"In Loving Memory of My Dad"

By Axman... Axman@axmanpictures.com

The motto of A-1 Promotions Group is "Support Your Local Everything". I have been covering local bike events and writing this monthly column for Wheels on the Road since 2007. I started my website just before the Toy Run in 2008. I have been capturing great memories for the biker community and putting all my photos on the website. Shooting events incurs extra expenses I would normally not have such as: special photo equipment, gas money, motorcycle repair expenses paying for cover charges, drinks and food at those club events that do not comp me, and other expenses. The magazine could not afford to pay me what I need so I started my website to make this extra money. I certainly appreciate and need the financial support that I do get from most club members, MC's, organizations and independent riders by purchasing my website photos. I would have to discontinue the "motorcycle" portion of my website if I can't make any money from that, and just cover pre-paid weddings and special events & parties in the future. I hope it doesn't come to that. Now as to why I am mentioning this...

Axman drank so much beer his image was burned into his favorite glass.

Just before I left for Germany I had a very negative experience. I had taken a special photo of a former club member (whom I had sold photos to in the past) with actor Angel Salazar "Chichi", from the movie 'Scarface' at this years Tattoo Expo. This individual works at a local restaurant in Sunrise where we have eaten at for many years, sometimes bringing 2 or 3 couples with us. Needless to say, we have spent a lot of money there over the years.

On a previous visit this individual commented that he really liked that photo so I printed it and showed it to him

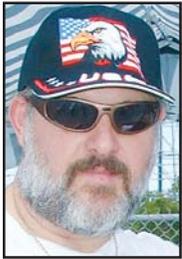

figuring he would buy it as he had in the past. I only charged him \$10 as this was my MC/organization price, (even though he is not in a club any more) He told me that he did not need it because one of his friends had "copied" it off my website and printed it for him! Now for those of you who think this is funny, or right, or who have done this in the past...

Unfortunately, I had to go to print before the debate of the century took place... of course I'm referring to the "Liar Felon - Nut Job presidential debate

also called the Clinton-Trump show. I have said it before... the American people are going to get screwed in one way or the other no matter which one of these two get elected. However, and only for the sake of keeping 3 (maybe even 4) future liberal Supreme Court judges off the bench, I will be forced to vote for Trump. For over 45 years the Supreme court has been conservative, or at least they voted one way or the other... but not if Clinton becomes ruler. You can kiss your conservative lifestyle and more than a few Constitutional Amendments good-bye.

Now on a non-Clinton/Trump subject... Sharon and I enjoyed a couple of great events. Cindy's Surprise party at the Mystic 7 MC clubhouse was the last August party we attended and Cindy was really surprised. Close to 100 people stopped by to wish her a Happy Birthday, drop off presents and dug into the free Mexican dinner buffet with plenty of cold drinks to wash it down. Always a great time at their parties.

On Sept 11th we rode over to the States MC Key West Tune-up Party. A really nice day brought in a lot of people to party under the tree. There were a few vendors like Fern and the Knife Man. SE ABATE had their membership booth and CMA were nice enough to bring their traveling Memorial Wall so everyone could look at our friends who have passed which helps keep them in our memory. On the big stage "Hired Gunz" played all day to an appreciative crowd. The pool table was open for dinner with close to 8 feet of delicious BBQ. The party went on for hours - nobody wanted to leave til the last cold brew was finished.

The following week was the 44th

it is totally "Illegal", not to mention disrespectful. Even if you are in a picture that someone else took you do not own the rights to reproduce or sell or post it on Facebook or anywhere online... ONLY the photographer has that right. However, he cannot use the photo in commercial advertising without your signed "Model Release". And if you see a copyright © symbol on a photo that should clue you in that you should NOT steal it, especially to print it and give it to someone else! It's just like stealing money from someone. You wouldn't like it if someone stole from you... would you? And I bet this former club member who "stole" my photo wouldn't like it if I walked out on a meal check, but that's what he did to me.

So just before I wrote this article, my wife and I went back to this restaurant for lunch so we could spend the \$80.00 we had accumulated on our loyalty card over the past year. And now you can rest assured we will never go back to that place a long as he is there.

So keep in mind that when you "take" or "Like" or "copy" a photo and put it on your Facebook page (or print it) without the permission of the photographer, you are in effect "stealing" that person's photo. And even though everyone does it, that does not make it right, especially if you Photoshop™ out the photographers name and or their © copyright mark.

Now on a lighter note... our trip to Germany is sadly... over. We have always had great times with my family and friends on the other side of the Atlantic. For some reason, this was the very best trip ever. The last time we were in Bremen was three years ago for my Dad's funeral. Seeing that my Mom,

Almut, is doing really great was a huge relief for me. Mentally she is sharp like a tack and is in excellent physical shape due to the fact that she still rides her bike every Friday morning to attend Gymnastic classes. She still drives her car and manages her townhouse pretty much by herself. Obviously, my awesome sister Birgit, niece Charleen, and my brother-in-law Matthias a/k/a Matze, help her out with anything else she may need. It is also good to know that she is financially secure. She paid for our airline tickets, the meals when we went out together, and in addition to that she gave us some spending money. At the same time, she gave my sister and her husband the same amount of money. This made me feel much better. Thank you very

National President:

Wings of Gold MC

Chief Director:

SFPC Toys in the Sun Run

In Memory of Bob Amchir

I hope everyone who attended the Phil Peterson's Key West Poker Run had a safe and fun time over the weekend of September 16-18.

As preparations are underway for this year's 29th Annual SFPC Toys in the Sun Run on December 4 at Markham Park, we are in the final stages of contracting our main headliner for the concert at the park. So far for our local entertainment we have Soulicide, Suckerpunch, Hired Gunz and Mr. Nice Guy, as well as National recording artist Jasmine Cain, on two stages for

entertainment all day long! We will also be increasing our international food court with some of the best gourmet food trucks around.

Our official toy run raffle bike and trailer are now going out to many locations and events – bike, car, etc. – to help sell raffle tickets. This year's raffle tickets are \$5 for each ticket or \$20 for a book of four. First prize is a 2017 Harley-Davidson FLHXS Street Glide Special, second prize is \$2,500 and third prize is \$1,000. If the winner with the first prize ticket does not want the bike, Harley-Davidson will give them the dealer cost of the bike. So either way, anyone can buy a raffle ticket or a book regardless if you do not want the motorcycle because all three prizes equal cash! So if anyone knows of an establishment that has a high impact of people, please notify Wrongway at 954-857-7964 so he can call to find out if the bike is welcome at their establishment to display and sell raffle tickets. And 100% of the money raised from ticket sales will benefit the kids at Joe Dimaggio Children's Hospital in Hollywood, Florida.

The food at this year's VIP tent will be catered by Duffy's Sports Grill, with 29 locations throughout Florida. Every location will soon have a toy drop off box for customers to donate a new, unwrapped toy for the cause! We will also be putting toy drop off boxes, all decorated, at many establishments across South Florida. If you wish to have a toy box at your business or know of one who would like to support the toy run in helping many children who are less fortunate, please email toysinthesunrun@aol.com or call Wrongway at 954-857-7964. Anyone interested in becoming a vendor at this year's toy run, you can download the application at toysinthesunrun.com, email toysinthesunrun@aol.com or call Deb Amchir at 954-868-7040.

Please remember to support the South Florida President's Council of Motorcycle Clubs & Associations on their annual events and parties as we put in a lot of work to make them as enjoyable as possible. This month the New Attitudes MC will be hosting their annual on October 8 at Firehouse Subs in Davie (corner of Stirling Rd & University Dr). The weekend of October 14-16 is Biketoberfest in Daytona. Hopefully we will have cool, dry weather. On Saturday night, October 22, the Wheels of Man MC will be hosting their Halloween Party at their clubhouse in Deerfield Beach and on Saturday, October 29, Children's Charity Riders will be hosting Zombiefest and Scavenger Hunt at Chester's Fort Lauderdale Harley-Davidson starting at 2pm. This event will help raise money for bicycles for the toy run for many needy children. There will be plenty of food, beer and beverages for the hungry & thirsty. And last, CMA and ABATE SE Chapter are having a combined memorial event on October 30. See flyers for more info on times and locations.

