We skated through August without getting hit by a hurricane but September and October are usually the most active months.

As I type this article, Tropical Depression Nine may make a Gulf Coast landfall later this week with heavy soaking rain, thunderstorms and gusty winds, but they aren't sure how strong.

I lifted some of this info from the Weather Channel: Wilma, in 2005, was the last hurricane that hit Florida and we have had it easy for 10 years. And now El Niño is gone! Strong El Niños are known to produce strong wind shear – a large change in wind speed and/or direction with height that acts to either keep tropical cyclones from forming or rip apart any existing storms. Last season, the only two named storms that tried to approach the Caribbean – Danny and Erika – both fizzled, thanks to the strongest wind shear on record since 1979 for that area, according to Colorado State University tropical meteorologist Dr. Phil Klotzbach. The 2016 Atlantic hurricane season forecast released from Colorado State University calls for the number of named storms and hurricanes to be near historical averages. A total of 12 named storms, five hurricanes and two major hurricanes are expected this season.

So it may be time for you to stock up on food (for your family and pets), water, toilet paper/paper towels, and put away a few 5 gal gas cans (or more) filled with High Octane for the bike and a generator (you should have both of these), and a few gallons of bleach. Some water can be purified using a few drops of bleach in a gallon of water, however bleach can not get rid of certain chemicals so your best bet is to fill a few 5 gallon containers before the water stops coming out of your faucet. There is a good online article on how to properly purify water that I recommend you read and print before the next storm

I am getting more and more excited about our upcoming trip to Germany. On September 8th my wife and I will be flying to Bremen, Germany to spend some time with my family on the other side of the Atlantic. Lufthansa offers the best connection to my hometown. It's a direct 9 hour flight from Miami to Frankfurt. We will be arriving at 8:15 a.m. the following morning. The connecting flight leaves at 9:15 a.m. arriving in Bremen an hour later. We should be out of customs by 11:00 a.m. My mom's house is about 25 minutes away from the airport, however, in between there is a bar / restaurant which is called the Gollander Krug. They serve my most favorite beer which is only brewed and served locally in Bremen. It takes about 8 minutes to have the "Krausen" properly poured. I can already taste it! Most likely, I will call them to start pouring when we are about 10 minutes out. I will tell you all about my German adventures next month.

On Saturday (08/06) I attended Brian and Mark's Birthday Bash at Cagney's House of Rock. As expected they had a full house. No wonder,

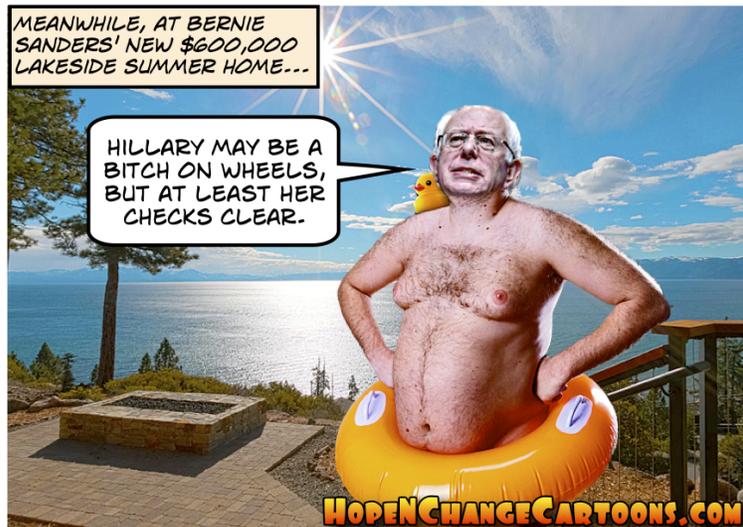

Deception was rocking the place. They always kick ass when they

perform. Also, Johnny Smoke is doing an outstanding job with his light show. I felt bad for Brian that he had to work on his

birthday. Next to a regular cake Cagney's provided, Cheryl Leate had created a phenomenal Boobie cake. Brian, Mark and every other male in the bar liked it a lot. (My Birthday is coming up on 09/14 while I am in Germany. It is very doubtful that my Mom will bake me one but one can always hope...) Anyway... everybody had a great time. Again, Happy Birthday Brian and Mark, and many more!

My wife's uncle Dick passed away on August 11th and we had Vicky's family descending on us the weekend of the Tattoo Expo. As sad as we all were about his passing, it was a huge relief knowing that Dick was no longer suffering. With everybody in town, I still managed to scoot over to the Coral Springs Marriott for a couple of hours on Saturday afternoon (08/13). I arrived just in time for the wet t-shirt contest... go figure. They had four contestants competing for cash prizes. It made for some great Kodak moments. Unfortunately, some of the

shots I have taken, will not be able to be posted on my website. No fight broke out this time and Mel T did not get pushed into the pool. However, two of the girls jumped in voluntarily.

Inside the hotel, the halls were filled with great tattoo artists from all over the

country. In the hallways vendors displayed their goodies and everybody seemed to be doing good business that afternoon. From what I was told, this years Tattoo Expo raised \$41,000.00 for Joe

DiMaggio Children's Hospital

which is very good.

Tattoo Dave & his mom Donna

I hope everyone who came out to support the 21st Annual South Florida Tattoo Expo, benefiting Joe DiMaggio Children's Hospital, had a blast at this one of a kind event. This year we were able to raise \$41,000 for treatment of children diagnosed with cancer and many other special needs. I would like to thank my entire Wings of Gold MC club for providing me with staff and security, along with DWB MC and the Skulls MC for their services at this event as well. Plans for next year's event are already under way. The dates for the 22nd Annual South Florida Tattoo Expo are August 11-13, 2017 at the Coral

Springs Marriott at Heron Bay.

This year's 29th Annual SFPC Toys in the Sun Run is already in full swing and the first topic of discussion is the raffle tickets, which are being printed up as we speak! We want to distribute the raffle books to all clubs and associations to sell before the start of the Peterson's Key

West Poker Run. This year's raffle tickets are still \$5 a ticket or a book of 4 for \$20. First prize is a 2017 FLHXS Street Glide Special, (with the brand new Milwaukee-Eight Engine, see page 40) donated by Peterson's Harley-Davidson of Miami, Peterson's Harley-Davidson South and Chester's Fort Lauderdale Harley-Davidson. Second prize is \$2500 and third prize is \$1000. Either way, whether you ride a motorcycle or not, anyone can purchase a ticket with a chance to win cash, even if you win the bike and don't want it you can take the dealer's cash offer. So it's a win/win for anyone who has one of the 3 winning tickets! The drawing for the raffle winners will take place at Peterson's Harley-Davidson North on December 10th at 4pm, and you do not need to be

A fun time is always had by all who attend and it's a perfect way to start the Peterson's Key West Poker Run on September 15th-18th. At the end of the month the Keltics MC will be having their party at Club Vixens in Davie and the Mystic Seven MC Annual will be taking place on October 2 at their Pompano Beach clubhouse.  By Dee: Dorinda.Paikoff@aol.com

Edemene Humus

- 2 cups shelled, cooked edamame
- 2/3 cups garbanzo beans (chickpeas) drained and rinsed
- 3 cloves garlic
- 1/2 cup fresh basil
- 1/4 cup lemon juice
- 1/2 teaspoon salt
- 1/4 teaspoon freshly cracked pepper
- 1/3 cup extra-virgin olive oil
- Chips, crackers, or veggies-for serving

Directions:

1. Reserve one tablespoon each of the edamame & garbanzo beans for garnish. In a food processor, blend the remaining edamame & the remaining garbanzo beans with garlic, basil, lemon juice, salt and pepper. Slowly pour the olive oil through the feed tube while the processor is on. Process until smooth & well blended. Add salt and pepper to taste.
 2. Pour into a serving bowl & garnish with edamame, garbanzo beans, olive oil and basil. Serve with chips, veggies. For a time saver, buy edamame that is already shelled.
- Take 4oz cup with hummus, small piece of cheese, 3 whole grain crackers. Carrots, grapes, almonds. You have a heathy energized lunch. This is full protein! Dee

(And an ice cold beer and a 1/2 lb cheese burger would top it all off! ...MM)

**Diamond and Silk...
Trump Rally,
BB&T Center Sunrise
August 10, 2016:
"Don't let a crook
off the hook."**

There has never been, nor is there likely to be, a more important election than the one coming this November.

Our United States of America is nearly 21 Trillion Dollars in debt, ISIS is standing on our

beaches, our military is decimated, we are disrespected throughout the world and laws are being "bent" to favor those in political power. No matter Democrat or Republican, these assholes were there and have allowed this fu#ked up mess to happen. We sent a bunch of turds to Washington to do a job... they didn't do it! What has developed over the past 50 years, starting in the late sixties, with establishment politicians like the Clintons, Reid, Pelosi, McCain, Al Gore, Speakers Boehner and Ryan, Rubio, Cruz, the Bush's, Obama, etc. has reached unsustainable levels of corruption. The hard fact is if we don't put a stop to it we will, Citizens... become a Greece or a Venezuela, at least until someone like the Chinese or Russians see how weak and disorganized we are and come in and kick the shit out of us.

