2016!

On Oct 1st V-Twin City kicked off their every Saturday FREE BBQ and Bikini Bike Wash and every Saturday it has been getting bigger and bigger with free cold refreshments, a tent sale, live music and more! Not only are a lot of bikers coming in to get a bite to eat, listen to great music and get their bikes washed by beautiful models, but the bikini bike wash girls are causing traffic to stop and people are taking photo's from their vehicles and honking their horns on Sunrise Blvd. The next day Sunday Oct 2nd was Flossie's Annual Breast Cancer Awareness event. What a

great crowd and great music by The Big Show for a great cause. All proceeds went to The Gift Of Hope Foundation. Of course the rest of that week everyone prepared for Hurricane Matthew. I don't know what everyone else out

there did, but I was at a Hurricane party with THE CHICAS'! The Hurricane, as we know, passed us by in South Florida on Thursday Oct 6th and we were very lucky. Thank God for that and my thoughts and prayers went out to all the people the storm affected in other countries, islands and along the east coast of the U.S.A.

Now it was time to get ready for the big party. The A1 Promotions 5th Anniversary Party at VFW Post 1966 in Fort Lauderdale. And what a party it was. The turnout of friends who came out to show their love for what we do was amazing! We at A1 Promotions would like to thank the bands TRAINSTORM, FUBAR, Trip Machine, Otis Cadillac & the El Dorados, featuring the Seville Sisters, Crush, Blackout the Band, Light'em Up. Unofficial: Propaganda

and the Mystic Level Band, who did a amazing job and kicked ass!!! We also like to thank Big City Dogs Band & MISCONDUCT who put this event on their list to play, but could not play because of Hurricane Matthew which hit in some of the area's their band members were coming from. Also thank you to Trainstorm who hosted the outside stage with me! Thank you to Robby Franklin for taking care of the inside stage and Andrew for helping the musicians and comedians on the art walk stage and to our friend Manley who helped with sound. Thank you to Lee Jordan & Kerri Jordan for bringing in the wrestling ring and wrestlers, the kids, big and small loved it as always. And thank you to The VFW Post 1966 for letting us have the event there. We would also like to thank all the vendors, the volunteers, our A1 Chicas', all the Motorcycle Clubs who came out and Thank you to all of you who came out to support us! YOU ALL ROCK!!! It was a amazing day of music, wrestling, food and fun with many friends new and old no doubt!

Moving forward... On Sunday Oct 16th was The Save The Tata's Breast Cancer Awareness Carnival Event At Mickey's Tiki Bar in Pompano. This was a fun event, with a great turnout to support a great cause. With music by Clay Goldstein & The Natty Bos. Alan Brownfeld, the owner of Mickey's, went all out to help raise money for the American Breast Cancer Foundation by bringing in a dunk tank for the "Dunk the Sexy Girl" game, a "kiss the hot chick" booth, a basketball toss and many other carnival games and to top it off smash the pink car with a sledge hammer. Congratulations to Alan on a great event and thank you for all you do!

On Friday Oct 21st I went to Cagney's Saloon for SOULICIDE'S 6th anniversary and their 666th show, and Ozzie, John and Toni's birthday Bash!

SOULICIDE kicked ass with a packed house and a packed dance floor all night long! I have known

Kent "Bam Bam" Blankenship from SOULICIDE & the founder of SOULICIDE for many years and have followed him with many other projects... from cover bands to tribute bands to original bands. I have been doing things with Kent & SOULICIDE from day one. SOULICIDE has had many great musicians and singers in the band and has rocked South Florida now for 6 years. From bars to concerts to benefits, SOULICIDE is not just a band. SOULICIDE is a ENTITY in the meaning of SOULICIDE is something that exists as itself, with many loyal fans. SOULICIDE is a band with a heart and soul to keeping it real at every show! Especially for the venue owners, the patrons, the SOULICIDE fans and all the charity events they do for the South

Florida Community All Year Long! The backbone of SOULICIDE is Karen Leeds Blankenship who promotes the band with a passion to help make every show what it is! And that is to make every show a great show for all to see and hear! Congratulations to my frinds and yours Kent & Karen Blankenship and SOULICIDE on 6 years of KICK ASS music & on your 666th show!

