Drew (and Dirk) had some nice things to say about Ace

Around So Fla
by Miami Mike, Publisher
MiamiMike@wheelsontheroad.com

Because I got in too many bike accidents over the last 50 or so years, my damn back decided I needed a 3 day layup in bad just as I was finishing up this issue, so

that's why you are reading this a few days later than normal. I usually come out on the website the Tuesday before the 1st Saturday of the month and deliver on that 1st Saturday. This issue went online 2 days late and deliveries Tuesday March 8th... 4 days late. Not bad though, it's only the 3rd time in 16 years. And once a hurricane knocked out ALL power to Ft. Lauderdale so no issue was ever printed... although I did upload it on my website. But now, with the aid of massive quantities of legal narcotics and other muscle relaxing drugs, and a great doctor, I got this issue to the printer and I'm almost able to ride again, or else Sharon says she is gonna leave me.

Children's Charity Riders

Dirk, Ace & Drew

On the event scene during the past month... After almost 60 years in the motorcycle business, 45 of them as Phil Peterson's right hand man and GM of Peterson's North... Ace Armstrong has retired to the easy life-style and great riding area of Clermont, Florida. The Peterson boys, along with Ira Derfler, threw Ace a really great "Retirement Party" at Dave and Busters in Hollywood.

Der Krieger MC

AOA Valentines

Der Krieger MC

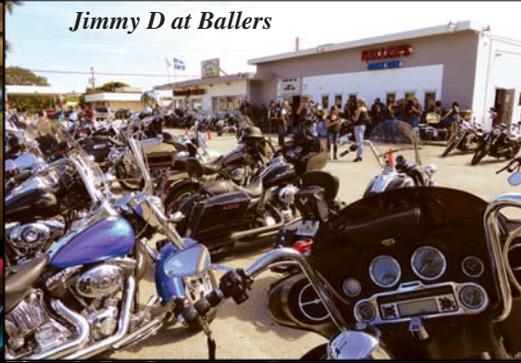

During the buffet Ace went on stage and thanked everyone for coming when the phone rang. Ira said to Ace that someone wants to talk to him. Ace got choked up when he heard Willie G, Willie's wife Nancy, and then Bill Davidson Jr, on the line. Ira had the call piped in through the sound system so all 200 of his friends could listen in. The three of them thanked Ace for all his years being faithful and loyal to Harley-Davidson and for all the idea's he gave H-D over the years.

THE TRUMP VS SANDERS HAT DEBATE...

The last event I covered in January was Der Krieger's 21st Annual Blowout which was held at Cagney's. The Der Krieger MC only holds one event a year and as usual they go all out. I firmly believe that this year's Annual was their best one ever. Mark, Nancy and all the sexy bar gals were prepared for a large crowd. The bartenders were working their butts off.

Nobody had to wait long for their drinks. A bunch of vendors displayed their goodies. The food served was absolutely delicious. Thank you Chrissy for letting me taste a little bit of everything. Deception kicked off the musical entertainment early in the afternoon and as usual, they put on another great performance. It is always fun to hear them play. Jasmine Cain was the headliner for the event. I had seen her several times in Daytona Beach. When I heard at the Toy Run that she would be coming down for this event I was really excited. I was very

much looking forward to see her coming down to our neck of the woods. Having a national recording artist appearing at one of our local biker events was terrific but of course, it had to be Der Krieger MC together with Mark & Nancy at Cagney's to pull it off. On behalf of Hammer and his club I want to thank everybody who came out for their event.

On Sunday (02/14) I rode over to the Outlaws MC club house where their Annual Valentine's Party took place. The weather could have not been any more perfect. They had a huge turnout. I really like their club house. The Tiki Bar is awesome, not to mention their big backyard with that beautiful lake view. It makes a great background for photos. I started to take some photos of couples and some group photos then more and more people came down to the lake

to have their photos taken. I was very pleased how nicely those images came out and I sent a whole bunch of them to be printed.

The following Sunday (02/21) I scooted over to the north store of Peterson's Harley-Davidson. They had their factory demo Bikes and Harley Stunt Show happening all weekend. (Huck covered the south store) Next to

the stunt show performed by Ill Conduct, they had a fleet of factory demo bikes available for test rides. I finally got a chance to check out my new bike, a 2016 Harley-Davidson CVO Street Glide. Boy, did I enjoy riding this puppy. I am in love with that bike. Unfortunately, my wife gives me about 40000 reasons why I can't have it. Now I will have to wait until my lottery numbers come in... The stunt show was pretty amazing

If anyone was told or received information that SE ABATE of Florida increased their dues to \$30 for an Annual Membership and \$600 for a Lifetime Membership beginning December 12, 2015, it has been rescinded due to an error. The dues have gone back to the original amount of \$20 for an Annual Membership and \$150 for a Lifetime Membership. For those who may have renewed at the \$30 rate, you will be receiving a \$10 refund check from ABATE for overpayment. The \$20 Annual and \$150 Lifetime Memberships

will remain in effect until the next ABATE State Board Meeting in April 2016. At that time, dues will most likely increase, more so for the Lifetime Membership amount. If you have any questions concerning this topic, please contact Frank T. Hammons, President of the SE ABATE Chapter at pres@abatess.us.

If you are going to Daytona Bike Week, starting March 3 through March 13, please ride or drive safely and have a great time. Be sure to stop in at Jesters Live at Destination Daytona and catch the concerts with Buckcherry and Blackberry Smoke on the 4th, Black Label Society featuring Zak Wilde and Big House on the 5th, Credence Clearwater Revival and Chris Hennessee on the 10th and the Charlie Daniels Band along with the Marshall Tucker Band on March 12th.

Please remember to support all of your South Florida President Council MC's and Associations' Annuals and Parties. This month the US Military Vets Chapter 1 Party is on March 13th and the Keltics MC Annual at JP Mulligans is on March 20th. You can check out the SFPC Calendar of Events, as well as the flyers, for all the upcoming events, dates & locations.

Good News

By Doug Scofield

DougWOTR@gmail.com

I moved to Florida during Bike Week 1994 and over the years I have observed the motorcycle community of South Florida, particularly the clubs; become family! I am glad and proud to be part of the love and respect that is shown each time we gather. Please cherish what we have here because we all know this does not happen in other parts of the country.

Now that I have been in Port St. Lucie for several years it's great to have more family up here. It is truly a display of a Christ-like love as we embrace one another with a genuine and heartfelt hug.

The reason I say it is a Christ-like love is because the love that Jesus has for you and I is real, just as our love for each other is real.

God is awesome and I know that not only does He place people in your life for a reason but He places you in people's lives for a reason. If you take the time to love those that God places around you the impact and influence could make an immense difference in that person's life. Matthew 22:35-39 One of them, an expert in the law, tested him with this question: "Teacher, which is the greatest commandment in the Law?" Jesus replied: "'Love the Lord your God with all your heart and with all your soul and with all your mind.' This is the first and greatest commandment. And the second is like it: 'Love your neighbor as yourself.'"

Love is a very strong and passionate emotion! It is the love for His Father that Jesus went to the cross and the love for His creation that God sent His only Son to a very violent and painful death on the cross. John 3:16-17 "For God so loved the world that He gave His one and only Son, that whoever believes in Him shall not perish but have eternal life. For God did not send His Son into the world to condemn the world, but to save the world through Him.