I attended the Trump Rally in Sunrise... as a journalist for Wheels on the Road. I have a media pass and went as a member of the media. I met some pretty cool people from the news outlets and they helped enlighten me as to how shit actually goes down in the reporting business. In a nutshell: The way this shit works is the Field Guy... like the guy at the Trump Rally... writes up a report, say a couple hundred words and that gets sent to the main office where an Editor screens it for "news worthy controversial words." Say he finds something like 20. That is then sent to a Senior Editor who cuts that down to something like 5 that are sure to draw attention to his news outlet so he keeps his boss and advertisers happy. For example... "Trump Incites Riots by Second Amendment Comment"... which is given to the likes of Jake Tapper and Megan Kelly to put the desired "tone" on the presentation to the People watching their TV sets. And, while they actually use his words from his speech or comments in the broadcast many times what they say is nothing like what Trump said or intended! And these assholes know it! Why??? Basically to keep you glued to the fuc#king screen wondering what is going to happen next - and it keeps their rich buddies and advertisers happy because it promotes their agenda.

Having said that it's obvious to anyone not living under a fu#king rock that upper echelons of the media are in the midst of the most one-sided reporting and analysis any of us have ever seen in a presidential campaign and that is overshadowing the coverage of "Crooked" Hillary's shenanigans. In fact CNN has substantiated Joseph Goebbels' Nazi party line, "**Propaganda must not investigate the truth objectively and, in so far as it is favorable to the other side, present it according to the theoretical rules of justice; yet it must present only that**

Black Sun - White Sand is a novel that relates how terrorist activity could bring about the downfall of the United States and in doing so describes current social decline, economic inequity, government excess and the general denial by the public that it could ever happen here. The main character tries to tell, but no one will believe him. You see... he's a junkie! There is also plenty of drugs, sex, violence and nuclear explosions!

aspect of the truth which is favorable to its own side."

What these fu#king losers like Jake Tapper and Megan Kelly don't get is that **THEY ARE THE PROBLEM!** Just like Crooked Hillary, "golfer" Obama, McCain, Rubio, Cruz, Debbie Wasserman, Boxer, Harry Reid, Feinstein, Governor Walker, and so on... These smooth-talking, politically correct motherfuc#kers and their paid for media minions are all FU#KING responsible for the debt our children are going to face assuming we aren't attacked by some asshole, mad-dog Islamic fu#k-wad terrorist among the 10,000+ refugees already here in the U.S. (Note: **On July 14th, Breitbart News wrote in part: if Hillary Clinton wins she could permanently resettle close to one million Muslims... she could potentially resettle as many as 856,000 during her first term alone... they will have the ability to bring over their family members through chain migration**)

However, keep in mind that many said Nelson Mandela would never be / could never become President. Like Trump... to Mandela it wasn't about being President it was about saving his country from a corrupt, long-established, self-serving and ineffective political society so his children would have a place to live.

November is about saving our country from these establishment corrupt assholes that have been hanging around and fuc#king things up for the past 50 year,s and are now formulating two sets of laws... one that applies to the People and one the applies to 'them' which allows sleazy shit like transferring \$400M in CASH out of

the country to a bunch of assholes they acknowledge hate us and will use the fu#king money to kill us! That's bills, dollars, francs, marks, euros, pesos... And suddenly 4 Americans show up that had been held in Iranian prisons, but it's not a ransom payment. Right... Kinda makes ya feel a little queasy when you know the sons-a-bitches are lying to ya...

The biased, slanted and corrupted information being fed to the People is almost impossible to comprehend. It is absolutely amazing... and intellectually insulting... that the media and these arrogant political hacks have the opinion "We the People" are so fu#king stupid we can't see through the bullshit they are trying to feed us.

Here's some information recently presented by FOX News under the heading, "Donald Trump has his billions, but Hillary Clinton has her billionaires." Clinton spokesman Josh Schwerin said, "That grass-roots support is the true power behind this campaign as Hillary lays out her plans to build an economy that works for everyone, not just those at the top." Right, Josh... another guy with his head up his ass. And Crooked Hillary, in disrespect for the intelligence of her Democratic voter base, called in her convention address to get "money out of politics," and while going forward on the campaign trail continues to spread bullshit that her presidency would work for lower-and-middle-class Americans while taxing the wealthiest, like Wall Street executives. Nobody is that fu#king stupid when something like 24 billionaires have donated more than \$42.5 million to Hillary's campaign and her super PACs!!!

Among the donors are people definitely not from the "lower-and-middle-class" including movie producers Steven Spielberg and Jeffrey Katzenberg, financiers Warren Buffett and George Soros, and Walmart heiress Alice Walton. The most generous, according to Federal Election Commission records, is Soros with \$9 million. Soros is followed up by hedge fund manager James Simons at \$7 million, and Haim and Cheryl Saban, with \$3.5 million each... Haim Saban owns Spanish television network Univision. None of these rich motherfu#kers are working for minimum wage and you can bet your ass they aren't giving her that kind of money so she can "work for the lower-and middle-class Americans"... while taxing the wealthiest, like Wall Street executives. **THEY ARE THE WEALTHIEST WALL STREET EXECUTIVES!**

The reality is Hillary's ONLY purpose is to get elected so she can influence the Washington legal, political and business environment for her billionaire associates and siphon off a ton of cash for the "Clinton Foundation" in the process. And these billionaire types desperately want to get her elected and are donating money like crazy because Trump has made it abundantly clear that the sorry motherfu#kers aren't going to own him. Problem is if Hillary is elected, they don't just own Hillary... they own all of us too.

Republican National Committee chief strategist Sean Spicer said, "The American people have had enough of failed status quo policies which have left them less hopeful in our country's future. They have had enough of serially dishonest, corrupt, and self-interested career politicians." No shit Sean... thank you for that wisdom.

Quite frankly while blunt, offensive to some, Trump's forthright honesty is a refreshing change from the status quo and his election is likely the only chance we have to prevent us from repeating the history of the Romans.

MY COSTA RICAN RETIREMENT

By Doob: DoobCR@gmail.com

A recent club ride took us out of the central valley where temps were in the 80's, up the

Pan American Highway through pine forests, to the top of a mountain range with temps in the 50's, to the Chesperitos Resturant for breakfast. 20 club bros showed up and we had only one stop, to put back on a muffler that slipped off a Road King.

I was happy I wore a sweater. Wicked hot in the city but I really

needed it on the mountain run. It was cold!!! On the way home we stopped at a biker event put on by the Bad Company M/C, a Bandidos support club. Many Bandidos were there and we get along good with all of them.

During a bad storm not long ago flood waters roared through a nearby town and did a number on a brothers Harleys. Took a long time for the water to recede and a lot longer for his bikes to get restored.

On the local scene, a surfer from Peru won the 'Gold' in the Surfing Championship event while Costa Rica came in 5th. A

ABATE UPDATE

By William G. "Ratchet" Prewitt

SE Chapter President

Email: abate.se.president@gmail.com

Greetings Brothers and Sisters!

Thank you for taking the time to pick up and read *Wheels on the Road, Your South Florida Bikers Bible* since 1999.

My name is William G. "Ratchet" Prewitt, and I am the new president of ABATE of Florida, Inc., Southeast Chapter.

I regret to inform you that for health and family reasons, Jim "Gambler" Willard tendered his resignation as President of the Southeast Chapter on Monday August 22nd.

I would personally like to thank Jim for all that he has done for ABATE of Florida, Inc., and our Southeast Chapter. I will be writing this monthly column so if you have anything you need me to write about my email address is above my name in the black box.

On July 23rd, myself and a few other ABATE, SE members attended the *Wheels of Man MC's Chili Cook off* at their Clubhouse. Man, what a great turnout and variety of chili. I had two bowls that were fantastic! The band was rockin' it and there were plenty of cold beverages being downed!!! Awesome job *Wheels of Man MC!*

On the 29th, we rolled over to the *Mystic Seven MC's* clubhouse for their open house, and what a great time we had there! There was a great spread of good food, and plenty of cold beverages! I would also like to acknowledge that they have a couple of proud sons currently serving in the U.S. Army, and as an Army Veteran myself, I thank my brothers for their selfless duty and sacrifice to our great nation! From there we rode over to the *Keltics MC's* clubhouse to finish off the night, and what a great finish it was!!!