Until next month, B-Cool, Tattoo Dave Amchir

What's at Stake... The Supreme Court, that's What!

Whether you supported Donald Trump in the primaries or not, the main thrust of your vote in November should be - will that Republican candidate, Donald Trump, support nominees for the Supreme Court who will interpret the

law (as written in the Constitution), and not make the law? He has said he would and has presented a list of possible nominees, all "constitutional originalists".

Coming up during the next administration will be 3 or possibly 4 openings to fill vacancies on the Supreme Court. If you elect as president, someone who will appoint activist judges, who will tend to have a "progressive" interpretation of the Constitution, then you can expect to see a wholesale change to our society as we know it.

The Supreme Court, as it is currently made up, is broken into two groups - half liberal and half conservative, with Justice Anthony Kennedy being the swing vote. Although, from recent decisions of the Supreme Court, some supposedly "conservative" judges like Chief Justice John Roberts, have voted for policies that tended to fall on the radical left (ex: Obamacare decision calling "fees" a tax). Chief Justice Roberts was a George W. Bush appointee who was considered a conservative nominee when confirmed, but seemed to have strayed from that designation when he ruled on the Obamacare question. That decision went against the prevailing opinion of legal constitutional scholars and the citizens at large.

If the Democrats retain the White House, you can expect potential nominees to make decisions, if confirmed, who will promote the far-left agenda as personified by the four liberal judges now sitting on the Supreme Court (i.e. Kagan, Breyer, Sotomayor, and Ginsberg). That will give them the majority on the court.

The Republican candidate, Donald Trump, has promised that he will appoint and support Supreme Court nominees who will interpret the Constitution and who will not try to circumvent it by "legislating" from the bench. That must be taken into consideration when determining who you will vote for this November. It is that cut and dry.

So, forget all the petty attacks by the candidates on each other, and try to visualize what our country will become if we have more (a majority) progressive (a/k/a liberal, Democrat) judges

confirmed to the Supreme Court? Our society will be turned on its head, and not for the better.

This admonition goes for those Republicans and Conservatives who said they will not vote for Trump because their candidate did not get the Republican nomination or who don't like the persona of Donald Trump. Doing that would be like cutting off your nose to spite your face. If that mindset prevails, and a Democrat is elected, you, who will vote for Hillary or who will sit out the election, will have no one to blame but yourself if the prevailing opinion of the Supreme Court becomes a majority liberal court.

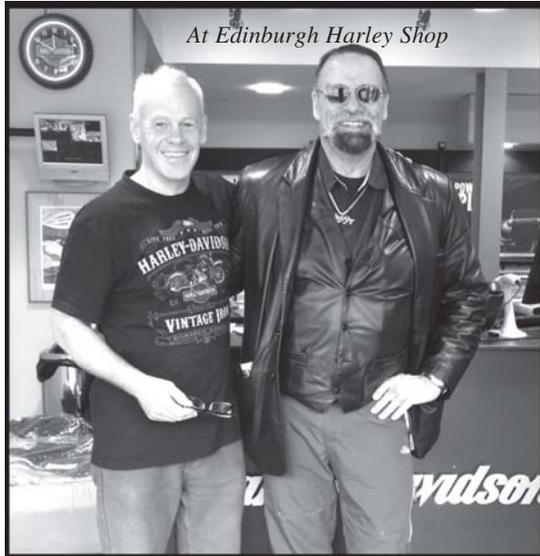

Elections do have consequences, so make it your mind to support the Republican candidate, Donald Trump, through the democratic process. Our country is at stake, so don't blow it by harboring petty differences and not getting out to vote.

So you can see, a lot is at stake if we want our traditions and laws interpreted by judges who will follow the Constitution as it was written. Our children and grandchildren are depending on your vote. God Bless America! VOTE FOR DONALD TRUMP!

The Times We Live In

By: Charley_Blackwolf@aol.com

Bombings in NYC and New Jersey, and knifings in rural St. Cloud Minnesota proves nobody, anywhere, is safe from the crackpot insanity propagated by corruption and liberal losers over the past 50 years. The Clintons, Bushes, Obama, etc. all the way back to Lyndon "Vietnam" Johnson, have proliferated this

miserable mess and "We the People" must finally put a stop to it this coming November.

Deplorables! Fu#king love it! Already merchandise is available... coffee cups, t-shirts, pins... Amazing! Count me in! In fact I'm betting it won't be too long before there is an MC, if there isn't one already!

9-11... disturbing memories. Can't imagine what it would be like to be sitting next to your child on that airplane, and have them ask, "But, Dad why do they want to kill us? We didn't do anything to them." 15 years have passed... my concern, given the Iranian nuclear deal and current situation in North Korea, the story I present in Black Sun - White Sand could become a reality. Scares the shit out of me.

I repeat: This upcoming election is likely the most important one we will ever vote in and possibly most important for our children and grandchildren. It's not about Trump, it's about saving our country. What is in place and has been for the past 50 years is unsustainable. If we don't change these institutionalized establishment losers out we will have another 9/11... another Black Sun - White Sand. The reality is, corruption in government is just history repeating itself and if We the People (AKA "The Deplorables") don't put a stop to it the country will fall in on itself. Trump simply offers a method to carry out that change without an armed revolution and the ensuing downfall of the USA followed probably by Chinese domination.

While we are on 9/11 a new level of political corruption has been achieved... Hillary's double! Pete, a Brother of mine and fellow "Deplorable", were discussing Hillary's apparent dehydration, overheating and fainting spell at the 9-11 memorial, her diagnosis with pneumonia, and miraculous recovery after a short visit to daughter Chelsie's \$10.5 Million dollar Manhattan 'luxury fortress' apartment. Pete's wife pointed out the woman was either a different person or while she was at her daughters place had a complete make-over. BTW that was before anything came on the internet. I have learned to have great respect for women's

intuition in that they are usually not wrong so we started looking and determined, "Fu#k! They are different people!" Nobody loses that much weight, gets a haircut, Botox injections and new earrings in an hour.

Washington is fu#ked up... but this takes things to a whole new level in regard to the amount of deception these motherfu#kers will go to in order to gain or retain power over all of us "Deplorables". Which makes things even more scary when considering what they might do in the future, in the way of lying and crying in promoting their propaganda.

As an example of how fu#ked up things have gotten in America consider the NFL and the National Anthem: I had a classmate in high school named Jay. Jay went to Viet Nam, was a Green Beret. In 1968 he got caught up in the "Tet Offensive". He was in a foxhole when the guy next to him got hit in the head. His brains splattered all over Jay's face. Another past Biker Brother of mine, "Crazy Charlie" was a chopper pilot in Nam and a double silver-star winner. In 1969 his chopper got hit which left him blind in one eye and mostly stainless steel on his left side.

Now this bunch of overpaid, loser NFL fu#ks who get multi-millions for defending a fu#king football aren't going to stand for the National Anthem!!! These pieces of shit are in TOTAL disrespect of what many generations of Veterans went through that allows them to draw their outrageous salaries to play some chicken shit fu#king game for entertainment. Sorry to tell these motherfu#kers, but they don't decide what is and is not respectful! Until they've been shot at, picked up what is left of some poor son-of-a-bitch that stepped on an IED, or held a

dying comrade they have not earned, and have no fu#king right to decide. So until the NFL suspends, releases or otherwise dumps these clueless bastards **PLEASE... join me in boycotting the Chiefs, the Dolphins and most of all ... the fu#king 49er's!**

A BTW for Trump campaign people that follow my work here at WOTR and as an opportunity to make things right and gain political support from the Native American community. Put together a plan to negotiate with the Sioux Nation and stop the bullshit going on at Standing Rock associated with construction of the Energy Transfer Partners Dakota Access oil pipeline. The Sioux say that fu#king pipe line is threatening their water supply and it crosses through sacred land. As a result a plan needs to be developed so it is stopped, rerouted and redesigned. Compromising health or cultural history in the name of profit for Dakota Access, LLC, or whoever the fu#k owns that thing and using a corrupt political system in the permitting process is fu#king wrong and serves to reinforce the failed institutionalized, establishment political pay-to-play lobbyist policies that have

Black Sun - White Sand is a novel that relates how terrorist activity could bring about the downfall of the United States and in doing so describes current social decline, economic inequity, government excess and the general denial by the public that it could ever happen here. The main character tries to tell, but no one will believe him. You see... he's a junkie! There is also plenty of drugs, sex, violence and nuclear explosions!

been in place for the past 50 years.