Jesus went through a whole lot of pain and public humiliation for you and I. It was our sin that sent Him to the cross! He did nothing to deserve the death sentence but He went to the cross because of the unconditional love He has for us. Jesus is love, no matter what, He loves you! This is sometimes hard for us to grasp, but it is true. He is able to separate our sin from us, for it is our sin He hates. He wants your heart, your love. Remember, He is the only one that can forgive sin and He did that for all; as He hung bruised and naked on the cross. We are not a Christian because our parents are; God does not have any grandchildren. We become a Christian as we acknowledge our sin and invite Him into our hearts and control of our lives.

As you walk the streets of Daytona this year embrace your friends and remember Jesus died for bikers too!

If we at Calvary Chapel motorcycle ministry can be of any service please feel free to e-mail me or call me at 954-448-1235.

Me, Herby & Clive

Everyone had a good time at Flossie's celebrating Nicole's birthday and engagement to Pete! She was surprised when Pete got down on one knee! Hired Gunz entertained and Joe MC'd all night! A hot stripper got us girls all riled up! What a beautiful evening with one of our favorite couples! May you live happily ever after!

On Jan 17th, we rode on the 3rd Annual Lcpl Janos V Lutz event, with the Live to Tell foundation. Janine Lutz honors her son with this event in Davie by getting the word out of the epidemic of losing 22 veterans every day to suicide. This event raises money for awareness and to help the Buddy Up program that gets veterans to come out and join together for camaraderie. It was a successful event, with a terrific electric guitar version of the Star Spangled Banner performed by Eclipse. This band did a wonderful job. Many came from out of town, and I was honored to be here for the Veterans to rub away some of their stress! For more information on stopping suicides visit them on the web @ www.LCplLutzLiveToTell.org.

Clare, is where you can see motorcycle days gone by! Indian with Phil Peterson Triumph and he still hits the MY boys... his Hendersons, KZ's, manufactured. 5,000 in every year.

Always a great event, the Dania Beach Vintage Bike Show, hosted by Clive Taylor and the lovely one of my favorite events of the year some of the Longest standing activists, racers and machines from Herby Doan 86, has raced on his Woodsman (Royal Enfield), along and Clive. Herb still rides a '96 Thunderbird and a Honda Blackbird MX track at Miami Motorcross with grandsons! Also at the show were and almost every bike ever What an awesome turnout with over attendance. This show gets larger Laura, The Masseuse that Rides.

The Times We Live In

By: Charley_Blackwolf@aol.com

First thing this month I would like to thank all of you who have sent e-mails expressing positive appreciation for my articles in WOTR. And for those of you who expressed negative opinions.... yes as hard as it is to believe there are a few vocal left wing liberal socialists among the motorcycle community... go find a beach, get some sand and pound it up your ass.

Also, thanks to all of you who have bought "Black Sun White

Sand" as I'm beginning to believe achieving the best seller list may not be the impossibility I once thought it was.

So Trump is in the lead and the established Republican party is scared to death as demonstrated by several of the party faithful including Amanda Carpenter of CNN News, Nimrata Nikki Randhawa (AKA Nikki Haley) Governor of South Carolina and Congressman Mike Honda, who are attempting to put in place a "Stop Trump" movement. Part of this is an attempt to anoint Marco Rubio as the candidate of choice. Question becomes why??? Reasons are simple. First Cruz pissed them off. Second Marco is part of the system and as a life-long political hack is predictable and if elected will ensure current status is maintained. That predictability comes about because Marco, as well as Ted "Felito" Cruz, Governor Kasich and Dr. Carson can only stay in the race as long as they have donors funding their campaigns. And should they be successful then they will owe the donors AND those in the PARTY that supported them. Which means this bunch of losers we have had in place for the past 50 years will continue to keep their nice comfortable jobs at public expense and the donors will have influence in regard to negotiated political outcome that has potential to provide positive financial impact for their businesses. And, the reality is, you can't blame the donors for wanting payback.

The amount of money involved is mind boggling. Rubio spent about 12 million dollars in advertisements just in South Carolina. Jeb, before dropping out, a similar amount and he started with 100 million! So you have to ask, "where did they get the money and who do they owe?" At issue is that some donors, particularly those donating to the PAC's are foreign governments. Obviously, not all of them have the same priority of interests as the American public. The other thing is that this is pretty scary for a bunch of entrenched Republican (and Democratic) party bureaucrats when they are faced with a future involving Trump who has demonstrated, "I can get shit done, and I will hold your ass accountable." Which, as a result of government performance, for at least the past 50 years, is why the guy is an attractive choice in that if elected he might actually get these lazy fu#ks off their asses and force them to do what we elected them to do. And since he is funding his own campaign he doesn't owe any favors and can get things done that support public good rather than facilitate the business interest of donors.

So whether you agree with everything he does or says or not... at a minimum there's a better chance he can get things done than there is with any of the other candidates. Also, ya gotta admit... if nothing else... there is some entertainment value in Trump. Hell, I want to see him elected just to see if he can actually get the Mexicans to pay for the wall! Particularly, when some high-ranking Mexican official said they were not going to

pay for it and Trump said, "You just made the wall 10 feet higher!" Marco seems just a little too in-line with the established party insiders and like all institutionalized politicians tends to talk a lot and say nothing. Ted AKA "Felito" seems too underhanded. Telling people that Carson had dropped out of the race in Iowa demonstrates a level of dishonesty quite similar to Obama, Reverend Al Sharpton and of course both Bill and Hillary.

Turning to the Democrats... Following the Nevada Caucus Hillary made the statement, "I'll do what I've always done." Wow! Now that's scary. Some of that "What does it matter..." following Bengazi, and "I never had classified material on my personal server" comes to mind. Since the late sixties this woman has spent her life in politics, much of it on the extreme edge of legality. Lived most of her life in Arkansas and becomes Senator from New York... amazing! In one way or another Hillary has demonstrated every possible aspect of a sleazy politician and as an institutionalized political hack has served to help destabilize the country and create the 19 trillion dollar problem we currently face. Additionally one has to question the source of her (2016) estimated \$32,015,004 million net worth, and just exactly where her PAC money is coming from. It's time to hold her accountable and kick her ass down the road before she can do any more harm.

Burnie... not a lot different. The guy has been a loser most of his life and now in an attempt to be viable is promising "free everything". College tuition, health care, minimum 15 dollar an hour wage, free ice cream for everybody, the list goes on... In fairness to Burnie, he does mention that this might raise taxes.

Lets just take one: 15 dollar an hour minimum wage. Put that in place and guess what? Remember all those people that used to take toll money on the turnpike before the electronics were put in place? Where are they now? Certainly some of them are unemployed. How about self checkout at Wal-Mart, Winn-Dixie or Home Depot. Put a 15 dollar an hour wage in place and it will suddenly make sense for business to go to robotics and put yer ass out of a job. Seven dollars an hour or zero dollars an hour... want zero????... vote Burnie.

Another concern is current readiness of the military. Generals and Admirals who remain in 2016 are there basically because they are chicken-shit, keep quiet and say nothing. However that "politically correct" hesitancy to stand their ground and defend the greatness of the 240 year old institution has served to greatly weaken the US military. Problem is our enemies know it. This is not to say individuals in the military are weak or don't know their jobs but, as a whole, the US military under Obama, has a dulled edge.