On Oct 22nd History was made! We broke out the NEW A1 PARTY BUS by Andrew Singer. We decided to take for free all the friends who went on our 1st rented party bus over 2 years ago, to 5 venues, as sort of a reunion to break in the bus. We decided to start out at Claude Rayhome's annual Halloween party and then hit a couple of venues. When we went to pick everyone up at Shirley & Ernie Amaral's house, Shirley & Ernie came out dressed as Hillary Clinton & Donald Trump. Shirley had a big sign that said I'M WITH THE Ralph Gabriel's and then everyone else came out, all dressed in beards, with Trump hats and as hippie's. Well I got to tell you me and Andrew laughed so hard we were crying! After filling the coolers with beer, Jager and anything else that can be drank we went to Claude's house and WOW was that party rock'n. I helped Claude promote it and he also booked one of our new bands Trip Machine, who had over 400 people on the dance floor along with DJ Frank. What a amazing party Claude had and has about 5 times a year with great people. When we left Claude's we ended up with more then the 8 people that were originally on the bus and they said they are also DEPLORABLE'S!!! By the end of the end of the night we ended up with about 18 DEPLORABLE'S. For more info or to rent the A1 Party Bus contact me Freddy J at (954) 548-851.

On Sunday Oct 23rd I prepared a FREE breakfast at V-Twin City with FREE Bloody Mary's & Mimosa's, along with live music it was a great turnout and fun! Don't miss the next one! Also on Sunday Oct 23rd it was Flossie's Peanut Butter & Jelly Drive for The Harvest Drive Foundation, with music by The Mr. Nice Guy Band. I don't know about you but WAS FLOSSIE'S ROCK'N OR WHAT! There was standing room only and just barely. From the Tiki the field behind the parking lot and standing room only from one end of the parking lot to the other end and the bar inside was slammed. We at A1 Promotions would like to thank Pam Gaytan, the owner of Flossie's, for bringing us in to help with promoting this great event for a great cause for children. The staff at Flossie's was amazing and handled a HUGE crowd of great people that came out to support the cause and the children like it was just another Sunday. And what can i say about The Mr Nice Guy Band. They had the place rocking all day with great music as always! I would like to say thank you to everyone who came out for this great cause. Just in case you didn't know what THE HARVEST DRIVE FOUNDATION does, the organization is children helping underprivileged children for the holidays! Thank you Pam for all you do to help our community! You Rock!

The Boys & Girls Club Of Broward Florida are back at V-Twin City for a Bike Build. The bike must be completed by Dec 2nd, 2016 for The

Frank. What a amazing party Claude had and has about 5 times a year with great people. When we left Claude's we ended up with more then the 8 people that were originally on the bus and they said they are also

# STORMY'S RIDER RHYMES

By Stormy3355@aol.com

## Thanksgiving is upon us

It's that time of year.  
To eat and be Merry  
Fill our hearts with cheer...

Be thankful for all we have,  
no matter how big or small.  
Be thankful for your Family  
Be thankful for it all...

As we serve our bounty,  
and put our feast on the table,  
Remember to reach out  
To those that are not able...

Give to Local food drives,  
they are raising extra dough.  
With the size of the biker community,  
We can really make a show...

Be thankful for our Soldiers,  
They are defending all our rights.  
To live in a free country,  
They fight with all their might...

When you're having your feast,  
There should be no second guessing.  
Say a prayer for our military,  
Send them special blessings...

Also thank the Officers,  
That are working on our streets.  
They give it all at their jobs,  
As they work hard on their beat...

Always remember, never forget  
It's a day to give thanks to all.  
Those you decide to give thanks to,  
This is purely your call...

Remember don't be selfish,  
Spread your thanks around.  
Remember in our country,  
So many make us safe and sound...

My family will be thankful  
On this special day.  
And We hope that each and everyone  
Has a wonderful Thanksgiving day...

# Lefty Get's Lucky... Wildcat Gets Her Man

by Fern Cameron (RKINROBIN1@BELLSOUTH.NET)

On Friday Oct. 21, Mickey's Tiki hosted Wildcat's Bachelorette party and what a party it was. No stripper needed for this one. Hope Lanius (the maid of honor) had a penis for every lady there!!! You had to be there. The Natty Bos had all the ladies dancing and Alan brought out some surprises of his own (although he said he would be leaving before the party started).

Then the big day on Oct. 29. Sherry and Pat pulled out all the stops as they transformed Chit-Chat's into a wedding venue. The love was shown by all the people in attendance. The ceremony was beyond spectacular and the bride was beyond beautiful. Lefty wasn't too bad himself. Who says bikers can't clean up!!! We can't forget to mention the flower dog "Diddles". The reception was full of happy tears and hugs all around. Soulcide rocked the house and the food was awesome. Many years of love and happiness to Lee Ann and John Leftkowitz.