Here's some interesting information on doctors & guns per the U.S. Dept. of Health and Human Services. The number of physicians in the U.S. is about 700,000. Accidental deaths caused by Physicians per year are 120,000 which, in all likelihood, is a low number since this sort of thing is typically under-reported, but if taken at face value then accidental deaths per physician has a ratio of: 0.171. In comparison, per the James Comey led "trustworthy" friends at the FBI, the number of gun owners in the U.S. is 80,000,000 (yeah, that's 80 million of us). The number of accidental gun deaths per year is 1,500 which means accidental deaths per gun owner has a ratio of 0.0000188. So, making

statistical comparison, doctors are 9,000 times more dangerous than gun owners. Here's the thing... not everyone has a gun however, almost everyone has at least one doctor which means in the USA we are 9,000 times more likely to be killed by a doctor than a gun.

I just came back from Scotland. I did military time there in the late sixties and found Edinburgh to be one of the prettiest cities on the planet. I saw the Edinburgh Royal Military Tattoo, at Edinburgh Castle. Great show that included US military units.

Our guys and gals did a really nice presentation and made me proud to be an American. I also stopped by the Edinburgh Harley Shop,

met some cool people and got to see their nicely done Scottish Bobber. Scots are known for efficiency and economy and don't waste a fu#king thing, including their limited amount of sunshine so most of the staff was out on a run and the shop was at minimum staff but enjoyed time with those that were there. Bikers the world over all pretty much the same... Great folks.

Good times at Peterson's Annual Open House / Pre-poker Run Party on the 10th. I did some autographs, hung out, drank some beer, was on the radio, met some awesome

people that work with pit-bulls from UnitedAgainstBSL. Great dogs. Talked to everybody about the upcoming Key West Poker run. Lot's of enthusiasm generated

by the recent Discovery Channel series on Harley and the Davidsons. Seems everybody wants a Knuckle or Flathead. My 46 FL Knuckle, the Dragon, got a lot of attention. Got the Dragon washed by Michelle. Bought some silver jewelry for my wife then got caught in the fu#king rain riding home... which, by-the-way, really sucks when riding a rigid frame Chopper with a Springer and no front fender... and particularly since I had just got her cleaned up. Anyway, I got wet and had to wipe the Dragon down... but all-in-all a great day.

BTW I want to thank the Peterson's guy who reminded me to put up my kickstand as I was leaving. MY COSTA RICAN RETIREMENT

By Doob: DoobCR@gmail.com

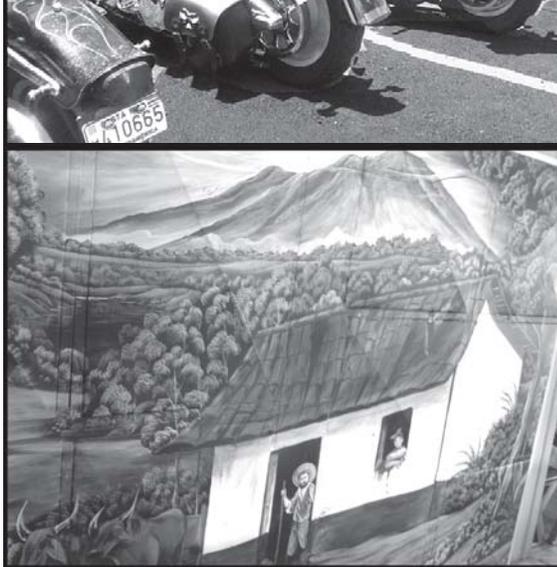

Finally, Costa Rica is computerizing government and medical records. Slowly the third world ideas of keeping paperwork in binders in rooms are coming to an end. I just recently renewed my residency at a satellite immigration office. It was fast after getting an appointment and bringing the necessary documents. It was sure better than waiting 8 hours at the main immigration complex, although it still took 22 days for my I.D. card to show up at my local post office.

On the local biker scene, I had to replace the top bolt holding my front end on to the frame with a longer 5/8 x 18 bolt. The worn original kept loosening and making dangerous play in my extended front end.

In town a new Indian Motorcycle dealer opened this month. Victory Motorcycles are also sold at our local Polaris Industries dealer along, of course with our local H/D dealer.

During September 20 of our SA M/C brothers rode to David, Panama, for their 2016 International Biker Convention. We are heavy into our rainy season and the bros rode thru some nasty monsoons. Ah, youth must be served... as for me I was high and dry waiting for my necessary I.D. card to show up so I couldn't go.

I'm getting dry so its time for another testosterone shot. (LOL) Pura Vida, Doob

Doob giving the thumbs up because he has sex two or three times a day!

I have never plugged anything other than Jesus (and WOTR) but I am impressed with this item. I found an awesome alternative for your current TV viewing. You still need high speed internet but this alternative is awesome. There are several boxes on the market but I chose a "Zoomtak" media streaming device. I purchased it thru droidstramtv.com. Visit his website and watch videos on You Tube. It's a one time purchase with more tv, sports and movies than you can imagine and it's all free! There are many

different boxes that are similar to this but I did a lot of homework and found the best option for me was the unit I purchased from droidstramtv.com. Buy one and enjoy TV like never before.

Our riding season is upon us, just as most of the country is putting away their scoots we're making sure ours are ready for some great riding.

Biktoberfest is just around the corner (October 14-16). I pray that this year's time in Daytona will be a safe and joyful experience for all.

I haven't been down south for a while due to some back issues and it's because of all my down time I found out about the TV box I mentioned above. I had a spinal cord stimulator implanted in my back for the past 5 years and the beginning of this year the wires started breaking and the doctor was unable to

replace it due to scar tissue. A neurosurgeon is needed to put a new one in. It's a long story but my surgery was cancelled... 4 times! I was even in the hospital twice with an IV plugged in. The last cancellation was due to the doctor not requesting the fusion part from my insurance.

Ready to go again and I find out the doctor is closing his practice at the end of month. I called a new neurosurgeon and they will not see me for a year if someone else does the surgery; so I cancelled.

Thank you Jesus for protecting me, not only from a partial surgery, which would have had me back in there in a few years, but not having aftercare for a year would have been a major problem! Through it all I was praying and asking the Lord to stop it completely if He had a better plan. I have put my **trust** and **faith** in Him for many years now and He has always been faithful... and usually not exactly the way I planned or wanted but for the better.

Faith...do you have it? We all put our faith in something, we have faith that when we jump on that scoot it will start. Before you jump on that bike do you pray that it will start and get you to your destination without incident or do you just jump and go? Don't we wish that we had the faith of Peter when

he climbed from the boat on to the water even though he took his eyes off of Jesus and began to sink, he still went. Matthew 14:25-32 Now in the fourth watch of the night Jesus went to them, walking on the sea. And when the disciples saw Him walking on the sea, they were troubled, saying, "It is a ghost!" And they cried out for fear. But immediately Jesus spoke to them, saying, "Be of good cheer! It is I; do not be afraid." And Peter answered Him and said, "Lord, if it is You, command me to come to You on the water." So He said, "Come." And when Peter had come down out of the boat, he walked on the water to go to Jesus. But when he saw that the wind was boisterous, he was afraid; and beginning to sink he cried out, saying, "Lord, save me!" And immediately Jesus stretched out His hand and caught him, and said to him, "O you of little faith, why did you doubt?" And when they got into the boat, the wind ceased. What about Job; he went through physical torment as well as the loss of everything he held dear but still he would not denounce his love for the Creator. Job 13:15 "Though He slay me, yet will I hope in Him."

The bible is full of examples of faith... faith in the One He sent and faith in our eternal hope. It's this faith, this hope that gives those that love Christ a peace that surpasses all understanding.