This, as I point out in Black Sun - White Sand, has potential to end in disaster; in wars lost, lives plundered, and in our nation being put in mortal danger because of this perfect storm of left wing radicals and cowardly senior leaders. Want to see the future of the U.S. military?

Consider what happened a couple of weeks ago in the Persian Gulf with the Iranians. And of course, based on their own inspections the Iranians only intend to use nuclear power for peaceful purposes. Pretty much what the North Korean's told Slick Willy back in the nineties. It does not take much in the way of thought to determine this could be a harbinger of defeat coming to the Armed Forces of this great nation unless changes are made. Changes that, in my view, can only be made by a President Trump because no one else has demonstrated the balls to do it.

More about primaries next month. Keep the rubber side down. Charley Blackwolf

Black Sun - White Sand is a novel that relates how terrorist activity could bring about the downfall of the United States and in doing so describes current social decline, economic inequity, government excess and the general denial by the public that it could ever happen here. The main character tries to tell, but no one will believe him. You see... he's a junkie!
There is also plenty of drugs, sex, violence and nuclear explosions!

ABATE UPDATE

By "Frank T" Hammons, SE Chapter President

Email: pres@abatese.us

It's March already and what a great time to be alive and live in South Florida.

Daytona Bike Week is coming up, as well as many other

motorcycle events happening during this time of year. Actually, it's very difficult to keep track of all that's going in our area, and lots of events to choose from.

Everyone needs to support our local MC events listed on the South Florida President Council's (SFPC) Calendar. These calendar events are coordinated among the area's recognized clubs and associations so that everyone is not having an event on the same day and diluting an event's attendance. An example was our Chapter's event in January where there were two events that were not on the SFPC calendar happening on the same day as ours. Those events hurt us both in attendance and financially. Normally, we would have had around 400 attending our event but less than 200 turned out. The ABATE Southeast Chapter's events listed on the SFPC calendar are the only funding events that we hold and the monies from which continue our motorcycle safety and legislative biker rights activities. Remember all ABATE members are non-paid volunteers and the only paid person within ABATE of Florida Inc., is our State Lobbyist.

This month's Southeast Chapter meeting was held at the Davie Moose Lodge on February 21st. During the meeting several important issues on the State and Southeast Chapter levels were discussed.

State Level Issues: 1) The State ABATE By-laws amendment for membership dues

increases that was enacted at the December 2015 state meeting (\$30 Annual Dues and \$600 Lifetime) was rescinded due to a parliamentary rules error, therefore, the dues reverted back to what is stated in the current By-laws: \$20 Annual and \$150 Lifetime. Amendments to correct the

parliamentary error were proposed at the February 2016 state meeting and will be voted on at the next state meeting in mid-April 2016. The two proposals offered so far range from

(1) keeping the dues at the current rate and giving all of the revenue to the State Office (currently the Chapters get a percentage) to (2) keeping the \$20 Annual rate and increasing lifetime membership to \$600. There will be more dues amendments to consider before the next State meeting.

2) Vulnerable Road Users Bill SB-332 & HB 253 has passed every committee in the House and is awaiting vote in the Senate where Palm Beach Senator Clemens has submitted an amendment to remove motorcyclists from the list of vulnerable road users!

3) The State ABATE party will be held the second weekend in October, location to be announced. The Annual Spooks and Scoots event was cancelled due to lack of participation.

4) A discussion of the bleak financial status of the State Office was held. At the appropriate time during the State meeting our Southeast Chapter representatives (Crittter, Ratchet, and Harry) presented a check donation in the amount of \$1000 to aid the operation of the State Office.

Southeast Chapter Issues: 1) Members who paid the \$30 Annual dues will be receiving a \$10 refund for overpayment within the very near future.

2) Chapter nominations for officer and trustee positions begin in April and the election is held in June. If any member would like to run for any office, you are encouraged to do so.

3) Rick T-Man Molina was recognized for earning his Motorcycle Safety Instructor certification and patch. As a reminder the Southeast Chapter will provide professional one-hour free safety training to any club, business, or organization. The training is focused on "driver awareness" of motorcycles because a majority of motorcycle accidents involve cars hitting us head-on and/or not seeing the motorcycle. If you or your business would like to have our safety instructors visit you, please contact me or our Safety Director Jim "Gambler" Willard at safety@abatese.us.

ABATE Southeast Chapter members were

out and about this past month visiting clubhouses and events. I had the pleasure of visiting the Kingdom of Brothers MC clubhouse for the first time this past month, and I encourage everyone to stop in and visit their house and say hello. We

were in attendance at Wheels of Man MC 43rd Annual Event which had a very nice turnout. Stopped by on Thursday night at the Scurvy Few MC clubhouse and visited with Gypsy,

On a personal note being the Southeast Chapter President is fun in that I have an opportunity to work for something I believe in "motorcycle safety issues and individual motorcycle rights" and encouraging others to join and support the cause. This position provides me with the opportunity to meet and get to know lots of people and that's the fun part. However, in this position I get to know lots of the Brothers and Sisters who have been injured and even killed on our highways. Having the honor and responsibility to speak at one's memorial service is not a fun part of the job. The past several months there seems to be an up-swing in accidents and deaths and increase in fund-raising activities for those involved. So be careful out there!!

Everyone is invited and encouraged to attend the Southeast Chapter's monthly meetings and events. Currently, the monthly member birthday party is being held after the Chapter meeting. **Our next meeting is March 20th at the Davie Moose Lodge 1798, 4483 SW 64th Ave. Davie, FL at 10 a.m.** Prior to the meeting a breakfast buffet is provided for a nominal fee by the Lodge

MY COSTA RICAN RETIREMENT

By Doob: DoobCR@gmail.com

A recent club ride took us to the 9th. Annual Chili Cook Off in Atenas, a town 40 miles away from S.J. This town is known as having the best year round climate in the world. Temps vary from 72 to 85 deg.days and 60 to 68 deg.at night and this has attracted hundreds of North Americans to settle there. A \$5 entrance fee gets you into the building where 20 contestants set up their chili for you to sample, and then vote for the one you like the best. The U.S. Marine Corp.Leage has taken

top honor for the last two years. The event profits go to a local home for at risk kids. Bands played rock and roll outside in a food court area, and beer

was sold in both areas

Good hot time. On the way home we stopped at a road side bar that set up a SAM/C party for us. Door

prizes of bottles of booze were given to brothers who sang karaoke after downing several beers. Born to be Wild was a winner. We made it home safe but too late to watch the Pro Bowl. Just another day in pussy paradise. Pura Vida. Doob

From there I rode over To Ballers for

GET OUT & VOTE!!!

By Gabe Carrera
Gabriel@AttorneyThatRides.com

PUT DOWN YOUR BEER & VOTE MARCH 15!

March 15, is the Primary for Presidential race so get your lazy ass out there and vote... yes, I said it... GET YOUR LAZY ASS OUT THERE AND VOTE!