On August 12th-14th, ABATE, SE had a safety booth at the *South Florida Tattoo Expo*, and from what I heard; great times were had by all!!! Critter and I had to attend an ABATE state meeting, so we were unable to be at the expo. I heard that \$41,000 will be donated to *JOe Dimaggio Children's Hospital* from the expo proceeds. That's great!

I would like to remind everyone in the community that ABATE of Florida Inc. is holding their annual event at the *Peace River Campground* in Arcadia, October 7th, 8th, and 9th. Tickets are available by contacting our Treasurer at 954-850-5452. Buy them early for \$30, which includes entrance and camping for the whole weekend. They will be \$35 at the gate. I'll be there and I hope you will too. ABATE Southeast Chapter's 36th Annual Event is scheduled for October 30th at *Mickey's* and we'll see you all there!

So with that, I thank everyone for their continued support to our chapter and our state

organization! May Saint Christopher, Holy Patron of Travelers, guide and protect you and your loved ones so that you may RIDE FREE AND RIDE SAFE my brothers and sisters!!!

Everyone over the age of 18 with proper ID are welcome!

Good News

By Doug Scofield

DougWOTR@gmail.com

As I sit here and reflect on the upcoming anniversary of 9/11 and what has transpired since the attacks; not just on our country but the very reason this country came into being... FREEDOM! Freedom is not cheap. It has been paid for throughout history by the blood and sacrifice of many brave men and women. I love this country and the freedoms that I enjoy and I want you to know that I deeply, deeply appreciate the sacrifices that you and your families have made so my grand children and great grandchildren will also be able to taste how sweet our freedom really is.

There are radicals and extremists in all religions. I don't understand why the mainstream religious leaders of Islam do not unite and take a stand and condemn the actions of the radical movement. When you see the hate and destruction on TV, just by the Koran being miss handled. My bible, my Holy Bible, is a great book; written by man and inspired by God. I am called to worship the living God... not a book. The Bible is a manual that God has given us all on how to do life; feel free to underline or highlight the verses that really touch you. The Bible is a wonderful book and tool that God has given us to learn from; life's manual... if you will.

I am thankful for a God that teaches love: Mark 12:28-31 One of the teachers of the law came and heard them debating. Noticing that Jesus had given them a good answer, he asked Him, "Of all the commandments, which is the most important?" "The most important one," answered Jesus, "is this: 'Hear, O Israel, the Lord our God, the Lord is one. Love the Lord your God with all your heart and with all your soul and with all your mind and with all your strength.' The second is this: 'Love your neighbor as yourself.' There is no commandment greater than these."

Matt 5:43-47 "You have heard that it was said, 'You shall love your neighbor and hate your enemy.' But I say to you, love your enemies, bless those who curse you, do good to those who hate you, and pray for those who spitefully use you and persecute you, that you may be sons of your Father in heaven; for He makes His sun rise on the evil and on the good, and sends rain on the just and on the unjust. For if you love those who love you, what reward have you? Do not even the tax collectors do the same? And if you greet your brethren only, what do you do more than others? Do not even the tax collectors do so?" This is a hard one to swallow but there is absolute truth in what Jesus is teaching in these verses. There is freedom in forgiveness also thankful that the Maker of the universe extends that love, grace and mercy to all that seek. Rev 3:20-21 "Behold, I stand at the door and knock. If anyone hears My voice and opens the door, I will come in to him and dine with him, and he with Me. To him who overcomes I will grant to sit with Me on My throne, as I also overcame and sat down with My Father on His throne."

Jesus loves bikers so much that He endured a horrible beating and public humiliation and He willingly stretched out His hands and died for us, so we can enjoy freedom; a freedom that God planned since He created the heavens and earth.

Our country is in grave danger of being transformed into something unrecognizable! Our economy is very slow, unemployment very high, Illegal's are draining every state; and we are in better shape than the rest of the world. What we are witnessing is only the beginning of the beginning. Scripture declares: Matthew 24:1-14 As Jesus was leaving the Temple grounds, his disciples came along and wanted to take him on a tour of the various Temple buildings. But he told them, "All these buildings will be knocked down, with not one stone left on top of another!" "When will this happen?" the disciples asked him later, as he sat on the slopes of the Mount of Olives. "What events will signal your return and the end of the world?" Jesus told them, "Don't let anyone fool you. For many will come claiming to

be the Messiah and will lead many astray. When you hear of wars beginning, this does not signal my return; these must come, but the end is not yet. The nations and kingdoms of the earth will rise against each other, and there will be famines and earthquakes in many places. But all this will be only the beginning of the horrors to come. "Then you will be tortured and killed and hated all over the world because you are mine, and many of you shall fall back into sin and betray and hate each other. And many false prophets will appear and lead many astray. Sin will be rampant everywhere and will cool the love of many. But those enduring to the end shall be saved. "And the Good News about the Kingdom will be preached throughout the whole world, so that all nations will hear it, and then, finally, the end will come.

Beginning of the beginning is not a misprint! Those that love Christ can embrace and know...that we win! LIVE TO DIE, DIE TO LIVE!

The day or the hour for the return of Christ is unknown but, by what the world is experiencing right now it certainly appears to be soon... ARE YOU READY?

The funeral was the following day. A celebration of his life was held at Aunt Betty's house immediately after the burial. It was very nice to have almost the entire family around for the entire weekend. On a lighter note, we will have another family get-together coming up the first weekend in November when Vicky's Cousin Anne will be tying the knot with Dan. The wedding will be held in Gloucester, MA, which is located about an hour North of Boston. I lived in Boston from 1988 to 1991 and except for the cold winters, I absolutely loved it. I have never been back there since I had left and I always have wanted to show my wife my former stomping grounds. I am looking forward to this trip as well. I just wish Dan and Anne had picked a

On Friday (08/19) I attended the Memorial for Chuck Kitchen which was held at the Back of the Road Sports Grill right next to the Tamiami airport. Chuck was a long standing member of Southern MC. I

remember him as a super nice, laidback guy. With his kind ways he had touched many. Unfortunately, he lost his battle to cancer. He will be missed, but never ever forgotten. R.I.P. On behalf of his family I would like to thank everybody who came out that night.

Joey, President of Southern MC asked me to remind you that their Annual Teddy Bear Run on September 4th has been cancelled. I am kind of bummed about that because it always has been one of my favorite parties. I will be back from Germany two days before the Keltics MC Ride 'Em Hard Pardee 6, which will be held at Club Vixens in Davie on 09/25. This is an event that

should not be missed. I hope to see you all there. And the following week the Mystic Seven MC is holding their Annual at their Pompano Beach clubhouse on 10/02.

On Saturday (08/27) I had the honor to capture the Wedding Ceremony of Anthony Jardim and Tina Mastalski. It took place at the

beautiful John U. Lloyd Beach State Park in Dania Beach. I had my concerns that the weather may not hold up as the forecast was outright crappy. I took the cage because it was pouring cats and dogs when I left my house but it all cleared up and Mother Nature was cooperating very nicely by the time I arrived. Blue skies created the perfect backdrop. About fifty people were in attendance witnessing Anthony and Tina tying the knot. The ceremony was administered by Spike, from States MC, who did a mighty fine job. It was short and sweet.

Unfortunately, I was not able to attend the actual wedding reception at Mickey's later on that day. From what

I heard it was a kick-ass party. Congratulations

to both of you once again and have many happy and healthy years ahead.

So while I'm in Germany, have fun at the States MC 23rd Annual Key West Tune-Up Party 09/11 and Phil Peterson's Key West Poker Run 9/15-18. I'll be thinking of you all while I'm drinking my favorite Bremen beer.

Until then, Ride Safe & Free, Axman

From potential ISIS attacks in America, like the one a few days ago in Virginia, to the terrorist organizations here in America called “Black Lives Matter” and the “New Black Panthers”, we are under attack. Think about it, a black cop shoots a black thug who wouldn’t drop the gun he had in his hand and BLM and other

thugs burn Milwaukee. The really stupid thing to think about is that the Milwaukee rioters burn their own neighborhoods and businesses’ owned by blacks. Now how much sense does that make to you? It wasn’t a white cop this time it was a black cop. Am I the only one that thinks our country and world is no longer a sane place to live in. We have leaders who have no common sense in their pea-pickin heads at all.

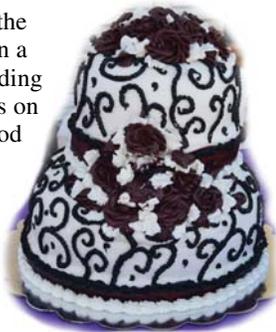

Think about this... obama and now killary wants to bring in thousands and thousands of muslims from countries that hate us and are devout muslims. Of course they have no way or plans on how to vet the ones they are allowing into our country. muslims want nothing more than to bring our Country down and either kill us or make us slaves to their religion. Sorry but the religion of peace called “islam” is an evil cult not a religion. There are no moderate muslims. If they believe in the quran then they want our death or conversion to islam.