It is my prayer that you all receive this peace! Remember Jesus died for bikers too!

ABATE UPDATE

By William G. "Ratchet" Prewitt

SE Chapter President

Email: abate.se.president@gmail.com

Greetings once again brothers and sisters! On September 11th (Patriot Day) Critter, Marie "Madame Secretary", Wavy, and yours truly went over to the States MC clubhouse for their 23rd Annual Key West Tune-Up Party to set up and run a safety booth, and MAN what a great party it was!!! The food, beverages, and the live music were all just fracking awesome!!!

According to the results of the Primaries, it might be a long hard road for motorcycle rights legislation here in Florida. From what I gather, there are a good amount of supporters for motorcycle rights in the Senate. However, we

didn't do as well in the House of Representatives. Perhaps one saving grace might come in the form of our next United States Vice President. If Trump gets elected in November, we will have a motorcycle friendly VP in Governor Mike Pence. Governor Pence has been an avid supporter of motorcycle rights, working directly with ABATE of Indiana, and rides several times a year participating in the Ride with the Governor event. Who knows, maybe this time next year there will be the nation's first ever Ride with the Vice President event.

We are also still keeping an eye on the E15 (15% ethanol) situation at the pumps. According to the AMA (American Motorcycle Association), the American Coalition for Ethanol is telling stations that they should have a minimum purchase of 4 gallons at "blender" pumps offering E15 and post signs saying that buying less than 4 gallons may violate federal law. Supposedly, these "blender" pumps can keep as much as a quart of the E15 in the hose after a "cage" finishes fueling, and that's enough to potentially damaging an engine not designed to operate on E15. As you may well know, most motorcycles are not designed to run on ethanol blends higher than 10 percent and accidental fueling with E15 is a major concern. Fortunately, for now, the EPA will require that stations using the "blender" pumps (dispensing E10 and E15 from the same hose) also provide a separate E10 pump for consumers who are not buying at least four gallons. So be aware when you're fueling up!

Just a few days away, ABATE of FLORIDA, INC.'s Fall State Biker Bash at the Peace River Campground in Arcadia October 7th, 8th, and 9th. Tickets are available at the gate and they will be \$35, which includes entrance and camping for the whole weekend. I'll be there and I hope to see all of you there as well.

Also, as you see at top right, ABATE Southeast Chapter's 36th Annual Fall Rights Rally is scheduled for October 30th at Mickey's Tiki in Pompano and we'll see you there!

So with that, I thank everyone for their continued support of our chapter and our state organization!

May Saint Christopher, Holy Patron of Travelers, guide and protect you and your loved ones so that you may RIDE FREE AND RIDE SAFE my brothers and sisters!!!

tickets, hoping that we would win a big teddy bear. We only ended up winning a ugly little piglet which we named "Tommy Boy the Piglet".

On Wednesday (09/14) my Mom invited us and Matze's parents, for dinner at a really great steak house in order to celebrate my birthday. The food was amazing. As already expected, since Cindy Koser was not here I did not get a "boobie cake" but it was a great evening.

On Thursday (09/18) we met with a bunch for my friends from school at a bar called Adamz. I want to thank Baerbel, Gerhard, Lola, Maja, Skoki, Stefan and Volker for coming out that night. Lots of Krauesen and other adult beverages were consumed that night. It was a lot of fun, especially since I had not seen Baerbel, Gerhard and Maja since 1988.

On Friday (09/16) my Mom, Vicky, and I went to Bad Zwischenahn, which is small picturesque, little town about 45 minutes from my hometown. We walked around for a while followed by another great lunch. On our way home we made two pit stops in Oldenburg to visit my Mom's sisters Gerda and Lisa. It is always good to see them. I also met one of my cousins, Rainer and his wife whom I had not seen in over a decade.

The following day (09/17) Birgit and Matze threw a birthday party for me. Their best friends Silke and Bobo, Matze's parents, his sister Claudia, and

her husband Michael joined in. Birgit and Matze had cooked up a storm (still no boobie cake). Matze certainly deserves to be called "BBQ Master" as all

the meats were incredibly seasoned and cooked to perfection. Later on that night we watched another match of Werder Bremen, which ended in another defeat. Nevertheless, this was a great party. Thank you guys for going all out.

Sunday (09/18) Vicky and I had invited Birgit, Matze, Charleen, her boyfriend Marcel my Mom for dinner at their favorite restaurant El Mundo. It was our way of saying thank you to them of taking such good care of my Mom while I am not around.

Monday (09/19) was Ladies Day. While they went out to lunch and did some shopping, I went to visit some of the agents I work with. It also gave me the opportunity to take some more photos of beautiful Bremen.

Tuesday (09/20) my friend Willy from Hildesheim visited us. It was great seeing him after all these years. We went to lunch at the "Schlachte", which is a street next to the River Weser that was converted into Beer Garden Alley. After a fantastic lunch with more Krauesen we strolled through town.

It was great to catch up with him.

On Wednesday (09/21) it was time to do the last errands, dispose of all the empty wine bottles, drop off a box with some German booze and clothes that we will not be using right away. It will be shipped next weekend and we should receive it in about two and a half weeks.

Closing out this wonderful vacation we met one more time at Birgit and Matze's house for another great meal and more soccer action. Our team stayed consistent and lost again. *By the way, our coach got fired!* They are looking for another one, hoping that the successor would be able to inspire our team.

All in all it was the best trip we have ever had and my wife and I are very much looking forward to doing it all over again next year. Once again, thank you Mom, Birgit, Matze and Charleen. You made our trip very memorable.

I for am enjoying watching killary clinton's campaign implode around her from all her lies, Benghazi, her health (pneumonia my ass, more like brain damage) and now "The Deplorable's". I'm waiting for the debate in a few days, if Trump can keep his cool and get killary frustrated then I think it will be a Trump victory. Although I still believe there will be a lot of voter fraud on killary's side.

There were at least 7 CONFIRMED attacks/attempted bombings in NY, NJ and Minnesota over the weekend of Sept 17/18th. Who still believes that we are not at war right here at home. There were bombs found in Elizabeth NJ and the others in NYC with Arabic writing found in a pressure cooker bomb. The communist mayor of NYC won't call it terrorism and the leftist governor says it's terrorism but we can't call it Islamic terrorism. We are being attacked by terrorist jihadist's. Our democrat politicians don't want to call it that because of our enemy... "political correctness". The TRUTH will always work!

A pipe bomb went off in New Jersey near a Marine Corps sponsored race, a bomb went off in NYC injuring 29, and they found another pressure cooker bomb nearby. Also in Minnesota, a muslim, Dahir Adan, 22, a Kenya-born Somali immigrant, attacked 9 people with a knife, asking them if they were muslim first then spewing Allah Akbar before each plunge of his blade. This terrorist was stopped by an off-duty police officer from another jurisdiction, Jason Falconer, who is a USPSA Shooter, 3-Gunner, and NRA-certified firearms instructor and owner of [Tactical Advantage LLC](#), a shooting range and tactical training facility. (*The media fails to mention that...*) While Jason was shopping, this terrorist lunged at him with a knife and Jason shot and killed him before he caused further mayhem.

All journalism schools need to be revamped and go back to their roots of nonpartisan reporting of the news. All the networks want to talk about is if Trump used the word bomb too soon. Everybody knew it was a bomb and we suspected it would be a Muslim nut and turns out we were right... it was a Muslim nut! We have serious problems with the security of our Country and these pathetic puppets, that call themselves journalists, only concern is to make sure the same person who participated in creating this problem is elected. This is the "fundamental change" brought to us by the democratic party and their candidates. I hardly recognize the USA anymore. These people are beyond evil, they endanger our very existence! No place is safe anymore! We need to end this madness by going after ISIS and put them out of business early next year.

People, radical islamists are the only enemy that have attacked us on our soil since Pearl Harbor, under Bush after 9/11 we took it to them and our country was safe. Under obama we have lost many lives and suffered many attacks on our soil. killary will be more of the same. Vote for Trump whether you like his personality or not. It is a privilege to live in the United States of America. If you have lived anywhere else in the world, you would know that and the people who want to destroy our great COUNTRY can just plain go the fuck to hell!