I want to let you all know that I am supporting Ted Cruz for President because he is the closest candidate to Ronald Reagan in my opinion. I have been following his career since I moved back from Texas in 2006. He was elected as a Tea Party conservative to stop the

Blue Blood Country Club GOP Establishment that refuse to listen to the base voters because it is sold out to the Chamber of Commerce = BIG BIZ. The Chamber of Coherence only helps big business make more money AT THE EXPENSE OF THIS COUNTRY. I am a capitalist but I love my country first. GOP establishment go along to get along giving Obama what he wants when he wants it. In other words Cruz was sent to Washington by the good people of Texas to provide opposition to the Democrats where the Establishment cut & ran on all major issues like giving Iran \$30 Billion.

ENDORSED FOR PRESIDENT BY:

JACK WELCH DUCK COMMANDER GABE CARRERA GUNNY

GUN RIGHTS ✓ **Ted Cruz** wholly supports the U.S. Constitution especially the 2nd Amendment's Right to Bear Arms! Gun Owners of America have endorsed Ted Cruz for President as well as many Florida gun owners.

TERRORISTS ✓ **Ted Cruz** promises to annihilate Isis & any Radical Islamic Terrorists. He will take-away any American's citizenship that leave to fight with Isis against America!

IMMIGRATION CAUTION ✓ **Ted Cruz** will END Obama's Amnesty on his first day as President. He will build a wall on the Mexican border. Ted will enforce all the Immigration Laws on the books ending Sanctuary Cities.

MILITARY ✓ **Ted Cruz** will untie the hands of the Military to fight the war against America's Enemies. Americans will never see our boys kneeling before our enemies - Ted will back them up 100%!

SYRIA ✓ **Ted Cruz** will stop the Obama Syrian refugee relocation to America, but make other Islamic Countries responsible. He will accept Christian refugees since they are persecuted & killed for their faith by radical Islamic Muslims in Syria.

VOTE FOR TED CRUZ

paid for by a concerned broward county resident

Now you know where my loyalties lie toward the candidate I support. I no longer support Marco Rubio because he changed coats and works and lies for the Establishment GOP that fuck us every turn and every law they make against us. Trump scares me but he is my second choice if Ted can't pull it off. I honestly believe that Rubio will lose Florida because we all know what a POS he is, but again that's my opinion.

I just heard Rush Limbaugh speak on the radio on a topic that is close to my heart. That this 2016 presidential election

is for the continuing existence of the identity of America - the identity of the U.S. established by the founding fathers. What do you mean Gabe? I'm glad you asked. The Democrats have been fighting without rest to establish their socialism. In the words of Rush Limbaugh, "Let me draw you an analogy. It's like Schumer. Whenever they talk about amnesty, they always say, "Don't worry, it's not going to include citizenship." Right. It won't. I believe that, until the next day. After Schumer gets his bill passed that grants amnesty, it won't be long before he finds a camera and microphone and starts talking about the mistake they just made. And it'll be along the lines of compassion. "How could we have overlooked

this," he will say, or something like it.

"We have just voted a system whereby the 12 million who are here can stay. But we're not gonna let them vote? It's outrageous. It's simply outrageous. How could we have forgotten it? These people have been here for who knows how many years, and they have been paying their taxes and they've been working in America, they have joined the military, they've become full-fledged citizens every way except legally, and now we're not gonna let them vote," and that's how that'll happen, and it will be bleeding hearts again. Because at the end of the day what this is - and this is the crux of the issue, and this is why it has been universally opposed by everybody in the Republican Party except for elected Establishment Republicans and the Chamber of Commerce.

Whatever you want to call it, some people now say don't use the word "amnesty" because it has lost its "uoompff"... and it actually has a negative connotation because it's a tired, worn-out word. Whatever works, the objective of the Democrat Party is to take whatever people are in this country illegally and allow them to vote. That's all this is about. Everything else is a smoke screen. It's not about uniting families or keeping them united. It's not about compassion. It's not about economics. It's not about any of it. It's about expanding the Democrat Party voter rolls. It's just a Democrat Party voter regulation program and everybody talks all around it.

I (said Rush Limbaugh) have proven it. I have offered to support every aspect of what they call the Gang of Eight bill or whatever else they call it, amnesty, whatever... I've offered to support it. I've done this in person, not just on the air. I've said, "I will support it if you put in a provision they can't vote for 10 years, 15, 25, 30, a number of years out, but they do not get the right to vote, they can't register to vote for a long time." And nobody's interested. Anybody facing this issue head on knows exactly what this is all about. It's about Democrats voting. The Republicans — here we are hashing out old ground — the Republicans who join this have bought this notion that they can't win without Hispanic votes, can't win the White House without Hispanic votes, and

the only way they can get Hispanic votes is to prove that they don't hate Hispanics. And the only way, they are told, the only way they can prove they don't hate Hispanics is to sign on to amnesty or whatever we're gonna call it now so that the 12 million who are here can all of a sudden become legal and can vote. And after that magic's supposed to happen. Hispanics are supposed say, "You know, these Republicans are pretty nice. You know what, I like these guys now. You know what, I'm gonna abandon the Democrat Party, I'm voting Republican now." That's what we're told is going to happen. Except we know that it won't.

So if somebody comes along and says, "I'm gonna deport 12 million." "Fine. I hear you, and I hope to hell you're telling me the truth, because I support you." "I'm gonna deport 'em. They gotta go." Donald Trump. "They gotta go. I'm gonna build a wall. Who's gonna pay for the wall? Mexico." Right. They're not taking the time to ask if he really means it. They've already decided that he does. It's that important to a lot of people. It's about preserving a distinct American culture which is under assault, which is under siege. And it's being brought to us by the Democrat Party, which is trying to register all kinds of new voters all the time 'cause they need a permanent underclass of people incapable of taking care of themselves, incapable of providing for themselves who will always be counted on to vote Democrat to be taken care of. And under these circumstances, people scratch their heads to this day and cannot understand why a single Republican would ever sign on to this. And if you want to know what happens to Republicans that do, the name is Jeb Bush. A hundred million dollars (it may actually be \$115 million) could not erase the baggage that Jeb Bush was carrying around, that people assumed he was for amnesty. It's that simple. That's what happens. That's where we are.

And we're also back reminding everybody that the establishments of both parties continue to be in denial, and maybe they're not. Maybe they know by now how fully opposed they are and they just got their backs up and they're going, "Well, screw you. We're still gonna get what we want. You're the serfs. We're the elites. We run the show. Screw you. You may have some temporary victories here, but we're gonna get this done no matter how and no matter where, whether you're looking or not, we're gonna get it done." That's their attitude.

Their attitude is not, "You know what? The American people really don't want this. We better modify this." That's not it at all. That doesn't permeate the establishment mind. If you don't support what they want, you have to be taken care of, you have to be defeated, you have to be rendered irrelevant, you have to be cast aside, whatever. It's that polarizing an issue and nothing's changed on it.

I have a little headline for you here.... New York Post. The NY Post is reporting new legislation is being pushed that would give illegal aliens the right to vote in certain New York City elections. "The proposal — which is winning support from the city's black and Hispanic activists — was recently discussed at a Black and Latino Legislative Caucus event in Albany." New York conservatives oppose this attempt to boost the

Democrat Party enrollment. New York State Conservative Party Chairman, Mike Long, threw cold water on the idea. But if this thing were to succeed, here are the numbers. This proposal to grant illegal aliens in New York City the right to vote would result in 1.3 million new voters, noncitizens voting, undocumented. In the 2017 elections, they'd be able to vote for mayor, comptroller, public advocate, borough president, and city council. Just city elections. That's 1.3 million noncitizen residents — about 500,000 of whom are "undocumented" — would be able to vote. That has been proposed in New York City. It's not federal elections, just New York City elections. But it's already underway, you see, folks. So discussions of, "Well, if we make the border secure and then..." No, no. No. We don't have time for any of that. We're on the cusp of losing the country. That's why the anger. That's why the fear.