XOXO Fern

# Woo's View's

By Willie Woo: [WillieWoo69@hotmail.com](mailto:WillieWoo69@hotmail.com)  
Don't say we didn't warn you after reading his articles.

Hi Gang!

It's November and just another month and 2016 goes into the record book. I sure hope the American People were smart enough to say YES to Donald Trump and a resounding NO to the lair clinton. If it's clinton, then the majority of the American People will have proven without a doubt that they are indeed BRAIN DEAD!

The Honda Chopper project is going well. I haven't built a bike in quite a while and had forgotten just how much work and how many different operations it takes. I may have forgotten that but I sure didn't forget how to do them. Pretty soon I'm

going to have to do the most boring, tedious, and finger busting job of the entire project. That's called "Molding the Frame". Some people will tell you to only mold the area's you can see. To me, that's like not wiping your butt and just putting on clean underwear. Whenever I mold a frame, I mold every single weld on it, where you can see them and especially where you can't. Want to prove it? Simple. Completely mold a frame and then mold the same make/model but only where you can see it. Put them side by side and the one that's only molded where you can see it will stand out like a sore thumb. If you're going to go through the trouble of molding a frame, do it right and do it completely! Next month my son McGiver will be coming for a visit and he will tig my exhaust system for me. He's a magician with that kind of thing!

There is so much chrome going on the bike. Those who say "Chrome won't get you home" are pissing in the wind as far as I'm concerned. It's like those pictures you see of the Hollywood actresses without their make up on and with it. Makes a world of difference, don't it?

This year will be my 53rd year of riding motorcycles. I started in Panama, SA in 1964. I traded a 1956 Buick Special for a 1957 Harley 1200 cc, tank shift, foot clutch, Hydraglide. It was a beast! I loved that bike. Actually if the truth be known, I've loved every bike I ever had. Kind of like looking back on the women you've bedded. They were all great (at the time, till the booze or the dope wore off) but a few were so very much better than the rest! By the way ladies, I know many of you have had the very same experiences!

I've been watching the proliferation of scooters out there. The things are all over the place. Most of the people I see riding them are a menace to themselves and all of us. They cut in and out of traffic and split lanes and not too many of them are wearing helmets or the proper footwear. I guess they think by riding a scooter the asphalt will make special considerations when they hit it at 30-40 or 50 miles an hour... because they fell off a scooter and not a motorcycle! A heads up for you kiddies... the asphalt don't give a shit how you got to be doing whatever speed you go down at. It don't know or care if it was a scooter, motorcycle or if you fell out of a car or a big sling shot got your ass skidding across it. It's going to eat you up no matter how you got there. Besides that, when you go down in traffic, you have the cars and trucks behind and to the sides of you to worry about. They will eat you alive and shit what's left of you. Next time you're driving past a critter that was run over take a good look. With a little really bad luck, you could look like that too!

On that happy note I will close for now. Have a great month, be happy and be safe and vote for Mr. Trump.

Bless you all (even you libs)

Uncle Willie

# TRACKSIDE WITH CHUCK

KillerInstinctPhotos@gmail.com

I hope everyone had a great month. My first stop for the month was over at Flossie's for their Breast Cancer Run. This event included a dunk tank, door prizes, a pig roast and many other things going on. This event had all the proceeds going to the Gift of Hope Foundation, a local organization that helps women going through breast cancer treatment. Now when I say the place was packed, that's an understatement! There was an excellent turnout of supporters. On hand was also a rockin' show provided by The Big Show and they sounded awesome. It is always great to see people show up to support great causes! I was also able to

see a lot of people that I haven't seen in a while. If you ever have the opportunity to check out The Big Show, make it a point to do it!

My next stop for the month was at South Georgia Motorsports Park in Adel, Georgia, just north of Valdosta. The event was the radial race "No Mercy 7".

Now if you have been following me you have heard me write about the radial races in the past held in South Georgia, well this one was no different. The race was held from Tuesday through Sunday with people rolling into the gates as early as Sunday. I was planning on heading up

Wednesday morning but due to Hurricane Matthew knocking on our door, I wasn't able to make it up there until Saturday morning. We all got very lucky with the storm, unlike some of our friends to the north. So instead of heading north, I stayed back and made the proper preparations around the house just in case we were affected by it.