Now this past month has been a clusterfuck for us. The only riding we had been able to do is to Key West for Kathy and my 3 day honeymoon.

After we got back it was nothing but family problems or working on our house.

Kathy and I headed to Key West over the Labor Day Weekend for our honeymoon. We left early Friday morning and was not in any rush, so after many stops we arrived in Key West around 5pm.

We had booked a room at Author's Guest House and I'll tell you this... even though we're bikers they treated us with respect and courtesy. We had the same room as I had when three friends and I went down in 2008. Our room was right beside the pool and all we had to do was walk out of our door and fall right in. I highly recommend Author's Guest House, tell em' I sent ya!

We took in many sights and wore ourselves out. Kathy made me go shoe shopping. (ok guys you know how that is... right?) We went down to the Southernmost point of the United States and was really surprised to find a line of people a block long on Saturday afternoon waiting to take a picture at the buoy. We decided to come back later in the night with less crowds. We came back at 8:30 PM to find a short line and we even found a parking space very close. Duval St. was

packed with kids both Friday night and Saturday so we didn't even stop in at Sloppy Joe's. We ate at a few places but the best food we had was a nice little Peruvian restaurant called "Incas Restaurant", right across the street from Author's Guest House.

We had an awesome ride down and back. We were going to stop at "Alabama Jacks" on the way back but we were worn out and it was hot as can be. I don't usually burn but this trip I surely did. We'll plan a ride to "Alabama Jacks" in the near future because Kathy has never been there. Maybe some of you would like ride with us... send me an email. We got home around 6 PM Sunday afternoon, unloaded, and then picked up our baby, Coco, at Kathy's parent's house. It was great to be home.

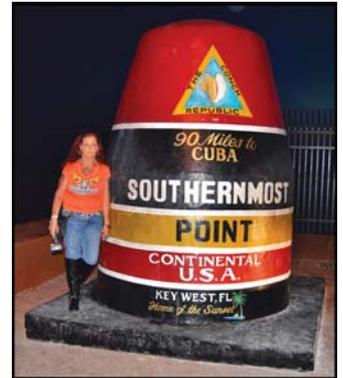

These past few weeks I've been pressure cleaning, scrapping and painting our house. A 4000 psi pressure washer wouldn't take all the paint off so I've had to hand scrap the walls. We planned to paint the house when it turned a little cooler but West Palm Beach Code Enforcement changed that by giving us a citation for various things, saying we had to have the house painted and done by Sept. 20th. Kathy picked out a very nice bright blue and I think the house looks great. My Mom bought this house in 1969 and I think she would like how it came out. It looks like a completely different house and will look even nicer once we finish planting all the flowers and bushes.

We'll be riding more this month (knock on wood) so we'll have more biker events to cover for you.

So until next month, Ride Free Ride Safe. RogueUSMC

Since it is "Biketober"... I thought I would share a creepy biker legend with you.

If anyone finds themselves in Switzerland, Florida, you might want to investigate Greenbriar Light Road. The real name for this road is just "Greenbriar Road" and it runs east of Switzerland, Florida, in St. Johns County. On Greenbriar Road there is a light that chases cars. The light looks like the headlight of a motorcycle and according to reports it seems attracted to cars. It usually follows behind a car about three hundred feet. Although the mysterious ball of light never passes a car it has been known to sit attached to the top of a vehicle until reaching a certain point on the road where it vanishes. None of the investigations could come up with an explanation for the light. It is not an area that would normally produce swamp gas as in other cases involving ghost light phenomenon. According to folklore, the light is supposed to be the headlight of a phantom motorcyclist. There was a young motorcyclist who was racing on the road one night. He lost control of his bike and was decapitated by a guy wire supporting a telephone pole.

If you're interested in more paranormal biker experiences, there is actually a group of bikers who chase ghosts! Their Facebook page is; FB/The-Paranormal-Bikers.

Looking back on September, I had a great time on September 2nd at the Mystic 7 MC Clubhouse celebrating Cindy's birthday! Great turnout, lots of fun, food, cake, and of course drinks and shots were flowing! Always a fantastic time at STATES MC Clubhouse for their Key West Tune Up Party on Sunday September 10th. Hired Gunz Band rocked the stage, vendors had a great assortment of biker accessories, but the highlight was Puddin' and Twitch renewing their vows with Alan Brownfield officiating. The video is circulating on FB. STATES MC always go all out on

the food and it wouldn't be a biker party without the booze flowing.

Please ride safe and remember to always "Pay It Forward!"

I Survived the Poker Run Perils in Key West!

As I write this the guy on the radio is making a big deal about being the first day of Fall. Someone tell that to the weatherman because it's been hot as hell out here. The only way to cool down is to get your knees in the breeze and I ain't talking about a box fan. I have been doing a few solo runs in Florida

on my Record Setting Road King. I don't know if it's me or what but it seems to be getting heavier each time I ride the damn thing. I might buy a new one next year but I'm not sure. I'm going to have to go down to the local Harley dealers to see what type of deals they are offering. I have been working long hours and was getting ready for the Phil Peterson Key West Poker Run.

I have been setting up in front of Rick's Bar for the last few years. This Poker Run for me was the event from hell. Everything that could go wrong went wrong and with the heat index off the charts the mistakes felt like salt in my open wounds. Next year I'll make a check list.

I had my heart set on driving my ambulance down to the Keys so when I go to start it up the damn thing refused to start. I paid \$550 to do some work on it and BAM... didn't start again the next day! I rented a pickup to haul my trailer and when I got down to Key West, at 3 am, I asked Ken if he

events to begin. It was me, Freddy and Ken in one room and they both sounded like bears snoring out loud.

I was on the scene at 7:30 am setting up while most of the Poker Run attendees were sleeping off the effects of the "Duval Crawl" that the Peterson's organized. Freddy took a pic of me almost getting run over by a van that was speeding down Greene St. Here I am with my Cuban Coffee Colada minding my own business when I hear Freddy shouting, "Gabe... Look OUT!!!" I turned and raised my hands shouting... "slow down bro!" Fast Freddy laughed his ass off, and took pics with his state of the art digital camera as I almost lost my life or limb.

Friday night was hopping and this year I thought there were more bikers than tourists compared to other years. All the usual suspects were coming around the tent, checking in to grab the free shop towels we were handing out. The towels were such a success I am going to get more for the 2016 SFPC Toys in the Sun Run. The Attorney that RIDES'

Honeys and Freddy handed out 2,500 shop towels. It seemed everyone on Duval Street had one! All ya had to do was sign up for my email newsletter.

Saturday, from 8am to 4pm, was the bike show and the beasts of machines were all out in force. Beautiful works of art on display awe-ing all the gawkers. These were not the LDR Hoka Hey bikes for a Hoka Hey Motorcycle

Challenge, but they all looked bad ass in my opinion. Jorge Carrasco, the man running the bike show from Rev'd Up Inc, did a stand up job in judging and organizing the show.

9pm came around and it was time for the my Balcony Party at Señor Frogs on Duval. I had

been advertising a free \$100 bar tab. To enter you had to take a selfie with you and your bike in front of my three billboards on the way down to Key West. Folks started posting their pics in the Attorney That RIDES Face Book page or just tag Freddy or myself for the 10pm drawing. John Malin of Broward County won the \$100 food & bar tab. And ten minutes later there he was with his lovely wife with a table full of Mexican food.

The party started somewhat slow but after I started performing gymnastics with my "Carrera Honey's", and a gal who maybe shouldn't have tried doing handstands... the party turned into a freaking Animal House frat party. The DJ was playing Moonshine Bandits, 2LIVE Crew, Led Zeppelin, and all types of music! I want to thank AOA MC, States MC, Hermandad MC, Hoka Hey brothers, SE ABATE, American Legion Riders Post 180 & Marathon posts, and many others who I can't seem to remember as the evening became a blur with all the free flowing libations. I do remember the highlight of the evening though. One AOA MC member from out of state, got married in Key West and he and his new bride, and his brothers showed up. Now everyone loves a wedding, I mean, folks were just happy for the newlweds. I felt so good for them that I purchased an hour of open bar. The shit got wild with Fireball's flowing for free! I'm just glad nobody fell off the balcony... and no one had to be thrown off the balcony... It was a great vibe with great attitudes that non-bikers came up from the street to wish the newlyweds well on their marriage. On Sunday morning I assume there were a few cussing my name because

my ears were ringing.