Daily Caller: "Almost 60% of Democrats Think Socialism Is Great for America." Remember what this is about, now. It's about preserving the original American culture — and make no mistake: It's under siege, and has been for a while, and it's losing. "A clear majority of Democrats believe socialism has a 'positive impact on society,' according to a poll by the American Action Network (AAN). "The political and economic system that wreaks havoc across the world from Venezuela to North Korea is enjoying widespread support in the modern Democratic Party." Socialism is a fraud. It's never worked. But it's seductive. "A telephone poll of 1,000 likely Democratic primary voters found that when capitalism and socialism were polled head to head, socialism won by percentage points, with just 25% of respondents saying they favored capitalism." This is not a poll of college students,

folks. These were likely Democrat primary voters. In other words: The Democrat base. Bernie Sanders and Elizabeth Warren are not the radical fringe the Democrat Party. They represent rank-and-file mainstream Democrats now. That's just one poll. There is yet another poll. This one is a poll fielded by a Republican firm called OnMessage Inc., and it

basically has the same results. It starts out, "Maybe Newsweek was right some time ago, 'We are all socialists now.'"

Democrat voters — every age group, every gender, every race — view socialism favorably, according to the poll. This is within the Democrat Party. I saw on television the other day a woman, a Democrat being

interviewed about this very thing. And the reporter expressed shock. And the Democrat woman (she was in her forties), said, "Why? We have socialism now," and she listed off the things. "We got Medicaid. We have Obamacare," and she listed off all kinds of federal programs that, to her, "We have socialism now, and I like it.

But if you believe in a certain cultural

America, it's under siege. There's nothing to join with on the other side in preserving it. They want to tear it down, transform it, and rebuild it. They have to be defeated. This is why the Republican Party is

worthless. This is why we have to Vote for Ted Cruz in this election. A tried and tested conservative, Ted CRUZ, that never melted under pressure and fights both sides for Gun Rights and keeping Syrian refugees out of America.

On the local scene: It was that time of year for the Dania Beach Antique Motorcycle Show in Frost Park, across from Dania Jai Lai. I have been attending for four years but this year was the BIGGEST event with more bikes and more attendees. The park was overflowing with a diverse crowd... that means more people came that we do not know from our normal drinking wells. There were motorcycles manufactured from all over the world. Its owners paying big bucks to transport those bikes

from overseas for a chance to win a big prize. Claire Frost and Clyde organized this like never before, and to a much higher level. I don't know how they do it but I hope they never stop. If you have not gone to one of their events you're in for a real treat because it is something you only get to enjoy once a year.

Club Action with Jack Jr

Email: JackJrWOTR@gmail.com

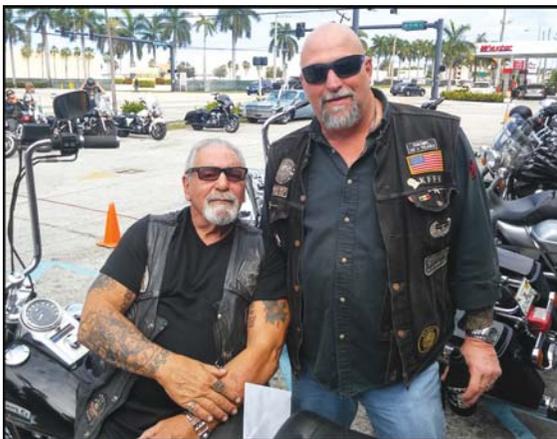

I'm back again for the fourth month. I didn't think I was going to have this kind of a good time writing for Wheels on the Road. It's been a great experience for me. What other job can you have where they tell you to go party, have a good time and hang out with your brothers and take pictures?

So me and Catherine, who is my dad's old lady, went to the Outlaws club house in Dania for their yearly Valentine's Day party. It was a awesome turn out. About 600 people stopped by. They had a good band, good drinks and real good food. I had a couple of refreshments, hung out, and had a good time with family and

friends. If you missed it... it sucks to be you... Make sure you make it next year because this is one great time! It turned out to be a good Valentines Day weekend.

The next weekend, on Saturday the 20th, a couple of brothers and myself rode over to "Baller's" for

Jimmy D 1%er's birthday party. Turned out to be one hell of a blast! I say once again to Jimmy D... Happy Birthday!!!

I have been putting together a ride for myself but my finances don't allow me to buy the newest, latest or greatest Harley stuff, so I have taken to Craig's List and Ebay, but I don't always have good luck. I asked around and was told to check out Bikers Inc., out on SR 84 in Davie. I stopped in last month and was

surprised at the tons of used motorcycle parts and accessories hanging on the walls and ceiling, and all the used bikes on the showroom floor. I talked with Al, the owner, and he said he's got whatever I (or you) might need. I picked up a few things and even talked him into running an ad in WOTR. We lost Antonin Scalia, our 5th Conservative on the Supreme Court, February 13th, so now there are 4 supposedly Conservative Supreme Court Justices. 4 Conservative and 4 Ultra-Liberal Justices in the Supreme Court now not a good thing. If our King obama has his way there will be 5 Liberal Justices appointed to the Supreme Court and I guarantee you the first thing they will go after is the Second Amendment. We in the Biker Community and the Veteran Community will instantly become "OUTLAWS"!! I know for a fact I will be. Our Country is so fucked if

this happens. It's all up to the Senate which I believe has a shit load of RINO's. I say fuck obama and all the Rino's in Congress and the Senate.

On February 7th, Kathy and I rode over, with two of our brothers, to the States MC's (Lake Worth) 17th Annual and even though it was a wee bit chilly it was an outstanding event. I have not been to a States MC event that was ever less than outstanding. The Dirty Skirty and the Kingz Steet bands kept everyone "Hot and Rockin". So much food and drink and so many brothers and sisters to catch up with. The afternoon was so

enjoyable that it just flew by. Sister Sharpie showed us her new ink, it was beautiful with a great 3D effect. Now let me tell you the food was completely awesome, grilled chicken, coleslaw, macaroni salad, potato salad and beans. Kathy found a great deal on Harley

shirts that she just couldn't pass up, taking 3 of them home, and I found a great deal on a Old-School "Getback" Biker Whip. Thanks to all the States MC's for a great afternoon of brotherhood and camaraderie. And thanks to all who braved the chill to support the States MC (Lake Worth). Was an outstanding afternoon with brothers and sisters.

On February 13th, Kathy and I headed down to Clematis St., here in West Palm Beach, to attend the 3rd Annual Iron & Clematis Vintage Motorcycle Festival. We had a good time looking at the many antique and old school bikes from the past. There were Harley's,

Triumph's, Norton's, BMW's, Honda's, Kawasaki's, Suzuki's and many

more. What I don't remember seeing is any BSA's, Moto Guzzi's or Yamaha's. They may have been there but I sure didn't see them. There were a couple of trikes that looked like they would be fun to ride and an old Apache

3100 Chevy truck that I would love to own. My biggest complaint was that the bikes were so close to each other you couldn't see them. They had everything, including vendor's, a stage for the bands, and the Cage of Death, all within a 2 block area. You really couldn't move without bumping into someone or a bike. Taking pictures was a real pain in the ass but I hope

you enjoy the ones I shot.