This coming election will be the most important election in our lifetime. If killary is elected then our country as we know it is gone. You may not like Trump but at least he is better than killary. If you think voting for a third party is better than voting for Trump then you might as well vote for killary because in essence that’s what you’ll be doing. If killary wins then kiss your 1st Amendment & 2nd Amendment rights and pretty much the Constitution gone. The Supreme Court will be a left wing liberal tool for the rest of our lives and your children’s lives. And who do you think they will be coming after first? Prior Military, Bikers (a great many of who are prior military) and Patriots who love our great country and our Constitution.

I for one will be voting for Trump, not because he is the best we have but he is the only one left that can beat killary. You have no one to blame but yourself if killary wins, if you either don’t vote or vote for a third party. Be forewarned...

Kathy and I only attended one event since the August edition of WOTR because we’ve been a little busy getting married and had a big wedding celebration party a couple of weeks later. Yes on July 21st, Kathy and I got married. Oh my God what did I do? Gabe, the “Attorney that Rides”, got Kathy’s divorce done and finalized in the early part of July. (read Gabe’s last article) Kathy and I have been together for over 2-1/2 years so this was the next step in our lives. It took us about 3 months to get the divorce done because her ex wasn’t real cooperative to start with and he lived in North Carolina. If you ever need a good attorney I highly recommend Gabe. His ad is in the centerfold.

Two awesome friends of ours officiated our wedding in their back yard. Our sincere thanks goes out to Richard and Helen Davis for doing this for us. So we are now married. To tell the truth Kathy just wanted to marry me for my empire. LMAO... It was supposed to be a very quiet

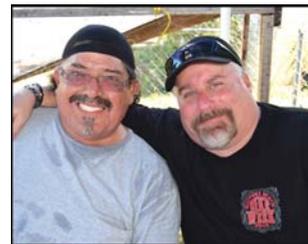

biker wedding but ended up with 10 or more family/friends attending. Afterwards we all headed over to Harley-Davidson of Palm Beach (now with new owners and a new name... Palm Beach Harley-Davidson) bike night and finished out the evening. It was an outstanding night for us with our friends and family.

On August 13th Kathy and I threw a Wedding Celebration Party at our house here

in West Palm Beach and posted it on Facebook for anyone that wanted to come, with beer and food for all. We figured maybe 20 would show up but were completely surprised and honored when over 50 friends and family attended throughout the

afternoon. Brothers and sisters came from Ft. Lauderdale and further south, and one brother

came for outside Leesburg to help us celebrate our wedding. We both were honored that so many took the time to be with us on a hot Saturday afternoon. Our driveway was full of bikes and our yard and my neighbors yard was filled with cages. We had stated that we wanted no one to bring us any gifts but apparently many didn’t listen as we received many gift cards and one person slipped way to much cash in a card for us. Also a large bottle of Jack appeared, a bottle or 3 of Apple Pie and a very nice bottle of wine came into our possession. We are truly humbled by the outpouring of love for us. And we thank each and every person who

took the time to be with us this day.

On September 2nd we are heading to Key West for our Honeymoon. We, of course, have been there many times but Kathy’s never been across the 7 Mile Bridge on a bike and is excited about that. Pics... of course... to follow.

We hope to see ya down the road in the future.

After being home for almost a year, I finally made it over to the new Mystic 7 MC clubhouse. The club did a fantastic job with a large inside bar and an outdoor patio area perfect for entertaining. Being a woman, I can appreciate the clean, well decorated and indoor ladies room... Nice touch! Speaking of ladies, they also have a ladies night offering free drinks

(women only) every Friday starting around 8pm and they also serve food. It was a great night catching up with friends and celebrating Nancy's birthday.

Having been musically deprived living in North Carolina, I've been trying to catch as many bands as possible and having a great time doing so. A stand out performance was "Bluestone" featuring Jeffrey James Harris - performing the music of David Shelley at The Funky Biscuit. That was an AMAZING show, and if they ever do it again, I would highly recommend attending!

Another stand-out performance was the Tribute to Jimi Hendrix and Stevie Ray Vaughan at Galuppi's, featuring Eddie Jelley & the Cold Shot band, which included Ed Berkoff who kicks ass on bass!

I'm looking forward to attending the STATES MC Key West Tune-Up Party on Sunday, September 11th from noon til whenever. "Hired Gunz" will be playing and I know it will be a great time as always!

As much as I would love to live in my own little world filled with loving family, friends and good times, I am painfully aware of the negativity, heartache, and devastation we face every day. I believe that sometimes it's the little things that can make the biggest change. I realize that I am not able to change the world, but I can try to make our world a little better by paying it forward. Selflessness is the sincere concern for the well-being of others. It's about love. It's about compassion. It's about kindness and faith. It's about making a difference in the world. Sure, you are only one, but you are one. You cannot do everything, but you can do something. Smile and enjoy the fact that you have the ability to make a difference - one you'll likely remember forever. I know that most of you reading this already do so, but do you do it daily? Below are just 10 ways that you can make a difference:

1. Hold the door open for the person behind you.
2. Listen intently to people's stories without trying to fix everything.
3. Donate blood. One pint of blood can save up to three lives.
(Locate your nearest blood drive.)
4. Buy house warming gifts for new neighbors.
5. Inspire others online.
6. Share your umbrella with a stranger on a rainy day.
7. Check up on someone who looks lonely.
8. Let someone with only a few items cut in line at the grocery store.
(But make sure there is nobody behind you.)
9. Spread good news.
10. Give words of encouragement to someone about their dreams, no matter how big or small they are.

I'm out, with Lipstick & Leather On. Cindy

The month of August has come and gone and soon all the Canadians & Snow birds will be flocking to our year round riding weather. We welcome them all to better our economy in S. FL by creating jobs with their northern cash. With that comes all the newly retired cagers that miss turns and drive like they are all high on window pane LSD. Those are the ones that we need to watch out for if we are to stay alive. So when you're driving out there pay attention those Snow Birds Cagers! BIKER LIVES MATTER....

August was my birthday month and I am proud to have lived to the ripe age of 52-yr's old. For my birthday I got some new ink during the South Florida Tattoo Expo that was held at the Coral Springs Marriott. Three days of buzzing

ink guns and people walking around taking breaks from the ink sessions. Thousands of dollars (\$41,000 actually) was raised for Joe DiMaggio Children's Hospital to help the kids in our back yard!

I found me a little Hawaiian gal named Aja from South Seas Tattoo Company located in Deerfield Beach. Now that she got the free plug for her biz she should call Miami Mike at: (954-812-0479) to place a monthly ad. This Biker magazine will get you biz through your door. Ok, back to your regularly scheduled rant....

I GOT A TATTOO!!! As you can see from my photo above I got a Christian cross with my son's and

daughter's name & their DOBs with a bible scripture. Aja started on a design by hand for me to get an idea of what it would look like. Aja worked hard until 1:30 am in the morning even though the Expo had closed at midnight. The security allowed those artists to finish no matter what time they completed the tat! I don't know of any other Expo or convention that does that, but then again I don't get out much for

Tattoos. This was my first Tattoo since 1989. A big thanks to Todd Remington & Dave Seaman (D & T Jukebox Duo) for playing their acoustic set for me at my booth. You guys really kept the crowd entertained. My ATR Honeys handed out a crap load of promotional Shop Towels - exchanging them for people's emails for my E-newsletter list. We handed out over 2,000 free towels. If you missed out because you had to work, or some other lame excuse, and could NOT make it down to the expo, then I have good news for you. see me and get your free towel or maybe a free t-shirt. Look for my big red tent set up by Sloppy Joes!

I love the Peterson's Annual Poker Run that raises \$\$\$ for Diabetes. This is dear to my heart since I am a Type 2 Diabetic. I can't wait for them to find a cure and this awesome event raises \$\$\$ for further research. If you are going on the run this is what you can do. Go down to either Peterson's dealerships to sign up and get your poker hands from the 10th through the 17th and buy as many poker hands as you want. You might even win the \$10,000 top prize. Buy a lot cause I want this disease's ass kicked sooner than later! And also buy a commemorative wristband (\$5 at Peterson's - \$10 in Key West) so you can park on Duval street and not have to park too far away from all the action.

As you ride down to the different stops you pick a card and when you get to the last stop #6, the Conch Republic Seafood Company, a few blocks from the southernmost point in the United States and 90-miles from Fidel Castro's Communist Cuba, you pull the last card to see if ya got a good poker hand. And... if you end up winning the cash prize, stop by my tent and I will be your event's coordinator for the evening and the next morning. You can get the complete agenda by going to this website: <http://www.petersonsharley.com/petersons-pokerrun--pokerrun-agenda>

I have been working with different bars on and near Duval Street about securing a location for my party to thank everyone for reading my monthly column and following my crazy long distance & world record rides this past year. I will be posting updates on my Personal Facebook page and that of the Attorney That RIDES. I could not secure a location prior to sending the mag to print but I keep working hard at it so wish me luck...