The next big event I am working on is A1 Freddy's gig on October 9th and the 2016 SFPC Toys in the Sun Run! (Remind me... NO FIREBALLS for a month, or a week is just fine). Gabe

Later, that Sunday we all got to enjoy "Soulcide", Rawkin' us at Mike Deptula's birthday party at Flossie's... ALL on the same weekend! The Fly-in Wheels' ladies were available to have some fun with too.

We rode to Key West on the 15th for Phil Peterson's Key West Poker run. Hot as Balls... but truly one of the

most beautiful rides in South Florida! I got to see Gabe, our attorney buddy and A1 Freddy. They were quite a team, along with all the Rest of you Crazy's on Duval street!

Thinkin' I was still 20,

I rode back the next day in the heat to take my sons to drumline tryouts in Orlando! Lunatic devoted MOM!!! Took Tuesday off to finally recover!! (But I told Miami Mike I was recovering until Thursday so I could take 2 extra days to do this article...

Mr. Nice Guy, (aka MNG). I won't be missing any Mickey's parties if this is how Alan throws them!

On September 2nd I went over to the Mystics 7 MC clubhouse for a

surprise birthday party for Cindy, Robert's old lady. We had a real good time. So many people showed up I didn't think we could fit any more people in the clubhouse. Great people, good food and a good time. Happy Birthday Cindy... and many more.

As it was getting late, I went home and rested up for the weeks of parties that were coming up. The next night we rode over to the Keltics MC clubhouse for Mater's going away party. They had one hell of a spread of food as always. I got to hang out with for a few hours with a whole bunch of good Brothers. Here's wishing Mater good luck in his new home.

One up for Phil Peterson's Key West Poker Run. We rode down in a big group of about 300 brothers and sisters. Once we got to Key West we partied at our motels then at Sloppy Joe's Bar for most of the day, while checking out the bikes and the gals (mostly the gals) on Duval Street. At 5PM Saturday a large group of Brothers and their old ladies walked over to

Time to Jump on Board the Train!

TRAINSTORM that is! The band TRAINSTORM has been taking South Fl by storm. TRAINSTORM has been a life long dream of Art Wild, drummer with the band also known as A.C.Wild. Art wanted to build a band that can play the songs that are difficult which a lot of

cover bands choose not to play... plus original music as well. He has been working on his original music and looking for the right players for 7 years. Six months ago Art asked bassist Lorenzo Abbate to join his project, then guitarist Jay Castano. Now it was time to find that missing link and Stewart Tilton joined the band on lead vocals. TRAINSTORM was finally born. They practiced just about every day. The band joined A1 Promotions to help get them gigs in So Fla. The band played sets at a few fund-raisers and started to get noticed. TRAINSTORM got their 1st

gig on Friday July 29th and has been taking the South Florida music scene by storm ever since... with rock, heavy metal covers and their originals.

- Art Wild-Drums. From Santiago Cuba. His parents were able to escape the Castro regime and moved to Los Angeles in 1968. As a freshman in high school Art fell in love with Rock N' Roll and all the rock bands that played the Hollywood club scene. He started playing drums and formed a band with fellow schoolmates and within 2 years the band was playing all the big parties and the club scene. They recorded two albums and toured. Art moved to Florida in 1998 and after playing with many groups he finally found the musicians and singer he needed to make and build the TRAINSTORM. Art has played drums with Rage, Secret Service, Sir Wicked, Snake Eyes, Perro Negro and many other bands.

- Lorenzo Abbate-Bass. Lorenzo is from Florida and has been in the local music scene for a long time. Lorenzo joined the band Tyrant and got to play all the South Fl hot spots. Later he played the original music scene with the band Sheer Fear and Sweaten Bullets and had the privilege to open for Pat Travers, Nazareth, Ted Nugent and others. He played upright bass with Dr. Slide, The Shadow Casters and Shakey Dave and The Bar Stools. Most recently he played with The Roscoe Martinez Band, the late Matt Sullivan, G Force, The Serpentes and Love Muscle.

- Jay Castano-Lead Guitar. Jay started at a very early age singing, accompanied by his father who also taught him to play the guitar at age fourteen. Jay decided to start his own rock band. Jay is a song writer, composer and producer with over twenty years of experience. Besides being an amazing guitar player who is mostly self taught. Jay plays percussion, bass & piano. Jay has performed a variety of styles from American, Hispanic, Latin and Colombian folk music to classical, rock, pop and jazz, which made him a versatile musician and opened up opportunities for him to be part of many projects around the world, as either a performer or producer.

- Stewart Tilton-Lead Vocals. Born in Pontiac Michigan, grew up in Wald Lake Michigan, Stewart started singing at a very young age. While performing he also wrote music and developed the style and character he is today. (Which is pretty wild at times LOL!) I have seen him win many singing competitions. Stewart has performed with Kanvinced, Underpressure, Switched at Birth, Propaganda and is currently performing with his TRAINSTORM. Stewarts dream is to write and record originals with his band and leave his mark in the rock metal world. Look for TRAINSTORM coming to a South Florida venue and beyond!

As you may or may not know, sometimes an event happens at the end of the month and can't make the cut-off date for WOTR. Just like "Alan's Surprise Birthday Party" (for himself) at Mickey's this past Aug 28th, with music by "Mr. Nice Guy". If you were not there you missed one hell of a party! If you where there you know what I mean!

Last month, for the first time in years, I took a little trip away from Broward and drove down to Key West with Gabe, the Attorney that Rides, for the Phil Peterson Key West Poker Run. I worked with Gabe and Ken at Gabe's tent in front of Rick's and took photos of the event

and I took an awesome club group shot at the Southernmost point (below). I have not been to Key West in a long time and it was great to see so many friends and to check out all the amazing bikes, bands & babes. We had a CrAzY wild time with lots of new and old friends at Gabe's Biker Appreciation Party, sponsored by Gabe, Miami Mike (WOTR), my A1 Promotions Group, The Key West Cigar Club & Señor Frogs. Go to my Facebook page: Freddy Jentsch Sr and you can see all 4 photo albums! What a trip... I can't wait til next year.

SAVE THESE DATES... Sunday October 2nd, 2 events: Mystic Seven MC Annual & Flossie's Breast Cancer event. Saturday Oct 8th New Attitudes MC

Annual. Sunday Oct 9th A1 Promotions Party, Oct 22nd 2

events: Wheels Of Man MC's Halloween Party and starting and ending earlier: Claude's Birthday & Halloween Bash with A1 Promotions. Children's Charity Riders and Chester's Harley are holding a Zombiefest on Oct 29th at 2PM to raise money for bikes for the kids and on Oct 30th CMA/SE ABATE

Memorial (combined event) at Mickey's Tiki Bar.

STORMY'S RIDER RHYMES

By Stormy3355@aol.com

America Proud

How many years must we
 play the race card?
 We need to come together,
 it's not very hard...

If you're black or white,
 if you're yellow or brown,
 Wherever your're living
 It's YOUR hometown...

We need to come together
 in our Country as one,
 Or the war they've waged against us
 is as good as won...

Our Military has done this
 They fight UNITED,
 This makes me crazy,
 I'm not going to hide it...

The enemy that threatens us,
 They are already here.
 We need to stand strong,
 get our Butts in gear...

We should all be ONE unit
 We must stand our ground.
 The consequences of seperation
 is truly profound...

Lay down your differences
 Stand by your neighbor.
 Fight for this Country,
 with the blade of a saber...

Don't play the race card,
 don't put your head in the clouds,
 Be strong, be united
 Be AMERICAN PROUD...

God Bless the USA!!!!

Woo's View's

By Willie Woo: WillieWoo69@hotmail.com
 Don't say we didn't warn you after reading his articles.