On the evening of February 14th, Kathy and I met up with our brother Ed at Johnny's Q's to listen to The Rex Vetter Band. Two of our friends are band members... Rich Avallone and Steven Jones. Every time we hear their band they sound better and better. We're talking "Old School" music that

you can actually dance to. Thanks for a very enjoyable evening guys. Johnny Q's in Lake Worth is always a great place to party. On a side note, one vintage bike that I really liked at the bike show the day before was also at Johnny Q's and I got a great shot of it. We hope everyone had a Happy Valentine's Day.

February 21 found Kathy and I attending our SE ABATE Chapter meeting in Davie. Two friends came down from Ft. Pierce to go with us. We had missed the last 2 months because of family matters so it was really good to see all our brothers and sisters and catch up with all that was going on. After our meeting we and our friends Richard May and his wife Rebecca headed

out to Cafe27 where we had a little libation, food and listened to the music. I saw so many wannabe's or just plain stupid riders, in shorts and flip flops... but they did have their doo rag on. I just have to say: Riding in shorts, flip flops, no helmet, no shirt, no goggles or glasses, or any clothing that does not protect you is just plain stupid!!!

Hope to 'CYA' on the road.

Depending on your point of view and your weather preference for riding, February either sucked or you were loving it. Personally, freezing my ass off is not my thing! However, I did manage to fit in a few events. On Sunday January 31st, I went to the Der Krieger MC Annual at Cagney's. Another great riding day and a packed house with great bands.

Deception never disappoints and always rocks, then a special performance by Jasmine Cain... phenomenal!

On Saturday February 6th, I headed over to Chit Chat's for the Rhonda Sykes benefit & fundraiser. I was there early to donate and give my condolences to Bullet and family.

February 7th was the Dice Run & Auto Cross for Big Bike Riders Children's Foundation, so I was back at Chit Chat's early Sunday (Super Bowl Sunday) morning with my trusted friend and helper Ginger Caruso Kocjancic. Sherry and Pat did a wonderful job with a delicious FREE

breakfast for the riders. However, disappointed with the turnout would be an understatement. We all wish (including Ronnie C) we could bring back the police escorted "Smiles Ride"... those were the days!

I'm looking forward to March... riding, events, and getting out to see everyone again, since I pretty much quarantined myself for most of

February with a nasty flu. I wouldn't wish that flu bug on my worst enemy, let alone my friends! However, feeling the need for something to cheer me up... I think they call it retail therapy ;), I found some new riding clothes you ladies might be interested in. The first is an online site called One Bad Bitch

FREDDY'S A1 BARS & BANDS

By Freddy: A1PromotionsGroup@aol.com

I'd like to thank everyone that came out to my birthday party at Cagney's on Jan 30th. There was over 60 Aquarius' on the cake designed by Nancy Olsen, co-owner of Cagney's. Loose Cannons & CRuSH rocked the house with many special guests who jumped on stage from 9PM-3AM. My friend David Fulcher, from Crystal Sculpted Ice, did an ice sculpture then turned it into an ice shot luge. Andrew Singer, from Worldwide Talent, designed The A1 Calabooze Fun Jail which is a "spin the wheel" game to raise money for charities. If you landed on "Go to Jail" it cost you \$5 to get bailed out. When the bail was paid, we bought you a shot from

the luge. Everyone wins! Cagney's was packed inside & out! I started these astrology parties 3 years ago and every month it gets bigger and bigger. The 3rd Annual Aries party is Friday March 25th. If your birth sign is Aries and you want to join us and have your name on the cake, just let me or someone at Cagney's know.

The day after my party it was the Der Krieger MC's Annual at

Cagney's, with 4 great bands: Deception, Petey & The Ravens, Rough Shot and National recording artist Jasmine Cain. The bands kicked ass in front of a packed house, outside and in! It was standing room only. Two days of great food, music and friends... new & old.

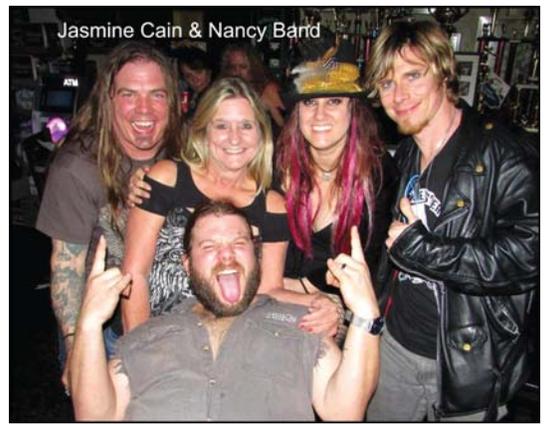

During February I hit many venues and I must say that the talent of the bands that are starting out, and the bands that have been around for years is amazing. Anywhere you go you will be satisfied with the venue you choose and the bands that are playing there.

On Feb 21st I helped one of our WOTR advertisers with their 1st Year Anniversary Party... **Rookie's in Dania**. It was another great day of food, music and friends, with 5 bands: CRuSH, Grid Lock, Trainstorm, The Madric Project and Big Whiskey & The Opium Kings. Congratulations to co-owners Gina Coticchio Rosado

(Poppa Tommy) & Kathie Baker and their great staff on their 1st year! Wishing for many more.

GET READY SOUTH FLORIDA! It's time for THE MARCH MADNESS FUN RUN FOR VETS & PETS to benefit our Veterans & our pets. The event is by Heart Harbor Rescue to benefit four animal rescue organizations... Animal Aid, Beyond Nine Cat Rescue & Heart Harbor Rescue and Paws For Veterans. Heart Harbor Rescue and A1 Promotions, and everyone involved,

is trying to raise funds with 8 fundraisers during the month of March at 8 venues. Paws for Veterans trains a dog facing euthanasia, to become a task trained service dog for a Veteran with

PTSD "Post Traumatic Stress Disorder". The cost to train 1 dog is \$4,000.00. **THE MARCH MADNESS FUN RUN FOR VETS & PETS** is as simple as 1, 2, 3 to win cash prizes in 1st, 2nd & 3rd place! The event is sort of like a poker run but not all in one day! In February we handed out the fun run cards to be stamped at all the venues involved. This card needs to be stamped at 5 to 8 of the locations on the card during March in order to get a poker hand dealt to you at the main event on April 17th, which takes place at America's Backyard in Ft Laud. Each location is doing a fundraiser during March. You can get your card stamped any time of day at each venue all month

Ace has a lot of stories to tell. I'll see if I persuade him to write a little article about himself and his friendship with Phil Peterson, once he gets a chance to relax at his new job... riding and enjoying his life with his new wife and partner, Debbie. But for now I want to wish him all the luck in the world and hope every day is riding weather.

On Feb. 7th, I rode down to Hollywood near the circle to check out the Wheels of Wonder Car, Jeep and Bike Show. 1000's of people were walking around checking it all out. Ronnie C and BBRA had their Blue & Yellow tent set up at the bike show area. Unfortunately there was not a big turnout of bikes, but the ones that were there were pretty tricked out. After listening to music by the "Fabulons", and grabbing a slice of pizza the size of Montana, I trudged 10 long blocks back to the truck and went back to my office to download the photos.