Finally, I am working on a Post Poker Run Recuperation party for Saturday the 24th back here in Broward. There will be FREE Beer, FREE Cuban hot food, music and more. Did I mention there will be FREE beer??? I am working on that last minute thang for you all so follow the Attorney That RIDES on FaceBook and look at my events. My FREE BEER/FOOD event should be online shortly.

Se ya in Key West and be safe riding down and back home!

Club Action with Jack Jr

email: JackJrWotr@gmail.com

Alright!!! It was a great month for me during August, the hottest month of the year.

Luckily we had the 21st Annual South Florida Tattoo Expo held at the Marriot in Coral Springs on August 12, 13 & 14. It seems like many of our monthly events are held in a parking lot... on blacktop. It was pretty nice to be inside with cold AC. It was different for me as it was my first time there at this expo. The artists at the expo did a lot of nice

tattoo work. There was a lot of beautiful women walking around which is always nice. And I saw one crazy fetish show that you had to go be there to believe.

On Sunday, Aug 14th I was at the Outlaws MC South Florida Chapter's 49th Anniversary party at their Dania Beach clubhouse. What a great party it

was. There were well over 300 people that stopped by to enjoy the event and see old friends. I want to say thanks to everybody for coming out and for

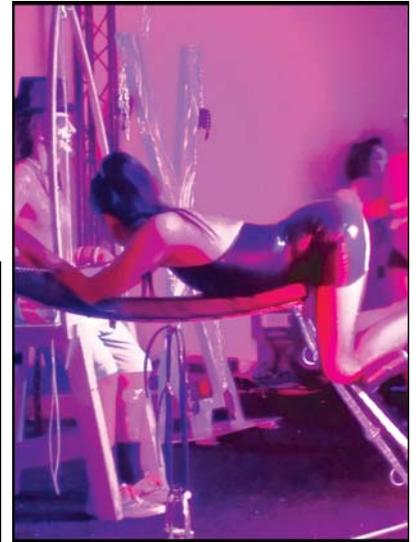

all your support. If you missed it... it sucks to be you. Hopefully you won't miss it next year because the 50th will be the biggest club party in South Florida!

On a new topic... I started a new business with my friend Denise. It's called "Life Finance Solutions". We do plaintiff funding as well as attorney referrals. If you need money while you're going through a lawsuit, where you hope to receive a financial judgement in your favor, give us a call. We will explain everything. There is no cost to you, even if you lose your case. We are conveniently located in Hollywood and we can even come to your home or business if that is better for you. See our ad at the bottom of this page and call either me or Denise for a free consultation.

September looks to be a very

Me with Angel Salazar Chichi from the movie Scarface

busy month with the States MC's Tune Up Party, the Peterson Key West Poker Run, and the Keltics MC's Ride Em' Hard Pardee 6 at Vixens. And the first weekend in October the Mystic Seven MC is holding their Annual party at The Pompano Gold Club. Two club events at titty bars... a great place for me practice my photo skills for next months column.

Till next month, relax and enjoy our South Florida lifestyle. Jack Jr.

Back on Sunday July 31st I got a call from the BIG guy! It was the day of Cagney Saloon's Annual Christmas in July Party & Fundraiser that started at 3PM with music by the Mr. Nice Guy Band & Deception. Early in the morning before the event started I got a phone call from the BIG guy "Santa Ed". He asked me to help him as Santa's #1 helper, to give out toys with him at an earlier Christmas in July event for kids and then we headed to Cagney's with more toys for kids. When we got to Cagney's the Mr Nice Guy Band was Rock'n outside to a big crowd who came to support this annual cause for the children at Joe DiMaggio Children's Hospital. After the Mr Nice Guy Band finished outside the fundraiser continued inside with Deception until midnight. In the last 5 years co-owners Mark Pirolli, Nancy Olesen, and the great staff at Cagney's has helped raise about \$40,000 for the kids. Great Job!

On August 12th through the 14th it was the 21st Annual South Florida

Tattoo Expo. What a great event every year that also benefits Joe DiMaggio Children's Hospital. The theme this year was Alien's (from outta space not Mexico...). There were tattoo artists from all over the country, great bands, awesome vendors, suspension shows, fetish shows, a classic car show, motorcycle displays by local dealerships and bike shops, tattoo contests, pin up contest, a wet t shirt and other contests, celebrity guests and much, much more! My friend Gabe Carrera, The Attorney Who Rides, and a contributor to WOTR magazine, called me up early Saturday morning and said he needed an acoustic duo to play where he was set up at the expo. I sent him The D & T Jukebox Duo featuring David Seaman and Todd Remington. These guys are a trip, you can just yell out a classic rock or classic country song and they will play it. The know over 20,000 songs and many people tested them. The Expo was a great event and I for one am looking forward to the 22nd.

On Saturday evening, Aug 20th, I went to the Los Coquis MC annual birthday party for Smokey & Preacher at their clubhouse

in Hollywood. As I turned the corner from Hollywood Blvd onto Dixie Hwy south toward Hallandale Beach Blvd all you could see was bikes on the right and cars and trucks on the left. As I walked to the front door it was packed outside. But when I went inside IT WAS SLAMMED!!! When I went inside I realized I had left my camera in the car and I was parked a long way away. Then I saw Miami Mike & Sharon and said to myself "good... they can take pictures tonight! Hahaha I'm partying!!!" It was good to just kick back and have some fun!

The Los Coquis MC are top notch hosts and makes everyone feel very comfortable and caters to everyone. Many people were there for the first time and were having a blast! There was an amazing assortment of Latin food and pastries, great Latin music, ice cold drinks and the best fun people in the world dancing everywhere and having a great time. There is nothing like our great biker and music community here in South Florida! We know how to party and get along with each other. Thank you to my friends, brothers and sisters of Los Coquis MC for a great night.

WAKE UP! Everyone in South Florida & Beyond! Get ready to TAKE A RIDE! with A1 Promotions Newest Great Original Music & Cover Rock & Classic Rock Band "TRIP MACHINE". Trip Machine is an American hard rock band from Miami. After more than 15 years a group of old friends and fellow musicians decided to meet and form a new cover band about a year and a half ago, just for fun and to start rocking some Miami venues playing seventies and eighties hard rock and classic rock. In no time the band became a great success and the band to see. Trip Machine are 5 fantastic musicians & a lead vocalist with amazing vocals! Besides the lead singer, who is a very famous Venezuelan rock singer and musician, four of the other five members sing with great harmony.

TRIP MACHINE... THE COVER BAND. The Trip Machine band

members are by no means new to the music scene. Many venues have been calling to book this great band in the Broward area after seeing their videos. The band has been putting off the venues until after we release the band and their new original music and album at the A1 Promotions 5th Anniversary Party and Fundraiser Music Festival on Sunday October 9th. TRIP MACHINE is a fabulous 6 piece band with a great stage presence & a great following who will Rock Your World!!! TRIP MACHINE'S cover music includes music by Journey, Aerosmith, Van Halen, Zeppelin, Ratt, Black Sabbath, Bon Jovi and more! When you hear and see this great band playing all your favorite covers with their heart pounding sound you will become a instant fan!!!

Meanwhile in rehearsals some ideas started to form about playing original music. This initial cover band became an original hard rock project, a life target, a dream come true in a new mainstream monster entertainment market. The band members and manager believe that 'Rock Is Not Dead' and are willing to be the fresh new version of this old genre of ROCK. Band manager Claudio Atilano said the band will take you back in time for those who feel that rock is gone, playing an old sound combined with a fresh new sound, with a modern twist, in which they want to capture the attention of old and new generations. Guitarist Gustavo González said Rock is about to return to the mainstream billboards and we will be there! So be ready when that happens the time is coming and the time is now! All music and lyrics were written by the band and the first original material recording of the 'Time Machine' song was the first step of a whole new album idea. The new album has just been released and is a masterclass in rock named THE FIRST TRIP and it's available now at: iTunes Store, Apple Music, Amazon, CD Baby & Spotify. The hit single from the album named Time Machine by Trip Machine has almost 5,000 hit's on Youtube!