Once the storm had moved north, I went north. Once I was able to roll into the track I was amazed, as always, at the turnout. Now this wasn't a record breaking car count (I think because of the storm) but it sure was a hell of a lot more than almost anyone has seen. The race is held and promoted by Duck X Productions and he sure knows how to put on a race. He puts on 2 radial races a year and both of them are hands down some of the best

racing anyone will ever witness. These are the races known for the "flying cars" and this race was just like the past. The payout for the fastest class at this event, Radial Vs. The World, was \$60,000 CASH! The total payout for the weekend was over \$135,000 cash. Now these cars are racing at speeds of close to 200 mph with a radial

type tire and no wheelie bar to stop them from flipping over. Besides that, there really aren't any other rules except "hang on!" This is where being a good driver comes into play because you are at the mercy of your right foot and how long you want to stay on the throttle.

One of the highlights, unfortunately, of the weekend was when famed driver Stevie "Fast" Jackson was piloting his supercharger Fox body Mustang during eliminations on Sunday. Stevie started to carry the wheels and before he knew it the entire car was airborne about 10 feet and came crashing down hard and ended up on its roof. He was able to walk away uninjured but the car was a total loss. In the other lane of this race was Dewayne Mills and his twin-turbo powered Camaro. Mills has been in the situation Stevie was in. I wrote about his accident when his car nearly did the exact same thing at one of these races a while back. The hard part about this crash was that Stevie was planning on putting that car up

for sale as soon as the weekend was over.

Since the crash, Stevie has already purchased another car and is in the process of rebuilding to come back even stronger and better than before! The rumor for the next race is that the winner of Radial Vs. The World will take home \$100,000 cash!

A couple other races I

was able to attend this month were the Ford Vs. Mopar show held at Palm Beach International Raceway. This event has been around for a long time, although not as big as in the past, it is still good to see the rivalry of "Classic American Muscle". The new management is in the process of trying to bring in new track lighting and revamp how things have been going, and I must say they are doing a great job. Another stop I made was in Orlando for the Smack Down 6 grudge race held twice a year. The weather was absolutely perfect, couldn't have asked for anything better and the racing was just as good. There were a lot of cars from all over the state that showed up to talk smack and show what they had. There were a couple of big money races that took place. One of the biggest winners of the night was a blue Mustang dubbed "Viagra" who took home over \$8,000.

I would like to say that I have been contributing to Wheels on the Road (WOTR) for a handful of years because photography is my passion and Miami Mike wanted to add me into the mix. But for MM this is his livelihood. WOTR is the longest running Biker Magazine (since Oct 1999). You have seen a lot come and go but WOTR has stuck around, and I would not like to see it go as have so many 100's of other magazines the last few years.

The key to keeping WOTR in print is advertising, which, because of the lousy economy, is at an all time low. So if you or somebody you know owns a business or provides a service, call MM to start advertising. Ad rates are very reasonable and are printed on page 10. It would be greatly appreciated by MM and all us WOTR "moto-journalist's" who love being a part of the South Florida motorcycle scene and you, our readers, will be able to continue to enjoy the last motorcycle magazine in print in South Florida.

Thank you everyone for your support and I hope each and every one of you have a great and safe Thanksgiving!

Until next time stay safe, Killer Chuck

around or run for the exit... But about the time he was making up his mind... (should I stay, go, stay, go, run, etc...), the bride, looking beautiful in a fabulous long white dress, arrived with her entourage and then at 7:28PM, the walk down the aisle began. In no time Wildcat and Lefty were looking at each other while the whole bar was watching

them. The wedding ceremony was a little long for my taste (I have been at huge Church weddings for 1/2 the time) but I think Lefty and Wildcat never heard a word until they were asked for the rings. Then they became aware of what was actually going on and when it was time for their first kiss as man and wife, they jumped at the chance... while a sea of "photographers" clicked away for a good 2 minutes. Then after 5 or 6 minutes the crowd

was moved back so Axman (their official photographer) could take their formal photos, while Sheri and Pat brought out the trays of food which, by the way, was very good. The guests lined up 30 feet outside the door

Now for November... see page 33 for the calendar of events and weekly bike nights. The middle column has all the bar and MC events with page numbers of any flyer or ad that is associated with the event. Make sure to mark your calendar's for the SFPC Toys in the Sun Run on Dec 4th. The large flyer is on page 44. And read Tattoo Dave's article for additional information that may not be on the flyer. And buy a book of raffle tickets for \$20. You just might win a new 2017 Harley FLHXS Street Glide Special, with the new Milwaukee-Eight™ engine to come out in years. The worst thing that occurs if you don't win is the money you spent will be going to help a kid with cancer, diabetes, or some