That evening we stopped by Sharkey's Lounge in Margate for his 10th Anniversary party. There was a nice buffet put out for the crowd of about 50. Sharkey was a great host as always. He's one of our good friends and we hope the lounge is around for another 10 years... (us too)

Sharon and I rode over to the Bike Show, at the Deerfield Beach Pioneer Days event Feb 12th, which was presented by the Children's Charity Riders. There were about a dozen really nice bikes and trikes set up right on the middle of the event where thousands of people got to check out the heavy metal. Rick and his crew answered questions all evening about the bikes and the kids charity. As the crowd thinned out, just before the great fireworks show, they gave out the winners trophies. Next year this should be a lot bigger.

On the 14th we attended the Outlaws Valentines Party at their clubhouse. Huge crowds, good food, great music, nice lakeside scenery and a beautiful sunny day, what more could you ask for?

On the 21st we rode to the Johnson Street Festival where Larry's JS Lounge is located. Johnson was blocked off just east of 441 to a few blocks east of JS Lounge. Many vendors were set up in the middle of the street and most of the business owners had a bar, or BBQ or live music, or all three like JS, set up outside. It was a very nice event and next year and make plans to attend next year... and stop by JS for a cold drink any time. Afterwards we rode over to Ballers where the birthday party for Jimmy D 1%'er was in full swing. A few hundred people stopped by and wished him a happy birthday. We had a couple of drinks and listened to the band for a while then stopped by Peterson's North for their Demo Bikes and Stunt Show Weekend. The stunt show by Ill Conduct (www.illconduct.com) was a stunt show like nothing I had seen before. Riding their Harley's around the tight parking area without hitting anyone or themselves (or me) was quite a feat. And when they poured some flammable liquid on the cement, lit it up and rode through the blaze with smoking hot tires... the crowd roared their approval. The fire blacked "P" should be visible for years to come. The party included food and drink, vendors and plenty of sale items. Huck rode down to the South Store's event the following Saturday and told me that there were big crowds and the bikini bike gals were especially cute this year. We have photos from both events of course.

I ended last month's article saying I thought the Der Krieger MC's event was going to be a "Blowout". Yup - it was. I was lucky to find a parking spot that

Don't say we didn't warn you after reading his articles.

Hi Gang!

Well a lot to talk about. The thing that pisses me off the most are the fuking morons who want to vote for bernie sanders. (I NEVER put the names of the turds I don't like in capitol) They are even more brain dead than the shitheads who think hillary clinton would be worth a

shit as President. Then again, all liberals, progressives, communists, socialists or whatever name they are calling themselves these days are a bunch of brain dead aholes living in a dream world that don't exist, never did exist and NEVER WILL exist as long as people are human! They blame all the troubles of the world on things that are just part (the driving parts, I might add) of the human condition. They want to do away with all failure so no one will "feel bad". No more Honor Rolls at schools because the dummies and/or the lazy bastards who don't want to put the effort into making the roll will "feel bad" about not making it. They want kids to never know what losing is. Kids are smart. When they play sports and there is no score, they know who won and who lost.

The schools put courses in that are completely useless towards getting a job when the student graduates. Well, the courses aren't completely useless. The kids who graduate from them leave owing the government a shit load of money! They live with their parents for years after they are out of school. That's why the aholes want bernie so much. He's going (Yeah, Right, Sure) to get them collage educations for free. With him everything's going to be free! Only minor problem with that is all the rest of us are going to be expected and forced to pay for it thru the ass! I truly hope and PRAY Trump gets the Presidency! Not only will he fix a whole lot of things, he will PISS the Libs off to no end! God Bless America!

I've noticed an amazing thing happening here. It seems like the bigger the pups are getting, the more they are eating! LOL .I'm going through a 30 pound bag of dry food a week. At \$57.00 a bag, it sure adds up. They get good stuff, NOT that Walmart Old Roy compressed sawdust crap for \$12.00 a 50 pound bag! How anyone would give that garbage to a living creature is beyond me. The poor dog eats and eats and craps and craps huge piles all because he/she isn't getting the proper nutrition from that crap. Even my vet knows my furbabies are taken super good care of. He ought to... he makes enough money from me taking care of them! He is GOOD though!

I got a lot of new parts for my S-10. I'm going to turn it into a low rider. 3 inch drop front and rear, custom lights, new bumper and valance, new left front fender and as soon as it's ready, an Uncle Willie Custom paint job! The little bastard (4 cylinder) runs great! Gotta get smaller tires because of the drop. It will be a real doll baby when it's finished. Then I have to get a little shit box to run me around town. You know, a daily driver! There shall be no heaven on Earth! God said it and I BELIEVE IT!

Anyway, have a great month and VERY IMPORTANT... Don't vote for bernie or that hag!!

SYMBOLISM OVER SUBSTANCE

No matter where you look or what you see or hear, some people are trying to make things seem better or different than what they really are. That is the tactic of putting "symbolism" over "substance".

We see it used everyday, especially in the area of politics. A good example is the announcement that President Obama is going to cut \$18 billion from the budget. On the surface, that seems like a very substantial amount of savings (I'm not against cutting waste, in fact, I favor it), but this amount is but 1/2 of 1% of the total budget he has proposed, which numbers over a trillion dollars of spending. He has hailed it as a major happening, implying that he is on top of extravagant, wasteful government spending. If you believe that, than I have a bridge in Brooklyn I'd like to sell you! That's symbolism over substance, pure and simple.

Another example of using symbolism over substance, is in the area of climate change or environmental ecology. Some sanctimonious "Greens" and "Earth Firster's" etc., proclaim that they are cutting back on emitting carbon dioxide by driving a hybrid car, and then driving it back home to their multi-million dollar mansions that consumes electric at 20 times the rate of the average homeowner. Al Gore, the global warming guru, fits into this category of using symbolism over substance. He claims that since the icecaps are melting it will cause massive flooding along the coasts, but within the past few years he has built a large house near the Pacific ocean. I guess he should heed his own warning. But alas, he seems to be part of the fraternity of those that say, "Do as I say, not as I do". Some might label that as hypocrisy at its worst. And it is! He should have gotten the Nobel Prize for duplicity.

Symbolism is used by both political parties to further their agendas, but the substance of what they propose is vague and sometimes non-existent. The "pandering" politicians will tell the citizens what they think the people want to hear, in hopes that the words will move them to vote for him/her on election day. Unfortunately, it must work, otherwise they wouldn't indulge in the practice.

Take the euphemistic acronym EFCA – "Employee Free Choice Act" – which implies that workers at a company will be getting a "free

choice" to choose or not to choose their collective bargaining representative. There's nothing "free" about it. If passed by the Congress and signed by the President, it will deprive the worker of his right to choose his bargaining representative by "secret ballot", which is one of the foundations of our representative republic. The proponents of this bill, the unions and the legislators who are beholden to the unions, never tell you that. That's symbolism over substance, and deceitful to boot.

The whole debacle over Obamacare was a good example of how politicians can manipulate the citizenry into believing

something that wasn't true. Obama and his minions told us you could keep your health plan, you could keep your doctor, and that a family of four would save \$2,500 a year on insurance premiums. All LIES, and a good example of symbolism over substance.