Hi Gang! We're only a little less than a month away from watching Mr. Trump become our next President, and NOT hearing from the dishonest bitch hillary anymore. The brain dead aholes who voted barry obambamm in not once, but to show how utterly fukn stupid they really were, twice! So now the Wonderful United States, the Greatest country on this planet is laughed at by the rest of the world! I saw a photo of obambamm and Putin face to face and glaring at each other like two fighters just before the fight begins. It was laughable. In a real fight, Putin would beat the living crap out of that paper tiger. The brain dead elected a

real pussy to be president. That will cease and desist as soon as Mr. Trump is President! He WILL make AMERICA GREAT AGAIN!

With all that's happening with the Police and the blacks, it seems to me that the main objective of the blacks is to have total immunity from the Police no matter how disgusting and despicable and unlawful the acts and crimes they commit. No matter what they do, they always fall back on the race card. The people I blame for that are all you white aholes who fall all over backwards if anyone calls you or accuses you of being "RACIST". It's been my experience that the worst racists are those people who say they're not! I'm not racist!! I HATE EVERYONE equally (especially progressive liberals!). I even came up with a pretty nifty bumper sticker. It says "Keep the illegal's, Deport the liberals".

I finally got my girder front end finished! It's an old EME girder. They were one of the only girder front ends built with no welds holding them together. All bolted together. The legs were flame cut from 5/8 inch steel plate. It's truly a thing of beauty. I'll bet there aren't too many of them around! It's amazing what 40 years in the weather can do to steel, even if it's been plated! Now the trick is finding a wheel to fit in it. It's exactly 4 inches wide inside the legs. I guess I'm going to have to do the same as I did years ago when I built a VW trike with a narrow front end. I had to take and section (cut a piece out of the middle of the hub to narrow it). God, I LOVE this shit! For me, the best part is building the bike. Kind of like when I was chasing women. The best part was in the chase. After I nailed them a few times the thrill was gone and it was time to move on. I'll ride this one to bike nights and Flossie's a few times, then I'll start on my Super V. I wonder about these guy's who only want to sit in front of a TV and do nothing else. I really can't fault them if that's what they like to do, but I look at it as a complete waste of time.

The three big male dog's are some real beasts! Nappy the runt is still the runt of the litter, only now he weighs 101 lbs. He's a real sweetie. Tank, his bigger brother, is 116 lbs and a real BEAST!! He's sweet as can be to me, but he don't brook any crap. His Daddy Koco is the king of the Beasts around here (as long as Miss Precious lets him be). She's nothing to screw with either for that matter! When the boys start to go at it she just leaves them be. When they get frisky and try to drag her into the fray, then she teaches them the error of their ways real quick! I love watching them go at it. I always check them afterwards, but there's never any blood or open wounds. Funny thing is right after they go at it and you think they are killing each other, they are sleeping next to one another or licking each others ears. They squabble and fuss with each other, just like a family but at the end of the day they love each other.

Well Gang, that's about enough of my rants for this month!

Phil Peterson Key West Poker Run. This year the weather was perfect, except for 2 huge downpours during the 1st 25 miles of our trip. It was a wonder we never got wet! (It did help we took the old but reliable STS...) We stopped at the first 3 stops and I was getting lucky with 3 hearts, Jack, Queen & Ace... the start of a Royal Flush! Sharon got dumped on right away. So thinking I could actually get more than 1 pair of 3's, (the best in 32 years), we rode to the 4th stop where we... found it closed! WTF??? Bad Luck!!! I knew it was over because having to draw 3 cards all at once at the last stop is NEVER-EVER the way to go. We did meet a group of bikers at Robbies / Hungry Tarpoon Restaurant & Gift Shops, where you could hand feed 100's of large tarpoons as they lept in frenzied schools trying to steal dead, slimy, smelly baitfish you dangled in their faces. (I tried to tell Sharon they have teeth...) The bikers (remember them) were taking it easy riding to Key West. One of the guys told me he was on all the poker runs except the first one when Phil rode to Hornes 44 years ago with his Mustang Motorcycle Club. I didn't catch his name but he's old as hell sitting on the bike, with his buddies around him. So finally, after getting to Key West, we saw Gabe, Ken, Freddy and the Gabe Girls on Duval in front of Ricks. 100's of people (not 1000's like the next night) were walking around like Zombies, left to eternally walk up and down Duval... or until it was time to get back to their cruise ships. We stopped by and got a slice of pizza, usually great but another disappointment. We came across Perv, and a few "loose" Mystites... Sharon found where the jewelry bargains were, and I paid for... then back to the hotel, took a hot shower and had sex for 15 minutes... then Sharon knocked on the door and I let her in...

The next morning the hotel had a really good free breakfast. Eggs, sausage, waffles, fruit, bagels, cereal... lots more. After a couple of cups of coffee we went down to the last stop where I was forced to pull my crappy last 3 cards. I

44th Key West Poker Run Update

By Drew Peterson, Owner, Peterson's Harley-Davidson South

Hello Everyone... Another successful Poker Run is in the books! What a GREAT Poker Run Week. It started this year with a Thursday Pre-Poker Run Bike Night at Peterson's South the week before the Run. The South Store showroom was transformed into a night club with DJ Laz, a light show and runway for a Bikini Fashion show, with free food and drinks to get people signed up early for the Poker Run.

The Pre-Poker Run Parties on Saturday and Sunday a week before the Poker Run at both Peterson's locations had a great turnout for the Demo Rides... of course everyone wanted to test ride the All New 2017 Milwaukee 8, with four valves per-cylinder x 2 cylinders=8 (get it?) Good! Now test ride it and you will buy it!

My mom Char, blessed the event to make sure we did not see any rain the whole weekend. The six stops this year ran like clockwork but with this years extra bonus 6th card it took us all day to get to Key West!

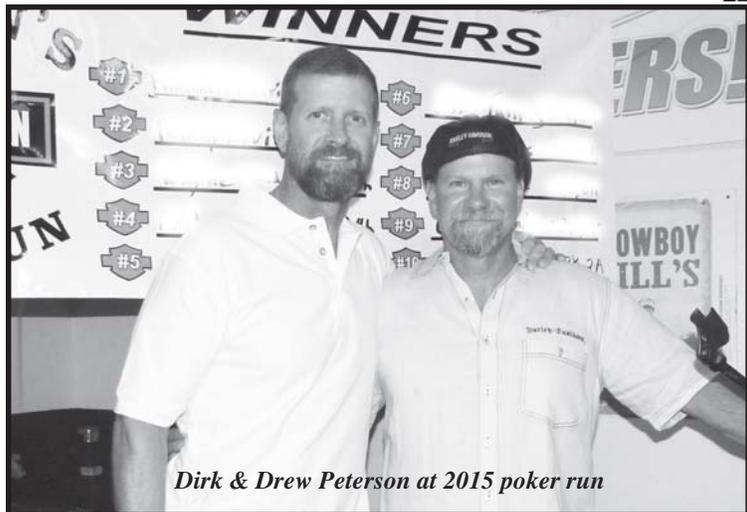

The Duval Street Bike Show, with 97 bikes, in front of Rick's/ Durty Harry's and the Bike Sound Off, went well without getting the bar owners upset about the loud music that those Boom Audio Bikes put out. The Bike Show seems to get harder and harder to judge each year with all the builders stepping it up a notch again this year. Congratulations to Bobby Lopez from Cartel Baggers for taking "Best of Show" with his over the top (etched) Road King. See all of the Bike Show finalists on our website: PetersonsHarley.com

The top ten best Poker Hands of the 2016, 44th Annual Phil Peterson's Key West Poker Run, went to:

- 1) Roger Tapanes from Miami, 5 Queens, won \$1,000 and plaque
- 2) Robert Hart from Port St. Lucie, 4 Aces, \$500 and plaque
- 3) Chuck Mantegazza from Hollywood, 4 Kings, \$300 and plaque
- 4) Sally Mishmash from Marathon, 4 Jacks King high, \$200 and plaque
- 5) Roy Bram from Miami, 4 Jacks 10 high, \$100 and plaque
- 6) Girolamo Dicembrino, Pembroke Pines, 4 Jacks 5-4 high, a plaque
- 7) Mike Sizer from parts unknown, 4 Jacks 5-3 high, wins a plaque
- 8) Bryant Wade from parts unknown, 4 Tens wins a plaque
- 9) Thomas Evans from Hollywood, 4 Nines wins a plaque
- 10) Miquel Marino from Miramar, 4 Sevens wins a plaque

- The Cash Raffle went to Chad Herzog
- The Furthest Traveled was Robert Dixon from Omaha Nebraska. He won a \$300 Peterson's gift card
- The oldest T-shirt went to KC Casper from Miami with his 14th Annual 1985 t-shirt. He won a \$200 Peterson's gift card
- New this year was the \$10,000 1st Place for a 1 round winner take all Texas hold-em', won by Roy Bram from Miami with 2 Queens.
- The final count for hands, parking bands, t-shirts, pins sold and sponsor money raised will take a few weeks to be tallied. All updates will be posted on our website at: PetersonsHarley.com.