INTRODUCING TRIP MACHINE - Trip machine band members are Alexis Peña, Gustavo Gonzalez, Gerado Ubieda, Tony Morelli, Manuel Saez, Santos Masabie and Band Manager Claudio Atilano. **ALEXIS PENA - Lead Vocals** (born in Venezuela) Alexis Peña Marquez, is a very famous Venezuelan singer and musician, born in Caracas, Venezuela, Alexis known as the main voice of the great Venezuelan rock band Témpano, (1986-1990) and Poster (Band) (1990-1992), founder of the group Santos Viejos (2001), and principal voice of Poker (Banda) (1998). Alexis Peña also belonged to the Venezuelan group Resistance (Banda), (2004-2010) with whom he recorded a full-length independent production. I can't believe the way this guy sings. He has a voice very difficult for most lead vocalists to sing with nailing everything note for note. Alexis is an accomplished singer, musician & song writer, and all the lyrics in the new album are written by Alexis. **SANTOS MASSABIE & GUSTAVI GONZALEZ both Lead Guitars & Vocals** (both born in Venezuela) Santos & Gutavi have known each other for 30 years. They met in elementary school in Caracas Venezuela. Over the years these two long time friends and dynamite guitarists have played together in many great bands and projects from Venezuela to America. Santos plays very aggressive cords on the guitar, he is also a composer of music. Gustavi is the other guitar player in the band to complete the special and characteristic guitar sound that Trip Machine has. He also has a very aggressive sound when he plays. He also likes to build his own guitars, buying piece by piece to get the perfect guitar for him to play. These two guitarists are a show in itself and will blow you away! **TONY MORELLI Bass & Vocals** (born in Venezuela) Tony used to be one of the best keyboard players on the musical circuit in Caracas, Venezuela, performing with many famous bands in Venezuela, Peru & America. In the late 90's he quit playing keyboard and started to play bass. Tony is also an excellent song writer and singer. **MANUEL SAEZ - Keyboards & Vocals** (born in Venezuela) Manuel is a former member of 'Guillermo Dávila' and a musical director. Manuel being a great keyboard player has a special talent and great creativity. He

provides that perfect sound the band needs, with different harmonic tones to horns from his keyboard. Manuel is also a great song writer. He has been writing music and playing music with so many famous Venezuelan artists and singers doing live concerts on tour, and album recordings for years. **GERARDO UBIEDA Drums** (born in Venezuela) Gerardo is the founder and drummer of the great Venezuelan rock band Témpano (1986-1990) Gerardo has been playing drums for over 30 years with many famous Venezuelan bands and American cover bands. Gerardo is a great drummer and the pounding thunder of the band. He is a very creative musician, composing rhythms and he is always taking a risk with the Trip Machine's original music which in the end sounds and works perfects! Look for TRIP MACHINE when they debut on October 9th. You will be AMAZED!!! In the future you

will see them everywhere!

KEY WEST POKER RUN INFO

This year we have motorcycle rides, events and attractions throughout the Middle and Lower Keys. There are thousands of hotel rooms and places to stay throughout the middle and lower keys. The idea is to ride down and ride all over the keys for the first three or four days and enjoy many of the things, like snorkeling or dive trips, fishing and fishing trips, kayaking, jet skiing, para-sailing and of course, enjoying Paradise while eating, drinking and shopping.

Then there is the Poker Run that will start on Thursday, September 15th this year and end on Saturday the 17th at 7pm at the last stop, the Conch Republic Seafood Company in Key West. So far the Island Fish Co. on Marathon and Boondocks on Ramrod Key are planning on having special events and parties all week long with each of them having one big party day in that week. You will find all hotel accommodations listed by mile marker and rates with phone numbers and e-mail addresses for all of the Keys by visiting Petersonsharley.com and clicking on the Poker Run link, look at the last year's program and events.

Peterson's two Miami Harley-Davidson Dealerships will start the week off with a Pre-Poker Run Party, 2017 New Model year Open House and Demo Rides on Sat., Sept. 10th and Sun. the 11th. Come and see all that is new from Harley-Davidson including the all new Street 500 and 750, sign up for the Poker Run, get ready to have good time partying with us.

All of the yearly recurring events in Key West will happen auto-magically as they do every year and as they are listed on Petersonsharley.com in the Poker Run link and in the Agenda or Programs. Events like the 10th Annual Upper Duval Crawl on Thursday Night, Vendors Village on Green Street on Friday and Saturday, Sunset Festivals at Mallory Square, The Hog Roast at Schooner Wharf Bar Friday Night, Duval Street Party closed to motorcycle parking and foot traffic only Friday and Saturday, Rick's/Durty Harry's Bike Show by road Rage Magazine Saturday, Sloppy Joe's Bar & Beer Garden sponsored by Yuengling Beer, 21st Annual Blessing of the Bikes by the Christian Motorcycle Association, and last but not least, Biker Bash Pool Parties. The main event is the awards for the best poker hands and the one game of Texas Hold-em for the \$10,000 in CASH held at 11pm Saturday Night at Rick's Durty Harry's on the corner Duval and Greens Street.

Again this year is a contest for the Oldest Official Phil Peterson's Key West Poker Run t-shirt for a \$300 Peterson's gift card going to the winner.

There will also be the Furthest Traveled Contest for a \$200 Peterson's gift card the winner must have ridden their motorcycle the entire distance to be announced at the final awards at 11 pm Saturday night.

keep your vehicles topped off and make sure your firearms are clean and close by and you have enough ammo (although you can never have enough) and

a few good bright flashlights and extra batteries... just in case things get nasty like it did in Homestead right after Andrew.

And it would be good to make friends with the neighbors on either side of your house... nasty hurricanes have a habit of bringing out nasty people looking for easy targets... And if you go to a supermarket the day or two before a hurricane to stock up on everything (of course)... when you put the groceries in your vehicle and leave, be aware of anyone who follows you. If you think someone is following you, make a few left and right turns to see if

you were just paranoid. If they are still following you stop the car and shoot them!!! Hey... I'm just kidding... just drive up to a police station or go back to the supermarket... if they don't get the hint get a description of the car & driver, maybe the license plate number than call the police. Do not drive to your house until you know for certain nobody is following you then prepare for the worse and hope this doesn't

Hi Gang,

Well the election should be here soon and a whole lot of brain dead morons are going to vote for that miserable, corrupt, rotten piece of pure crapola, AKA Hillary Clinton. No matter how many lies she tells, no matter that she's NEVER had a success at any of her jobs (except for screwing over all the women that billy boy raped and took advantage of.) And now with their "Money Laundering Clinton Foundation"... how can these people not be in jail???. Wake the fuck up people!!!

Big disaster in Louisiana. Flooded all to hell. Barry obambamm couldn't be

bothered to interrupt his golf game to go there. That same putz you brain dead morons elected, and then re-elected for a second disaster of a presidency. That hypocritical piece of rat shit, after he ran his mouth as a senator about George Bush just flying over New Orleans after Katrina. He just couldn't tear himself away from his golf game until he was forced to go to make it look like he cares. (He doesn't folks...) Mr. Trump went there right away though. He didn't take a bunch of photographers with him either. He went to help and console the people there. I heard some people from there say obambamm should stay away. To those of you who are going to vote for the lying Bitch, as well as you "Never Trumpers"... I salute you all with the middle finger of both my hands! To you Patriots who ARE going to vote for Mr. Trump, I say God Bless you always!

The front end of the chopper is almost finished and it is BEE-U-TEE- FULL!!! It's an original EME girder. There is not a single weld on it! It's completely bolted together. The 2 legs are flame cut from a piece of 5/8 inch steel plate. God, it's so heavy. Looks wise, it's truly a thing of beauty! The guy's at EME were ahead of their time. My brother Woody did a whole lot of machine work on it to help me. He's an ARTIST with a lathe and mill! Thank you so much and so many times, Woody! I owe you BIG TIME! 97% of the chrome is finished and Oscar at Sunshine Plating in Hialeah, 305-681-1956, did such a fantastic job! He always does. I started using his services when I was building a couple of custom rifles. We weren't even friends then and he treated me so nice, honestly and fairly that I was hooked! The one thing that can hook me quicker than anything is when someone treats me fairly and is kind. Oscar was more than that. Also, he knows my dogs and he sharpens the knives for the butcher around the corner from his shop. He never charges the butcher. He gets me the leg bones from a cow after the butcher dresses it. I'll stop by after work to say hello and he'll tell me that he has something for me. He'll go to his refrigerator, open the freezer and hand me a couple of HUGE bones for the dogs. When I get home I have to use a circular saw to cut them to size for the pooches! The Furbabies go bumfuk over them. There's still a good bit of meat on them too!

Well kiddies, it's about that time. You all have a great September (even you brain dead ass-wipe libs) and ride Safe and Sober!

Till next month then, Your Friend, Uncle Willie

Is the "Peter Principle" Alive and Well in Washington D.C.?