Don't be fooled by the "snake oil" charlatans who think we are all deaf and dumb fools - let's reverse it and put substance over symbolism - that's the American way, or the way it should be. Don't you agree?

TRACKSIDE WITH CHUCK

KillerInstinctPhotos@gmail.com

My first stop of the month was one of my all-time favorite races of the year, the annual "Lights Out" race held at South Georgia Motorsports Park in Adel, Georgia. This race caters to "small-tire" and drag radial racers from all over the country. This race, hands down, draws the biggest crowds I have ever seen at any race I have ever been too. There were racers from as far west as California to as far north as New York and almost everywhere in between. This race also had the largest single winning purse I have ever seen at a single race. The winner of the Radial Vs. The World class took home over \$50,000. This event is

the brain child of Donald Long, aka Duck. His company, Duck X Promotions, puts on two races a year at South Georgia Motorsports Park, Lights Out and September to Remember. The weather was perfect for

racing and it was the first time in a very long time where the event didn't get rained out. All classes ran all the way through the finals.

There were multiple classes with Radial Vs. The World being the fastest of the group. This class has only one rule, a drag radial style tire. Besides that you can bring and run anything you want. They give weight breaks based on the type of engine you are running and the power added you are running. Besides that you can throw the kitchen sink and your neighbor's kitchen sink at it and run it. These cars are producing in excess of 3,500 horsepower and are covering the 1/8 mile in less than 4 seconds at 200+ mph. The impressive part is that they are running a hard sidewall radial type tire as opposed to a slick with a soft side wall. One of the other fan favorite classes was the X275 class which only allows a 27.5 tall tire and no wheelie bars. These are stock-type suspension cars and some of them are producing horsepower numbers in the 1,500+ range. These cars are impressive because of the no wheelie bar rule. They are bumper dragging, oil pan ripping rockets that run in the mid 4 second range in the 1/8 mile at over 160 mph.

The crowd was a record one causing the Georgia State Police to shut down both exits off of I-75 not allowing any more people to enter. They made people park their cars across the street in a cow pasture because they could not hold any more cars inside the track facility. There were in excess of 40,000 spectators, which doesn't include the racers themselves. The entire event was streamed live on the internet with over 3.4 million total people watching for the weekend with 28.7 million minutes of video consumed. They streamed over 55 hours of racing coverage to 187 countries across the world. To say this race was impressive was an understatement. Radial racing is the newest craze in drag racing and Duck is doing a damn good job at promoting the hell of it as the numbers speak for themselves.

On Sunday, the winners of each class were presented with trophies and

of course, checks. The final round of Radial Vs. The World was one for the record books. Fan favorite Stevie "Fast" Jackson of Georgia was the fan favorite all weekend qualifying 2nd in his blown fox body Mustang owned by Don Schumacher Racing's Top Fuel Dragster crew chief Phil Schuler. Jackson had to race Keith Barry, also of Georgia, who was driving his all black twin-turboed

Corvette. Keith was also another fan favorite but a large majority of fans had their money on Jackson. Once the tree dropped, Barry had a holeshot on Jackson and that's all it took as Barry crossed the finish line

with a winning but slower ET. It was one hell of a drag race and an excellent way to end the weekend.

It was one hell of a drag race and an excellent way to end the weekend.

I would like to personally congratulate all of the class winners, runner-ups, competitors, promoters and track staff. Very few people know what it takes to get a race car to the track and even fewer people know what it takes to put a race like this on. I am not one of those few but I could only imagine, so my hat goes off to all of those involved that helped make this weekend successful and safe for everyone that attended.

Once I made it home from Georgia I had one night to recuperate and relax. This gave me a chance to reload my batteries, download some pictures and get some rest before I loaded back up Monday morning and headed to Palm Beach International Raceway to cover some pro mods. There was a private track rental held for about 15 pro mod drivers who are in preparation for the NHRA Gatornationals in Gainesville the weekend of March 18, 19 and 20. This was a cool event because there was a little bit of everything at the track, from twin turbo cars to roots blown Hemi's to a couple screw blown Hemi's, who were testing for the upcoming PDRA season opener in Tulsa, Oklahoma the weekend before the NHRA Gatornationals. These pro mod racers were out there making lap after lap trying to get any and all bugs worked out of their combinations before time runs out and testing is over. The pro mod class in the NHRA is

one of the most competitive classes the NHRA hosts with a full class at every single national event, no matter where they are. This is one of the only NHRA classes that fills to capacity months

in advanced with over 30 cars at each event battling for 16 spots. So needless to say, being on your "A" game is something that has to be done.

Drag racing has always been a passion for me and being able to capture my passion with my photographs has become a dream come true. It is truly an honor to be invited to photograph all of these events and to be a part of them. It is very time consuming but that one shot is what keeps pushing me to make it to the next event. I hope you guys enjoy everything and until next time guys, stay safe. Killer Chuck

wasn't 2 miles away. Maybe 500 or more were in attendance throughout the afternoon. And music by Jasmine Cain was terrific as was the music by Deception who warmed up the crowd for Jasmine. Cagney's is always a good choice for a MC event as long as you give Mark and Nancy plenty of advance notice so they can get all the legal crap done. A club party like the Der Krieger MC held has a big stage (and sound system) set up outside, there is a big tent in case of rain or to just stay out of the sun, other smaller vendor tents and a camper or two... and of course the beer and food area's. A Cagney's event can take up a lot of parking spots in the shopping center, so check with Mark and Nancy for your next event. (Cagney's 7th Anniversary Party is April 10th so put that on your calendar as well)

Check out page 33 for all the up coming events during March and April. There are flyers scattered throughout the mag so don't skip a page. The index is on page 10 by the way.

Santa Ed wanted the biker community to know that after reading his "Naughty & Nice List" in last months issue, management from Flannigan's and Bokamper's called him and they want a sit down with him about coming on board and getting a "Great Elves" rating instead of a Lump of Coal... These past 8 years have been rough on the economy and the advertisers as well. A few local advertisers went from running full page ads to running no ads because they say they have no money... some can't even afford a business card. It has been very tough on all businesses for quite a while. Unfortunately, WOTR is also a business and it costs a lot to publish. I have printing costs, insurance (vehicle, business, liability, health, etc.) office expenses (rent, utilities, more insurance) delivery and postage, and that is not mentioning regular personal payments, mortgage, insurance (more), food, utilities... (you have these as well). And I do not run this business from home... I have a regular office out in Sunrise.

So I am at a crossroads. I want to keep WOTR in print (A website only does not work as Contos and others can attest to). Unless I get a minimum of 8 pages of new ads (which I don't see happening until the economy does a massive turnaround or Obama goes back to Kenya) WOTR's days in print are numbered... **unless you start paying for what you need and read.** If every one of you donates just \$5, with approximately 20,000 potential readers worldwide I would be able to keep this in print until at least the end of the year. Realistically, I don't see 20,000 readers sending \$5 (or anything at all) but I should be able to receive \$5 (or more) from all the local readers who pick up and read WOTR each month. On average that would be 6,000 - 8,000 readers, depending on my monthly printing quantity. More during the big bike events, less in the summer. There are also other VIP options on page 14

So I leave it up to you, the readers. "Will you be keeping Wheels on the Road... or not?"