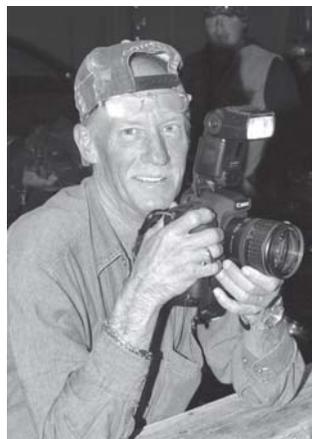

Thank you to all the sponsors, all who Played and all who participated in this year's Poker Run, I hope to see you again next year! Drew

TRACKSIDE WITH CHUCK

KillerInstinctPhotos@gmail.com

This month I would like to start off by sending my condolences to Beth Ferraro and the Dirty White Boys family for the loss of Big Steve Ferraro. He was hands down one hell of a man & brother to so many people and he will be missed greatly. He truly was one of a kind and loved by all of those who had the pleasure of meeting him.

This month, like last month, had been a slow one when it came to racing. I was able to hit a few small races at Palm Beach. After this month things will start to pick up, especially for South Florida because a lot of teams head south to test for next season. Many racers choose

South Florida for numerous reasons. The weather down here can't be beat during the fall and it gets a lot of racers from up north the chance to escape the cold.

I would like to give a shout out to grudge racer Torra Kelly who was involved in a horrific crash at Palm Beach International Raceway after he had a fuel leak while making a pass. During his run the car got loose and T-Boned the wall, bounced off and hit the other retaining wall. Once the car hit the other wall it burst into flames. He was able to escape injury and my hat goes off to the rescue crew for a quick response and saving his life.

We all know how dangerous this sport can be and that is part of the risk racers take when they strap into one of these cars. Cars can always be rebuilt or replaced but lives cannot. I am sending thoughts and prayers for a speedy recovery and am looking forward to seeing you back out there!

While we're talking about racing, I would like to congratulate my son, Chris Foster, and the Mel Bush Motorsports Promod team on their 2nd Professional Drag Racers Association win of the season at Galot Motorsports Park in North Carolina! Keep up the good work guys!

Keeping up with racing, a lot of you guys out there remember Countyline Dragway off of US 27 and Krome Avenue, the only drag strip south of Palm Beach County. Well there has been a group of people petitioning to bring this track back after it closed a couple of years ago. They were a small and up-and-coming track trying to provide a place for all the racers from Broward, Dade and Palm Beach. They held a point's series and even a motorcycle event. Well this group of guys are trying to bring the track back and held a rally to show support and there was a very large and impressive turnout. It was good to see so many people show up to try and bring this track back for those living south. Almost every weekend for the past month or so they have been petitioning at the entrance of the track and the crowds seem to be getting larger and larger. If you're a fan of drag racing and would like to help them out, look them up on Facebook and "like" their page. The more voices that are heard, the higher the chances are of something changing. Their whole goal is to get racers off the streets and into a safe and secure environment to help prevent tragedies.

My last stop for the month was a trip to Flossie's to attend Mike Deptula's birthday party. This event was headlined by Soulicide, who put on a kick ass show! Soulicide debuted their new lead singer, David Sturgis, and he was spot on throughout the entire performance. They played a refreshing new playlist and rocked out all night. Keep up the good work guys!

Until next time be safe, Killer Chuck

don't even know why I bothered. I knew the day before that my luck was over when that stop closed at 4:59!!! After leaving my pair of 3'S... We drove over to the municipal parking lot at the end of Duval and did the Zombie shuffle up Duval, stopping at some shops seeing if we could spend some cash. We ended up with a few things we didn't need and a new SanDisk 80MB/S 16Gig SD card that I did need. Now I can take photos twice as fast as before so (fair warning) when you stick out your tongue (Lynn) I can shoot a dozen shots by the time you stick it out and in. We walked up and down Duval for a while looking at the bikes and people then drove back to the hotel to get ready for Gabe's Free Food & Drink Balcony Party. There was a Balcony... but (of course) after we left the booze flowed until the wee hours... but the pizza never did show up. And then it was time to take the Poker Winner / Texas Hold Em' photo's on stage at Dirty Harry's with the Peterson boys. The problem was the bouncers and security guys didn't like that I went around 20 people standing in line and then I didn't care to get patted down... so I left before I got more aggravated than I already was. (Remember no food or booze on the Balcony?) I was hoping that one of the photographers I knew had gotten on stage shots... but unfortunately nobody did. But if someone shot a few I can still print them next issue. Send them via email... thanks. It was now getting a little late and hot and sticky so we headed back to the air conditioning. We watched something about the rain forest thinking some people don't even have electric, forget about A.C. The next thing I remember was waking up, getting dressed and going to Sunday breakfast. We ate, went back to the room to pack up and headed out of Key West and up US 1 before 11:30. A few stops

along the way back, our regular stop at "The Lobster" for more weird Florida Keys gifts and a late lunch at one of the best kept secrets in Key Largo, Snappers Oceanfront Restaurant & Bar at 139 Seaside Ave. They have the best fresh fish in all the keys without costing a small fortune. Afterwards, it was a quick stop up the Turnpike and home in time to catch the last episode of season 4's Ray Donovan for an end to a really great weekend. (Read Drew Peterson's column on page 40 for almost complete Poker Run info and go to the Peterson website for updates at: PetersonsHarley.com.

The last event I attended just before I went to press was the Keltics MC Ride Em' Hard Pardee 6 on the 25th which took place at Vixens mens club. It was a perfect day for an inside party, cloudy with chances of rain. There were a lot of bikes in the parking lot and over 100 people inside the disco style lounge. Once my eyes got accustomed to the darkness I saw a few mostly naked gals climbing up and sliding down 25 ft. tall brass poles. I was impressed. I went up to the DJ booth and met Sam Deas who runs the sound and lights that make the lounge look and feel like a Broadway show. He let me take photos from the booth which was about 12 feet up which gave me a great view of the large room, which is about 100 feet across. Everyone was having a good time and everyone had a drink in their hands and buckets on their tables. The

Keltics got the drink prices down to what we are used to paying and outside there was a tent set up cooking burgers and hot dogs. And there was a cute gal outside selling beer so you could grab a cold one without having to walk a few hundred feet to grab a beer. I couldn't stick around for more than 2 hours because I had to finish this issue however Axman was at the event all day long (I think he was even helping the gals in their dressing room but I can't be certain) so next issue I'm sure he's going to have a bunch of "interesting" photos from this Keltics MC Event.

Check out page 33 for upcoming events and event flyers which are also listed on page 10. And read Tattoo Dave Amchir's column where he talks about the Toy Run raffle tickets that you can buy from most MC members and at Peterson's and Chester's Harley Dealerships. ALL the money that is paid for the tickets go to the sick kids at Joe Dimaggio's Children Hospital. Peterson's and Chester's have paid for the bike as well as giving many other donations that go towards paying for costs of the Toy Run such as staging and a big name, band which you will be thrilled with when Tattoo Dave tells everyone by the end of the month.

Until next month, enjoy all our local events, don't drink and ride (or drive) and Keep your Wheels on the Road!