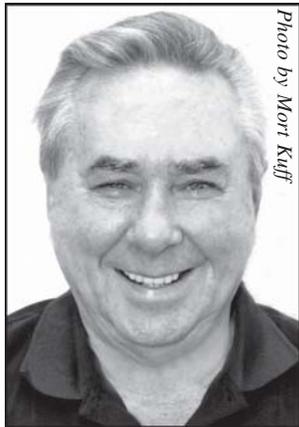

Photo by Mort Kuff

The "Peter Principle" was a phrase coined by Laurence J. Peter to explain that members of an organization, whether public or private, in which promotion is supposed to be based on achievement, success, and merit, will eventually be promoted beyond their level of ability. In other words, "employees tend to

rise to their level of incompetence".

Do the terms, "I don't recall", "I don't remember", and "I don't know", sound familiar? Doesn't that send shivers down your spine when someone in authority makes comments like that? Especially people in government, who are supposed to be working for us, the taxpayers?

Look at what's happening in Wash. D.C. where heads of government agencies or departments (and especially at the top of the food chain, the executive branch) just can't recall who, what, when, or where about practically anything of importance. How, you might ask, were these people selected or elected, with such faulty memories, to their jobs or positions of power in the first place? Not only do they get a pass from the hierarchy and a pliant media, but in many cases, they get promoted (or relieved of duty with "pay" – ex: Lois Lerner at the I.R.S.) thereby validating the precepts of the "Peter Principle".

The major culprit in these very convenient cases of "selective amnesia" or the "amnesia stonewall", is none other than our "Liar in Chief", Barack Hussein Obama. As the most powerful man in the most powerful country in the world (by reason of being the president), how come he only finds out about wrongdoing or policy failures by reading it in the newspapers or watching it on T.V. (only if he watches Fox News)? His "zombie" supporters endlessly claim that he is the smartest man in the world, but he has difficulty of knowing anything that is going on around him. You'd think he was just some ordinary clerk in the White House, instead of being the President of the United States. For a man who is the epitome of the "tireless" political campaigner, who knows which way the political winds are blowing in order to gather political support for himself and his party, can you really believe he is in the dark on most anything that has gone wrong around him and his administration? How many times can the term "plausible deniability" be used to cover for this guy. Could it be that the lights are on in the White

House, but nobody is home? It sure looks that way.

Look at some of the testimony of some of the big honcho's in the Obama Administration, since he took office in 2009. When the scandal of "Fast and Furious" was exposed, then Attorney General Eric Holder said he knew nothing about the details of the sale of arms to the Mexican drug cartels, or the tapping of phones and e-mails of AP reporters and a Fox correspondent. "Who me", I'm just the Attorney General and the top law enforcement person in the country, I don't know "nuttin" was what he was implying. Then there is the former Secretary of State, Hillary Clinton, who didn't know what happened before or after Ambassador Chris Stevens and three other Americans were murdered in Benghazi, and then claimed that it was a "disgusting" anti-Muslim video (which no one in Libya saw) that caused the debacle in Benghazi. Really?

And then there are the IRS officials who adamantly stated that they knew nothing about the auditing and harassment of conservative and religious groups who were critical of the Obama Administration. Testimony shows that the IRS was up to their eyeballs in carrying out the vendetta against these groups. These bureaucrats with the "selective memory problems", not only weren't punished, but in some cases were even promoted to new jobs.

Yes, the "Peter Principle" is alive and well in Wash. D.C., and a complete house cleaning

is in order come November 2016. Winning elections "at all costs"
doesn't do our country any good, as the least competent seem to thrive
in selling their "snake oil" to the voters, but once in office and power,
they haven't a clue as how to implement policies that are good for the
citizens of our country, and then very conveniently, can't recall or can't
remember what went wrong or who was at fault. A good start would be
not to elect Hillary Clinton president.

HARLEY-DAVIDSON ROLLS OUT THEIR POWERFUL NEW TOURING MOTORCYCLES & THE NEW MILWAUKEE-EIGHT ENGINE & TOURING SUSPENSION SYSTEM FOR 2017

MILWAUKEE (August 23, 2016) – More power. More comfort. More control. Harley-Davidson redefined touring by unveiling the all-new Milwaukee-Eight™ engine, the ninth Big Twin in its history, plus all-new front and rear suspension for its Model Year 2017 Touring motorcycle lineup. “These are the most powerful, most responsive and most comfortable Touring motorcycles ever offered by Harley-Davidson,” said Scott Miller, Vice-President of Styling and Product Development Strategy. “The unmistakable look, sound and feel of Harley-Davidson Touring motorcycles rise to even greater heights with the improvements we’ve made this year. You truly have to ride it to feel it – so we’re inviting all riders to go to their local dealer and take a test ride.”

• **New Milwaukee-Eight Engine:** The new Milwaukee-Eight engine, the ninth Big Twin design in the company’s storied lineage, is a clean-sheet design that combines

the classic look, sound and feel of Harley-Davidson Big Twin engines with improvements in every aspect of engine performance. Retaining the classic 45-degree V-Twin cylinder angle, the Milwaukee-Eight engine produces 10 percent more torque than previous year models and features four-valve cylinder heads that offer 50 percent more intake and exhaust flow capacity. The

Milwaukee-Eight engine is counter-balanced to cancel 75 percent of primary vibration at idle, retaining the classic feel of a Harley® V-Twin while being very smooth at highway speeds. A new heat management strategy for all Milwaukee-Eight engines improves rider and passenger comfort.

Milwaukee-Eight engines are offered in two displacements: the Milwaukee-Eight 107 (107 CID/1750cc) and Twin-Cooled™ Milwaukee-Eight 107 (107 CID/1750cc) for standard motorcycle models and the Twin-Cooled™ Milwaukee-Eight 114 (114 CID/1870cc) for Harley-Davidson® Custom Vehicle Operations (CVO)™ motorcycle models.

• **New Touring Suspension:** All-new front and rear suspension components enhance the comfort, control and performance of all 2017 Harley-Davidson® Touring model motorcycles. New emulsion-technology rear shock absorbers offer 15 to 30 percent more pre-load adjustment than previous standard Touring shocks, with a single knob to hydraulically adjust pre-load. Pre-load can now be adjusted to match the load of rider, passenger and gear without tools or an air pump. Once set, the pre-load will not leak down or require further adjustment.” The front suspension features new Showa® SDBV™ suspension technology that delivers the damping performance of a racing-style cartridge fork with linear damping characteristics and reduced weight.

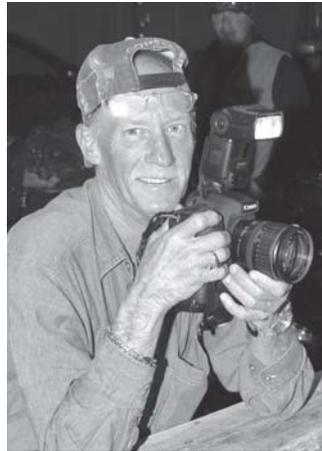

• **Screamin’ Eagle® Performance:** Harley-Davidson Screamin’ Eagle® Performance will offer a full selection of street-legal performance components for the Milwaukee-Eight engines, including Screamin’ Eagle® Milwaukee-Eight™ Stage I, II and III kits that deliver up to a 24 percent increase in torque over the stock engine.

Visit the Harley-Davidson website for complete details on all the new models for 2017, including complete specifications, available colors plus you can even build your own bike online and buy it if you have the cash.

TRACKSIDE WITH CHUCK

KillerInstinctPhotos@gmail.com

I was able to attend Cagney’s House of Rock Annual Christmas in July event. This event is held by Mark and Nancy and benefits Joe DiMaggio Children’s Hospital. It marks the half-way point to Christmas and this has been going on for years. Mark and Nancy do a great job. The headliner band was Mr. Nice Guy outside along with Deception rocking out inside. Both bands kicked ass and put on a hell of a show, especially Mr. Nice Guy playing outside in the South Florida sun. There was a good turnout, it could have been better but there was a bunch of great people supporting a great cause. It would have been nice to see more people step up to help out Joe DiMaggio’s but all in all it

was a great day.

Last month I took a trip to the Hard Rock Café to attend the debut of a new band called ‘Big Rock’ which includes much of the local talent from around South Florida. The front man, Alexander Lencina, is actually the person who sings the song during the 2017 Toyota Camry TV Spot, ‘Wish Bold’ which played during the Olympics. He has some Sinatra in him, which takes tremendous talent, not many people can pull off a good Sinatra. Big Rock’s song set was very refreshing, go check them out if you get a chance, they are awesome!

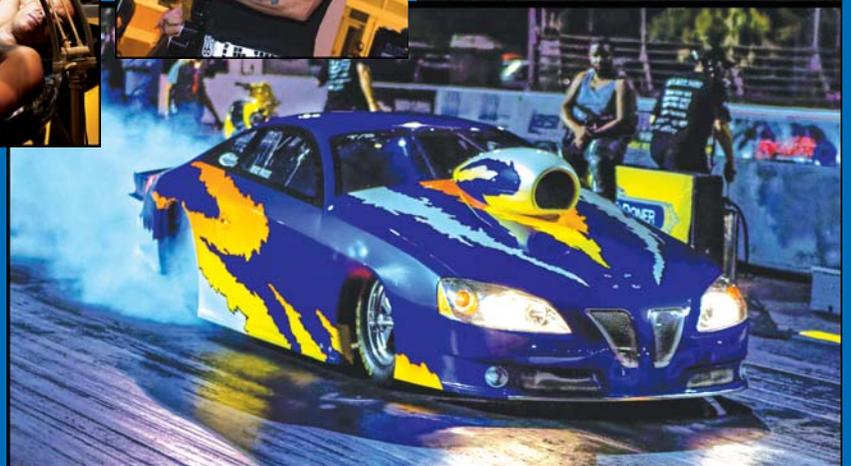

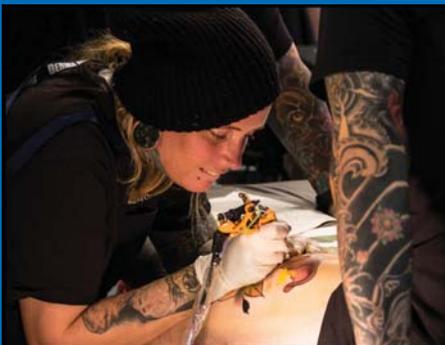

I was able to attend the 21st Annual South Florida Tattoo Expo sponsored by Cool Cat Tattoo. This year didn’t disappoint, just like every year before. It was a packed house and an overall great event with a bunch of local talent from South Florida and artists from all over the country. This is another event that benefits and supports Joe DiMaggio Children’s Hospital. Even though I was only able to attend one day, instead of three days, it was still a great fun and raised \$41,000 for the kids. Thank you to all of those who helped out, worked, volunteered and attended, and remember... it’s for the kids.

The first race of the month I was able to attend was some grudge races and Saturday events. They made a huge overhaul to the track facilities, which I mentioned last month, that included upgrades to the restrooms, upgrading the timing system and new management. Needless to say everyone is filling in great and I see good things in the future for Palm Beach International Raceway. The grudge race I attended was more or less a betting / gambling event. One guy bets X amount that he can beat the next guy, if they agree they take it to the track and winner takes home the money. As with every sport, trash talking is a major part of grudge racing. The trash talking starts weeks in advanced on social media. If two guys “lock” into a race then there is no turning back. If one of the two guys can’t make the race for whatever reason they owe the money to the other guy. So make sure when you open your mouth you can back it up! These events bring in pretty big crowds and it is usually a big success for the race track. They have stepped up their marketing and with the new management; they are starting to see the return on their investment. This track has been around for a long time and is home to many racers, I wish them nothing but the best in the future!

The next race of the month was at Orlando Speedworld dubbed “Smackdown 5”, which was another big time grudge race. This race, however, had a larger turnout than the “normal” grudge races held down south. When a track hosts a big time grudge race, they can expect to see racers from all over the southeast and as far west as Texas. The line just to get in the gate was 45 minutes! After everyone made it inside, Mother Nature was pissed off and the skies opened up for a little bit. Even though it rained, I have to give it Wade and the guys at Orlando Speedworld for busting ass to get the track dry. They did a hell of a job and the racing picked up right where it left off. There were 26 “locked” races for the evening. It turned out to be a great show and everything went very smooth, except for the little bit of rain. There was a lot of money won and a lot of money lost at this event, but that is what grudge racing is all about. The only bitch about this race was the fact that it didn’t end until almost 3 in the

morning, but even at 3 o'clock people were still in the stands waiting to watch cars go down the track! It was a very long day but well worth the wait for everyone.

I have a very busy schedule coming up for the rest of the year. Out of the next 16 weekends I will be attending 13 races. This is the time of year where we can really go racing and people from up north travel down to prep for next season. I am looking forward to it and will report back everything I see. Until next time stay safe, Killer Chuck

happen before the States MC Key West Tune Up Party or the Phil Peterson Key West Poker Run. Hell... hopefully South Florida will stay lucky for another year and we can enjoy all the many motorcycle events and bike nights coming up every week from now until the end of the year.

There were a few events this past August that Sharon and I attended. Of course we went to the Turn 3 Jam night almost every Monday to

hear and play with Stet and the boys. Always a good time. (Sandlefoot Plaza off 441 in Deerfield).

The first big event of August for me and Sharon was the 21st Annual South Florida Tattoo Expo. As always... crazy, weird, colorful, interesting, sexy fun for the whole family... except if everyone is straightlaced, in that case take them to Dairy Queen. I didn't take my mom - I'm still in her will. My sister would have gotten me into a knife fight so she doesn't go out with me either. Sharon loves weird shit so she

takes me. And Sat. at 8PM we got a great parking spot less than 50 ft from the side entrance door! Beat that!!!

The next day, Sunday, was the Outlaws 49th Anniversary and Moldy 1%er's 68th birthday. Lots of people came and celebrated the events. It was good to see Moldy 1%er blown out the candles by himself. Two

years ago he needed help doing that. He's a tough guy and deserves all the birthday wishes everyone gave him. (Next year give presents too!)

The next big event of the summer is when we take Gabe out for his birthday dinner. Longhorn Steaks was the venue this year, and as always we left stuffed.

The following Saturday we crammed ourselves into the Los Coquis clubhouse like a subway car in Japan. (Go look it up) This club should change their name to "Party Central Emce"! Kick your friend in the ass if they didn't go! Kick yourself while you're at it What a great time you would have at this or any of their parties. 8 feet of Spanish dishes (and food) deserts, cold drinks served quickly and excellent Cuban coffee brewed by the master bater... I mean master brewer himself... Smokey. I know that Smokey and Preacher (and Sweet) and their club would want to thank everyone for

enjoying their hospitality. Now don't miss their next party... ya hear?

And to end our month it was a real surprise party for Alan, owner of Mickey's Tiki. It would have been more of a surprise for him if he didn't have to pay for everything. I understand he has had to make his own surprise birthday parties ever since he was 2 yrs. old. He was always ahead of his time. As Alan got older he got surprised by the strippers (he hired) from the Peppermint Lounge in Manhattan. I heard he also was surprised by Albert Einstein when Alan threw his own 21st surprise birthday at Princeton University in Jersey and he paid Albert to come

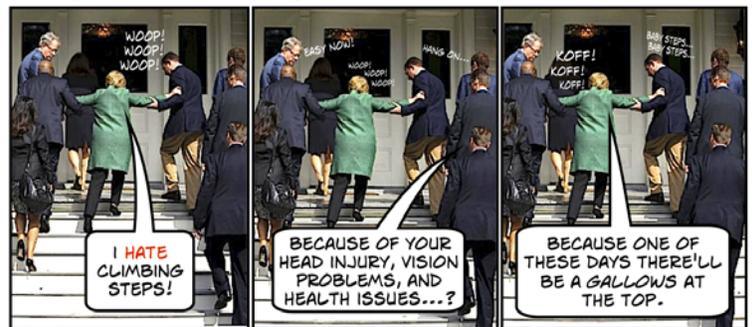

and explain the theory of Alan's relatives. (he never quite understood that) But after these past 75 years, Alan knows how to throw a surprise party for himself! Complete with dancing girls in skimpy clothing serving drinks, to hiring one of the best South Florida bands: Mr Nice Guy! Food, drinks, almost naked woman, it was a one ring circus under a circus tent that won't be forgotten by anyone who can't forget what went on. (Alan may need to see photos and video to help him remember this one)

And finally, who can't forget the scene in "Silver Streak," when Richard Prior "taught" Gene Wilder how to be black. Maybe it wasn't politically correct (screw that crap) but it was one of the funniest scenes in any movie that I can remember. I just laugh to myself

Hope n' Change

thinking about Gene Wilder in blackface with that knit cap and a radio stuck to his ear, shucking & jiving with Prior to get past the cops. Two comic greats, Prior now welcoming Wilder as he be-bops through the Pearly Gates... Gene Wilder dead at 83.

Don't forget the States MC Tune Up Party on the 11th, Phil Peterson's Key West Poker Run from the 15th-18th, the Keltics MC party on the 25th and the Mystic Seven Annual on Oct 2nd. (See these and other flyers in this issue) And if you want to test ride the new 2017 Harley's, see the ads or call the 3 dealers in this magazine to find out the dates they are doing the Demo rides and read about the new Milwaukee-Eight engine in this issue. Let's welcome the **Veracka Family**, the new owners of **Palm Beach Harley-Davidson**. Read about them on page 4 and stop by to see what they are doing with the dealership.

Be safe and keep your Wheels on the Road if you ride to Key West and remember to buy at least one poker hand and a wrist band... all the money goes to charity and Mr. P would have been proud of everyone who gives more than they take.
